Preface

I Overview

II Cross-Country Experience with Recent Sovereign Debt Restructurings

   Initial Conditions
   The Scope and Outcome of Sovereign Debt Restructuring with the Private Sector
   Debt Dynamics Around the Time of Restructuring

III Sovereign Debt Restructuring and Debt Sustainability

   Criteria for Assessing Debt Sustainability
   The Current Debt Level and Related Vulnerabilities
   Vulnerabilities Stemming from Liquidity Needs
   Medium-Term Debt-Related Vulnerabilities
   Summary for the Eight Countries

IV Conclusions

Appendixes

   I. The Role of the IMF
   II. Outcomes of Recent Restructurings
   III. Debt Decompositions in the Post-Restructuring Phase
   IV. Public Debt Ratios and Probabilities of Debt Crises

Boxes

   1. Debt Crises and the Level of Debt
   2. An Early-Warning-System Approach
   3. The IMF's Methodology for Debt-Sustainability Analysis in Middle-Income Countries

Tables

   1. Public Debt in Recent Cases of Sovereign Debt Restructuring
   2. Summary: Scope of Debt Restructuring
   3. Scope of Debt Restructuring
   4. Recent Paris Club Reschedulings
   5. Debt Reduction in Net Present Value of Recent Debt Restructurings
   6. Nominal Principal Reduction in Recent Debt-Restructuring Cases
   7. Results of Debt Restructurings
   8. Public Debt Ratios, 2004
   9. Early-Warning-System Vulnerability Scores
  10. Liquidity Indicators, 2005–06
  11. Debt-Sustainability-Analysis Projections
  12. Debt-Sustainability Indicators
Appendix Tables
A1.1. Fund Arrangements During Recent Sovereign-Debt-Restructuring Episodes 28
A3.1. Evolution of Debt-to-GDP Ratios Since the Crises 33
A4.1. Probit Estimation of Crisis Probability 35
A4.2. Polynomial Fit Through In-Sample Forecasts 35

Figures
1. GDP Growth Before and After Crises 10
2. Evolution of Public Debt in Cases of Preemptive Restructuring 11
3. Evolution of Public Debt in Cases of Post-Default Restructuring 12
4. Change in Debt-to-GDP Ratios, Post-restructuring Period 12
5. Ukraine: Debt-Sustainability Analysis, 2003–09 20
6. Pakistan: Debt-Sustainability Analysis, 2001/02–09/10 20
8. Uruguay: Debt-Sustainability Analysis, 2003–10 21

Appendix Figures
A3.1. Change in Debt-to-GDP Ratios, Post-restructuring Period 32
A3.2. Contribution of Primary Balance to Change in Debt-to-GDP Ratio, Post-restructuring Period 34
A3.3. Contribution of Exchange Rate to Change in Debt-to-GDP Ratio, Post-restructuring Period 34
A3.4. Contribution of Interest-Growth Differential to Change in Debt-to-GDP Ratio, Post-restructuring Period 34
