# Contents

*List of contributors*  
*Foreword  Emerging frontiers in the bioarchaeology of Southeast Asia*  
**CLARK SPENCER LARSEN**  
*Preface*  

1. Introduction: Southeast Asian bioarchaeology past and present  
**NANCY TAYLES AND MARC OXENHAM**  

## Part I  Morphological diversity, evolution and population relationships  

2. The population history of Southeast Asia viewed from morphometric analyses of human skeletal and dental remains  
**HIROFUMI MATSUMURA**  

3. A multivariate craniometric study of the prehistoric and modern inhabitants of Southeast Asia, East Asia and surrounding regions: a human kaleidoscope?  
**MICHAEL PIETRUSEWSKY**  

4. Interpretation of craniofacial variation and diversification of East and Southeast Asians  
**TSUNEHIKO HANIHARA**  

5. New perspectives on the peopling of Southeast and East Asia during the late upper Pleistocene  
**FABRICE DEMETER**  

6. Human variation and evolution in Holocene Peninsular Malaysia  
**DAVID BULBECK AND ADAM LAUER**  

7. Dentition of the Batak people of Palawan Island, the Philippines: Southeast Asian Negrito origins  
**CHRISTY G. TURNER II AND JAMES F. EDER**
## Part II  Health, disease and quality of life

8  Subsistence change and dental health in the people of Non Nok Tha, northeast Thailand  
   Michele Toomay Douglas  
   191

9  Human biology from the bronze age to the iron age in the Mun River valley of northeast Thailand  
   Kate Domett and Nancy Tayles  
   220

10 Palaeodietary change among pre-state metal age societies in northeast Thailand: a study using bone stable isotopes  
   Christopher A. King and Lynette Norr  
   241

11 The oral health consequences of the adoption and intensification of agriculture in Southeast Asia  
   Marc Oxenham, Nguyen Lan Cuong and Nguyen Kim Thuy  
   263

12 Cranial lesions on the late Pleistocene Indonesian *Homo erectus* Ngandong 7  
   Etty Indriati  
   290

13 ‘The predators within’: investigating the relationship between malaria and health in the prehistoric Pacific Islands  
   Hallie R. Buckley  
   309

## Part III  Conclusions

14 Synthesising Southeast Asian population history and palaeohealth  
   Marc Oxenham and Nancy Tayles  
   335
