	<i>List of abbreviations</i>	xviii
1	THE EVOLVING EUROPEAN BUSINESS ENVIRONMENT	1
	The changing European business model	2
	Internal influences on the European business environment: themes and features of economic integration	3
	The business environment and European integration	9
	Economic integration and the international business environment	12
	The emergence of the concept of globalisation	14
	The globalisation backlash	15
	Implications of growing economic interdependence: a scenario approach	16
	Conclusion	20
2	THE EVOLUTION OF THE EU AND ITS INSTITUTIONS	23
	Emergence of the European Economic Community (EEC)	23
	The Treaty of Rome to the first enlargement	26
	Political stagnation and economic sclerosis	27
	Renewed vitality: from the Single European Act to the Treaty on European Union	28
	The Maastricht backlash to Amsterdam	32
	Institutions of the European Union	35
	Challenges for the next century	46
3	THE SINGLE EUROPEAN MARKET: ASSESSING AND EXTENDING ITS IMPACT	48
	European business and the single market	48
	The initial SEM programme: intentions and objectives	50
	The commercial effects of the initial SEM programme	51
	The impact upon manufacturing	52
	The impact upon services	54
	Developing the SEM	58
	The External dimension of the SEM	61
	Conclusion	62

4	TAXATION AND THE EUROPEAN BUSINESS ENVIRONMENT: THEMES AND ISSUES	65
	The economic importance of taxation	65
	The harmonisation issue: the theme for integration	66
	Indirect tax harmonisation: the challenge of the SEM	69
	The rise of direct tax harmonisation	74
	Fiscal federalism: a necessary response to EMU?	76
	The evolving concerns of Europe's taxation strategy	77
	Taxation and the globalisation process	78
	Conclusion	80
5	EUROPEAN INDUSTRIAL POLICY: MEETING THE CHALLENGES OF INTERNATIONAL COMPETITIVENESS	82
	The nature of industrial policy and international competitiveness	82
	The role of national industrial policies in an integrating European economy	84
	The evolving supranational policy: themes and issues	86
	European solutions to growing international competition	89
	The importance of management practices	95
	International collaboration in industrial policy	96
	Conclusion	98
6	EU COMPETITION POLICY: COMPLEMENTING THE INTERNATIONALISATION OF BUSINESS	99
	The basis and form of EU competition policy	99
	The core features of EU competition policy	101
	Competition policy and the process of integration	103
	The international dimension of EU competition policy	107
	The links between trade and competition policies	112
	Conclusion	114
7	REGIONAL POLICY: PROMOTING EVEN DEVELOPMENT FOR EUROPEAN BUSINESS	115
	The nature of Europe's regional problem	115
	The rationale for regional policy	118
	Evolution of EU regional policy	120
	Regional policy and the Structural Funds after 1999	126
	Links between social and economic cohesion and other EU policies	129
	Conclusion	133
8	EUROPEAN ENTERPRISE POLICY: REALISING THE POTENTIAL OF SMALL AND MEDIUM-SIZED ENTERPRISES	135
	The evolution of Europe's enterprise policy	136
	The emerging challenges for Europe's SMEs: the internationalisation of markets	138
	The impact of the Single European Market	140
	Towards an integrated policy for SMEs	141
	Co-operation between SMEs	145
	The increasing importance of ICTs for SMEs	146
	Policy issues for SMEs: limits and impediments to policy success	147
	Conclusion	150

9	TRANS-EUROPEAN NETWORKS: BUSINESS AND THE EMERGING NETWORK ECONOMY	152
	The commercial importance of network infrastructure	153
	The emergence of trans-european networks	154
	The network sectors: generic themes and policies	156
	The financing of trans-european networks	158
	Further issues in the development of TENs	164
	The external dimension of trans-european networks	165
	Progress towards TENs	166
	Conclusion	167
10	TRANSPORT POLICY: TOWARDS EFFICIENT AND EFFECTIVE MOBILITY	169
	The importance of transport to European business	170
	Evolution of the Common Transport Policy	171
	Developing the CTP: the case of road haulage	175
	Developing the CTP: the case of airlines	181
	Conclusion: the future of the CTP	185
11	ENERGY POLICY: DEVELOPING COMPETITIVE, CLEAN AND SECURE ENERGY SUPPLIES FOR BUSINESS	188
	The member state–EU energy policy interface	189
	The competition pillar (the internal energy market)	191
	The environment pillar	197
	The security of supply pillar (the international dimension)	199
	Interaction between pillars	202
	Conclusion: corporate responses to EU energy policy	203
12	THE EUROPEAN INFORMATION SOCIETY: STIMULATING THE INFORMATION REVOLUTION FOR BUSINESS	208
	The information revolution and international competitiveness	209
	The European information society: generic themes and strategy	212
	Developing a European information industry	214
	Spreading the relevance of the information society	219
	Challenges for the information society	219
	Complementary initiatives: national and global actions	224
	Conclusion	225
13	EUROPEAN LABOUR MARKETS: A FLEXIBLE RESPONSE FOR EUROPEAN BUSINESS	227
	Approaches to labour market flexibility	228
	Trends in EU labour markets	230
	Evolution of EU labour market policy	233
	Amsterdam and beyond	242
	Conclusion	247
14	ENVIRONMENT POLICY: A GREEN LIGHT FOR COMPETITIVENESS?	250
	Environment policy and competitiveness: costs versus ecological modernisation	251
	Evolution of EU environment policy	253

	The expanding range of environment policy	256
	Economic instruments: the case of environment taxes	261
	The international dimension of environment policy	266
	Conclusion: the corporate sector and environment policy	267
15	CENTRAL AND EASTERN EUROPE – TRANSITION TO A STABLE BUSINESS ENVIRONMENT	
	The legacy of the past	270
	Rapprochement between east and west Europe	272
	The enlargement triangle	274
	The pre-accession strategy	275
	Progress in Central and Eastern Europe	277
	Implications for the European Union	283
	Conclusion: corporate opportunities and responses	286
16	ECONOMIC AND MONETARY UNION: THE CHALLENGES FOR THE EUROPEAN BUSINESS ENVIRONMENT	
	EMU and the European business environment	291
	Sustaining convergence	292
	The transition to EMU	296
	The impact upon business operations and functions	297
	The impact upon business operations and functions	298
	The external implications of EMU	298
	The impact of the Euro upon the broader international environment	303
	Conclusion	305
		307
17	EUROPEAN BUSINESS IN A GLOBAL CONTEXT	
	Opening markets for European business	309
	The EU as a global economic actor	310
	The EU as a global economic actor	312
	Principles and instruments of EU trade policy	315
	Preferential agreements	320
	The European Union and its international obligations	329
	Conclusion	332
18	EUROPEAN BUSINESS POLICY AND ITS CHANGING ENVIRONMENT	
	The national level	334
	The European level	335
	The European level	336
	The global level	338
	Conclusion	340
	<i>Index</i>	341

FIGURES

1.1	The stages and internal dynamism of economic integration	6
1.2	The nature of the integration process	7
1.3	Fragmentation–globalisation continuum	17
3.1	Mergers and acquisitions in the EU (by sector)	50
3.2	Intra- and extra-EU imports	62
3.3	EU FDI flows (% of total within developed states)	63
4.1	The strategy for indirect tax harmonisation	70
4.2	Corporation tax differentials in the EU	76
6.1	The evolving case load of EU competition policy	103
7.1	GDP per capita by region (highs and lows within member states)	118
7.2	1994–99 Structural Fund spending by objective	124
7.3	1994–99 Structural Fund spending by member state (ECUm at 1994 prices)	125
9.1	The integration of national infrastructures	155
11.1	EU primary energy supply–demand balance, 1990–2020 (mtoe)	200
12.1	The importance of ICTs to worldwide competitiveness	209
15.1	Interdependence of transition, entrepreneurship and enlargement	275
15.2	Real GDP growth in first wave applicants	279
15.3	Real GDP growth in second wave applicants	279
17.1	The EMP dynamics	323

TABLES

1.1	Forms of economic integration	5
1.2	Typical business challenges and opportunities from integration	10
1.3	Ranking of countries and companies by GNP and total sales (\$ billion)	13
1.4	Typical business challenges and opportunities from 'ideal type' globalisation	15
2.1	Weighting of votes under qualified majority voting	39
2.2	Composition of the European Parliament by political grouping and by member state, 1998	41
3.1	Total mergers and acquisitions in the EU (% by nationality of partners)	52
3.2	Changes in concentration in EU manufacturing	54
3.3	Non-implementation of SEM rules, 2 February 1999 (%)	60
4.1	VAT rates in EU member states, 1 January 1998	71
5.1	Promoting structural adjustment	89
5.2	Sectoral support from the EU	92
6.1	EU/US competition policy notifications	109
7.1	GDP per capita (EU(15) =100), at current prices and in PPS	117
7.2	GDP per capita by region (EU(15) =100) (highs and lows within member states)	117
8.1	Main indicators of SMEs and LSEs	136
8.2	Impact of internationalisation upon mean SME turnover growth and employment	139
8.3	The framework for the integrated SME programme	143
8.4	Key aspects of the integrated programme	143
8.5	Typical policy initiatives to support the internationalisation of SMEs	144
10.1	EU logistics costs as a % of revenue by sector	170
10.2	Average annual growth rates of the main transport modes in EU member states, 1970-94 (% change)	174
10.3	Share of member states in cross-border road haulage, EU (12) (%)	178
10.4	International cost price changes in international transport journeys over 1,000 km as a result of SEM measures (% change)	180
11.1	1997 EU energy import dependency by fuel	200
12.1	Basic information society indicators	210
13.1	Evolution of unemployment rates by member states, 1970-98 (% of labour force)	230

13.2	Feminisation of Europe's labour force	232
13.3	Trade union membership as a % of wage and salary earners	233
13.4	Indirect costs as a % of labour costs in industry	241
14.1	Overview of EU environment taxes and charges (Oct. 1996)	265
15.1	Projected level of real GDP of EU applicants in 1997 (1989 = 100)	280
15.2	1997 transition indicators in applicant countries	281
15.3	GDP per capita in PPS	283
15.4	Foreign direct investment in Central and Eastern Europe	287
16.1	The costs and benefits of EMU	294
16.2	EMU changeover timetable	297
16.3	Business functions and EMU	300
17.1	World's top 20 merchandise traders in 1997, excluding intra-EU trade	312
17.2	World's top 20 traders in commercial services, 1997	313
17.3	Extra-EU export and import shares by main trading partners, 1960-96 (%)	314
17.4	Extra-EU import and export shares by product (%)	315
17.5	Portrait of FDI	316
17.6	1997 trade between the EU and the Mediterranean (12)	323
17.7	1996 EU trade with the US as a share of extra-EU trade, by product (%)	325

BOXES

2.1	Milestones in European integration	24
2.2	Key features of the Single European Act	28
2.3	Key features of the Maastricht Treaty	30
2.4	Key features of the Amsterdam Treaty	33
2.5	Types of EU legislation	38
2.6	Other European institutions	39
2.7	Landmark ECJ decisions	45
3.1	The barriers to be removed	50
4.1	The Treaties and tax harmonisation	67
5.1	Title XIII: Industry	88
5.2	Benchmarking the competitiveness of EU industry	91
6.1	EU competition policy instruments	101
7.1	Milestones in EU regional policy	120
7.2	1994–99 Structural Fund objectives and their role in business development	122
7.3	1994–99 Community initiatives	125
7.4	Proposed new Structural Fund objectives	127
7.5	Examples of TENs-related Structural Fund spending	131
8.1	Definition of small and medium-sized enterprises	137
9.1	Features of the networks	152
9.2	The historic role of infrastructure in European economic development	153
9.3	Title XII: trans-European Networks	154
10.1	Milestones in the Common Transport Policy	172
10.2	Key transport terms	173
11.1	Status report on the liberalisation of electricity in member states, 1998	189
11.2	Milestones in EU energy policy	191
11.3	Application of Treaty and SEM provisions to European energy markets	192
11.4	Main features of the Electricity Directive	196
11.5	EU energy diplomacy	201
12.1	The common information area	211
13.1	Key labour market concepts	229
13.2	Social policy provisions of the Treaty of Rome	233
13.3	Milestones in EU labour market policy	234
13.4	Key features of the Social Charter	236

13.5	Social and employment initiatives in the Amsterdam Treaty	243
14.1	The European environment industry	251
14.2	Milestones in EU environment policy	253
14.3	Key environment policy principles	254
14.4	Range of EU environment measures	257
14.5	The Fifth Environmental Action Programme (1992–2000): Towards Sustainability	258
14.6	EU attempts to introduce environment taxes	261
15.1	Milestones in the EU–CEE relationship	272
15.2	Enlargement, EU policies and the implications for business	284
16.1	Historical progress towards EMU	292
16.2	The pre-requisite for EMU: the process of convergence	295
17.1	Main EU preferential agreements	321
17.2	Main Uruguay Round outcomes	330

CASE STUDIES

3.1	The impact of the SEM upon manufacturing: the case of chemicals	56
3.2	The impact of the SEM upon services: the case of insurance	57
4.1	Challenging tax differentials: the response of UK retailers	73
5.1	The Fifth Framework Programme	93
5.2	Developing European champions: a strategy for the EU aerospace industry	96
6.1	Undermining competition policy: state aid to Europe's airlines	105
6.2	The internationalisation of EU competition policy: the Boeing/McDonnell-Douglas case	111
8.1	Internationalising SMEs: 'a global marketplace for SMEs'	147
9.1	Private finance in infrastructure: the case of Eurotunnel	162
10.1	Single market measures in the road haulage sector	175
10.2	Strategic airline alliances	183
11.1	The EU's climate change strategy	198
11.2	Post-privatisation restructuring in the UK electricity supply industry	204
12.1	European telecommunication alliances	216
12.2	Stimulating electronic commerce within the EU	220
13.1	The Working Time Directive	238
14.1	BASF and the environment	267
15.1	The General Electric-Tungsum experience	288
16.1	Preparing for EMU: the case of Siemens	301
16.2	Opting out of EMU: the case of the UK	304
17.1	The Trade Barriers Regulation in action	319
17.2	Trade dispute: extra-territoriality and the Helms-Burton and D'Amato Acts	328
