ENDOCRINE HYPERTENSION

Editors
KAREL PACAK AND GRAEHE EISENHOFER

This volume is the result of the First International Workshop on Endocrine Hypertension presented by the Pediatric and Reproductive Endocrinology Branch, National Institute of Child Health and Human Development and the Office of Rare Diseases, National Institutes of Health, and held on November 16, 2001 in Bethesda, Maryland.

CONTENTS

Preface. By KAREL PACAK AND GRAEHE EISENHOFER .................... vii

Part 1. Pheochromocytoma

Pheochromocytoma: An Approach to Antihypertensive Management. By EMMANUEL L. BRAVO ............................................................ 1

New Insights into the Genetics of Familial Chromaffin Cell Tumors. By CHRISTIAN A. KOCH, ALEXANDER O. VORTMEYER, ZHENGPING ZHUANG, FREDERIEKE M. BROUWERS, AND KAREL PACAK ............. 11

New Advances in the Biochemical Diagnosis of Pheochromocytoma: Moving beyond Catecholamines. By JACQUES W.M. LENDERS, KAREL PACAK, AND GRAEHE EISENHOFER ........................................... 29

New Therapeutic and Surgical Approaches for Sporadic and Hereditary Pheochromocytoma. By MCCLELLAN M. WALTHER ......................... 41

Radiopharmaceutical Treatment of Pheochromocytomas. By JAMES C. SISSON ................................................................. 54

Part 2. Hyperaldosteronism/Mineralocorticoid Excess

Primary Aldosteronism: Management Issues. By WILLIAM F. YOUNG, JR. .......................... 61

New Genetic Insights in Familial Hyperaldosteronism. By RICHARD V. JACKSON, ANTHONY LAFFERTY, DAVID J. TORPY, AND CONSTANTINE STRATAKIS .................................................. 77

The Pathophysiology of Aldosterone in the Cardiovascular System. By RICARDO ROCHA AND JOHN W. FUNDER .................................. 89
Part 3. Cushing’s Syndrome

Familial/Sporadic Glucocorticoid Resistance Syndrome and Hypertension. By TOMOSHIGE KINO, ALESSANDRA VOTTERO, EVANGELIA CHARMANDARI, AND GEORGE P. CHROUSOS ........... 101

Diagnostic Tests for Cushing’s Syndrome. By LYNNETTE K. NIEMAN .......... 112

The Medical Management of Cushing’s Syndrome. By DAMIAN MORRIS AND ASHLEY GROSSMAN ............................................................. 119

Association of Hypertension and Hypokalemia with Cushing’s Syndrome Caused by Ectopic ACTH Secretion: A Series of 58 Cases. By DAVID J. TORPY, NANCY MULLEN, IOANNIS ILIAS, AND LYNNETTE K. NIEMAN .................................................. 134

Part 4. Endocrine Hypertension in Children

Hypertension in Congenital Adrenal Hyperplasia and Apparent Mineralocorticoid Excess. By MARIA I. NEW ......................... 145

The Diagnosis and Management of Endocrine Tumors Causing Hypertension in Children. By KURT D. NEWMAN AND TODD PONSKY ........................................................................ 155

Part 5. Novel Methods of Localization and Treatment of Endocrine Tumors Causing Hypertension

The Role of PET in Localization of Neuroendocrine and Adrenocortical Tumors. By BARBRO ERIKSSON, MATS BERGSTROM, ANDERS SUNDIN, CLAES JUHLIN, HAKAN ORLEFORS, KJELL OBERG, AND BENGT LANGSTRÖM ........................................................................ 159

Diagnostic Localization of Pheochromocytoma: The Coming of Age of Positron Emission Tomography. By KAREL PACAK, GRAEME EISENHEFER, JORGE A. CARRASQUILLO, CLARA C. CHEN, MILLIE WHATLEY, AND DAVID S. GOLDSTEIN ..................................................... 170

Genomic Medicine: Exploring the Basis of a New Approach to Endocrine Hypertension. By SALVATORE ALESCI, GEORGE P. CHROUSOS, AND KAREL PACAK ................................................................................................................... 177

Index of Contributors ..................................................................... 193

Financial assistance was received from:

• OFFICE OF RARE DISEASES, NIH
• NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT, NIH
