Section A  The Meaning and Subject Area of International Marketing  

1 Internationalization Tendencies in Business  
   The macroeconomic dimension of internationalization  
   The microeconomic dimension of internationalization  
   Internationalization and small and medium-sized enterprises  
   Saturation tendencies and international trade relations  
   Changes in cost-structure  

2 International Marketing as a Co-ordinative Task  
   The classic understanding of international marketing  
   Characteristics of international marketing  
   Co-ordination in the context of international marketing operations  
   Defining and delineating international marketing  

3 Case Study: Fillkar Electric AG  
   Background to Fillkar Electric  
   Future plans at Fillkar Electric  
   The competition  
   The tasks facing them  

Section B  Market Entry Strategies in International Marketing: ‘Going International’  

4 The Market Selection Decision  
   Evaluating country markets  
   Selection of country markets
List of Figures

1.1 Development of the world’s gross domestic products and exports  3
1.2 Share of world trade accruing to North America, Europe and South East Asia, 1999  4
1.3 Caricature of the impact of globalization on employment  5
1.4 Development of the number of employees of the German company, Henkel KGaA working outside Germany  8
1.5 Production cost comparison for one yard of cloth between Germany and India  10
1.6 The largest textile firms, 1992 (in billions of €)  11
2.1 Selected definitions of the concept of international marketing  14
2.2 Co-ordination tasks of international enterprises  22
2.3 Systematization of the problems of cross-border marketing  25
2.4 Production facilities for the Fiat Palio  30
2.5 Regional distribution of A340 orders  35
2.6 The competitive situation of an international enterprise  43
2.7 The network of competitors in the automotive industry  44
2.8 Global airline alliances, April 2002  47
2.9 Interdependence and co-ordination in international marketing  48
2.10 The impact of market integration  50
2.11 Positioning the tasks in international marketing  53
2.12 Negotiation training as an example of multinational marketing activities  54
3.1 Functional principles of UPSs  58
3.2 Different types of large UPSs  60
3.3 Fillkar’s sales regions in Germany  62
B.1 Interdependencies when entering one or more country markets  78
4.1 Typology of target markets  82
4.2 Development of the automobile market in Asia  83
4.3 Dependence of market-attractiveness dimensions on enterprise size  84
4.4 Aircraft orders from Boeing and Airbus since 1974  88
4.5 Product portfolio of Boeing and Airbus after the introduction of the A380  89
4.6 Reciprocal cultural distance of managers from four countries 90
4.7 Country risks having an impact on international companies 92
4.8 Systemization of concepts for evaluating country risks 93
4.9 Empirical evaluation of alternative internationalization barriers by medium-sized firms 94
4.10 Examples of the influence of interdependency on market attractiveness and market barriers 95
4.11 Phases in the market selection process 98
4.12 Example of evaluating the country markets 101
4.13 Example of quadratic Euclidean distances 103
4.14 Remaining process of merger 104
4.15 Example of determining the number of clusters according to the elbow criterion 105
5.1 The waterfall strategy 111
5.2 Product life cycles in individual country markets 113
5.3 Comparative turnover between waterfall strategy and simultaneous introduction 114
5.4 Price differentials and market introduction timing 115
5.5 Example of determining the marginal revenue with a parallel marketing introduction 117
5.6 The shower strategy 119
5.7 Systematization of alternative organizational forms for foreign business 122
5.8 Capital participation of EdF in other European power-supply concerns 127
5.9 Equity participation of DTAG and Telecom Italia in Europe 129
5.10 Forms of market entry and the situational context 131
5.11 International use of Internet hosting, 1991–2000 135
5.12 Applying the Internet in international marketing 136
5.13 Geographical distribution of Internet hosts in various country markets 139
5.14 Temporal and product structure elements of product policy 147
5.15 Product components 147
5.16 Functions of packaging 150
5.17 Differing product names in various country markets 153
5.18 Examples of international product logos 154
5.19 Coca-Cola product logos 154
5.20 Imitations of the ‘Pattex’ product design 155
5.21 Standardized logos and different brand names of Langnese-Iglo GmbH 156
