# Contents

Contributors .....	XI
--------------------	----

## I. Introduction

P FINCK, U RIECKEN, E SCHRÖDER Pasture Landscapes and Nature Conservation - New strategies for preservation of open landscapes in Europe.....	1
H KAMPF Nature conservation in pastoral landscapes: Challenges, chances and constraints .....	15

## II. Grazing as a phenomenon in Europe

L-M DELESCAILLE Nature conservation and pastoralism in Wallony .....	39
P BRANDMAYR, T MINGOZZI, S SCALERCIO, N PASSALACQUA, F ROTONDARO, R PIZZOLOTTO <i>Stipa austroitalica</i> garigues and mountain pastureland in the Pollino National Park (Calabria, Southern Italy) .....	53
M MAYOR LÓPEZ Landscapes of northern Spain and pastoral systems.....	67
A DIDEBULIDZE, H PLACHTER Nature conservation aspects of pastoral farming in Georgia.....	87
J TSARYK, I TSARYK Grazing systems and their influence on biodiversity in the region of the Dnister river .....	107
J SPENCER Managing wood pasture landscapes in England; the New Forest and other more recent examples .....	123
T GREEN The role of invisible biodiversity in pasture landscapes.....	137

## III. Grazing as a Nature Conservation strategy

W HÄRDTLE, U MIERWALD, T BEHREND, I EISCHEID, A GARNIEL, H GRELL, D HAESE, A SCHNEIDER-FENSKE, N VOIGT Pasture landscapes in Germany - progress towards sustainable use of agricultural land .....	147
---	-----

---

A VOIGT Maintaining biodiversity and open landscapes by grazing in the County of South Jutland, Denmark.....	161
P MEIRE, E VAN DEN BERGH, T YSEBAERT, D NIJSSEN Nature development along the river Scheldt: Combining ecosystem functions in the Kruikebeke-Bazel-Rumpelmonde polder.....	173
M LEJEUNE, H LIMPENS, J VAN DER VEEN The Border Meuse Nature Development Project.....	187
V SLAUKSTINS The Lake Pape: Grazing of coastal grasslands. WWF Latvia project.....	197
G KÄMMER Galloway-based grazing systems in Schleswig-Holstein (Germany) - projects run by BUNDE WISCHEN e. V. association.....	209
B BEINLICH, P POSCHLOD Low intensity pig pastures as an alternative approach for habitat management .	219
J SCHRAUTZER, K JENSEN, B HOLSTEN, U IRMLER, J KIECKBUSCH, U LEINER, C NOELL, R NÖTZOLD, H RECK, B, SCHULZ, H ROWECK The Eidertal pasture landscape - Mire restoration and species conservation in a river valley of Schleswig-Holstein (northwest Germany).....	227
A SCHWABE, D REMY, T ASSMANN, A KRATOCHWIL, A MÄHRLEIN, M NOBIS, C STORM, A ZEHEM, H SCHLEMMER, R SEUSS, S BERGMANN, C EICHBERG, U MENZEL, M PERSIGHEHL, K ZIMMERMANN, M WEINERT Inland Sand Ecosystems: Dynamics and restitution as a consequence of the use of different grazing systems .....	239
S BONN Management concepts for abandoned xerothermic slopes in the middle Rhine Valley: A case study in the sustainable development of cultural landscapes.....	253
J BUTLER Examples of the maintenance and restoration of wood pasture sites in the UK and the potential for creation .....	266
F J SILVA-PANDO, M J ROZADOS LORENZO, M P GONZÁLEZ HERNÁNDEZ Grasslands and scrublands in the northwest of the Iberian Peninsula: Silvopastoral systemy and nature conservation .....	271
B GERKEN, H SONNENBURG Landscape development and species protection in woodlands, forests and pastures using large herbivores.....	285
F BAERSELMAN The Large Herbivore Initiative: An Eurasian conservation and restoration programme for a key-species group in ecosystems (Europe, Russia, Central-Asia and Mongolia).....	303

H LIMPENS, M LEJEUNE, J VAN DER VEEN Urbanized man and the longing for a New Wilderness .....	313
--	-----

R LUICK, E SIGNAL The significance of EU agricultural policy on the nature conservation of pastoral farmland .....	329
--	-----

#### **IV. Grazing and habitat dynamics - results of scientific research**

M CONRADI Methods for the investigation of patterns and processes in large-scale grazing systems .....	347
--	-----

A BONTJER, H PLACHTER Effects of large-scale cattle grazing on Orthoptera (Saltatoria et Mantodea) on pastures in Georgia (Caucasus).....	355
---	-----

P POSCHLOD, M SCHNEIDER-JACOBY, H KÖSTERMEYER, B T HILL, B BEINLICH Does large-scale, multi-species pasturing maintain high biodiversity with rare and endangered species? - The Sava floodplain case study.....	367
---	-----

R SATZGER Large-scale grazing systems by herdsmen and their impact on landscape patterns and biodiversity in western Ukraine's Carpathians .....	379
--	-----

D SCHOLLE, C HOFMANN, G KAULE, D LEDERBOGEN, G ROSENTHAL, U THUMM, J TRAUTNER Co-operative grazing systems ("Allmende"): An alternative concept for the management of endangered open and semi-open landscapes.....	387
--	-----

M KLEYER, R BIEDERMANN, K HENLE, H J POETHKE, P POSCHLOD, J SETTELE MOSAİK: Semi-open pasture and ley - a research project on keeping the cultural landscape open .....	399
--	-----

W VÖLKL, A VON HEBBERG, D MADER, J METZNER, P GERSTBERGER, K H HOFFMENN, H REBHAN, R KREC Natural succession in a dynamic riverine landscape and the protection of open areas.....	413
---	-----

#### **V. Outlook**

U RIECKEN, P FINCK, E SCHRÖDER Significance of pasture landscapes for nature conservation and extensive agriculture .....	423
---	-----
