THE WESTERN MEDITERRANEAN WORLD

An introduction to its regional landscapes

Lecturer in Geography, in the University of Oxford
and Fellow of Hertford College

with contributions by

J. ROGLIĆ
Professor of Geography, in the University of Zagreb

J. I. CLARKE, M.A., Ph.D.
Professor of Geography, in the University College of Sierra Leone
(on leave from the University of Durham)

GLOSSARY OF TERMS xxviii

1 Introduction 1

PART I: LANDSCAPES OF THE WESTERN MEDITERRANEAN WORLD—GENERAL FEATURES

2 The Climatic Scene 10

CLIMATIC FACTORS AND ELEMENTS: 1 The Air Masses p. 14, 2 The Relief p. 17, 3 Temperature p. 19, 4 Precipitation p. 22; THE SEASONAL CHANGES: 1 The Wet Season p. 24, 2 The Dry Season p. 27; REGIONAL CLIMATES: 1 Littoral Climates p. 30, 2 Continental Climates p. 31, 3 Mountain Climates p. 32; WATER RESOURCES p. 33; SUMMARY p. 36

3 The Mediterranean Sea: the Invisible Landscape 37

WATER CIRCULATION p. 38; FISH HABITATS p. 40; THE SUBMARINE RELIEF p. 43; CLASSIFICATION OF COASTS p. 47; SUMMARY p. 49

4 The Anatomy of the Landscapes: Structures, Landforms and Soils 51

EVOLUTION OF MEDITERRANEAN STRUCTURES p. 51; CLASSIFICATION OF STRUCTURES p. 58; MARINE AND RIVERINE TERRACES p. 62; PROCESSES OF EROSION p. 64; THE SOILS p. 70; QUATERNARY CLIMATES p. 74; SUMMARY p. 77

5 The Vegetation Cover 79

CHARACTERISTICS OF MEDITERRANEAN PLANTS: 1 Plant Adaptations to Climate p. 80, 2 The Climax Vegetation and its Degradation p. 82, 3 The Plant Cover and Related Soils p. 88; REGIONAL CLASSIFICATION OF PLANT COVER: 1 Limits of Mediterranean Vegetation W.M.W.—1*
p. 91, 2 The Transition to the Humid or Sub-Humid Vegetation p. 94, 3 The Transition to the Arid Vegetation p. 95, 4 Mountain Vegetation Zones p. 96; Palaeontological Changes of Vegetation p. 99; Summary p. 103

6 The Western Mediterranean as a Man-made World 105

Cultural Backgrounds p. 105; Human Modifications of the Vegetation Cover: 1 Deforestation p. 111, 2 The Introduction of Food Plants p. 117, 3 Terraces and Land Reclamation p. 123; Agrarian Systems: 1 Classical Landscapes p. 126, 2 Irregular Field Systems p. 130, 3 Open Field System p. 131, 4 Irrigated Field Patterns p. 132; Summary p. 132

7 Modern Developments in the Landscapes 135

Land Utilisation: 1 Pastoralism p. 136, 2 Dry Farming p. 140, 3 Tree Cropping p. 142, 4 Irrigation p. 143; National Developments since the Nineteenth Century: 1 Portugal p. 144, 2 Spain p. 147, 3 Italy p. 151, 4 North-West Africa p. 157

PART II: THE IBERIAN PENINSULA

8 Structures and Landforms 164

9 The Rural Landscapes 198

Contents

10 Population and Settlement 223

11 The Regions of Spain: The Peripheral Provinces 251

The Northern Regions: 1 Galicia p. 256, 2 The Asturias p. 261, 3 La Montaña of Santander p. 263, 4 The Basque Lands p. 265; Eastern Spain: 1 Eastern Catalonia p. 270, 2 The Valencian Levante p. 277, 3 The Alicante Levante p. 283, 4 The Murcian Levante p. 284

12 The Regions of Spain: The Central and Southern Provinces 286

13 The Regions of Portugal 336

Part III: Italy

14 Structures and Landforms 370

15 The Rural Landscapes

16 The Population and Settlements

17 The Regions of Northern Italy

18 The Regions of Peninsular Italy and Sicily

CENTRAL ITALY: 1 The Adriatic Coastlands of the Marches, Abruzzi and Molise p. 502, 2 Umbria p. 505, 3 Tuscany p. 507, 4 Latium p. 513; SOUTHERN ITALY: 1 Campania p. 519, 2 Basilicata p. 527, 3 Apulia p. 529, 4 Calabria p. 533; SICILY p. 536

PART IV: PERIPHERAL LANDS OF THE NORTHERN MEDITERRANEAN AND THE MEDITERRANEAN ISLANDS

19 The Yugoslav Littoral: by Prof. J. Roglić

INTRODUCTION: ITS LIMITS p. 546; PHYSICAL BACKGROUND: 1 Relief and Morphological Regions p. 548, 2 Climate and Hydrology p. 553, 3 Vegetation p. 556; THE ECONOMY OF THE RURAL LAND-
CONTENTS  

20 Mediterranean France 580

21 The Islands of the Western Mediterranean 611

CORSECA: 1 The Landforms p. 616, 2 The Rural Landscapes p. 617, 3 The Regions p. 620; SARDINIA: 1 The Landforms p. 623, 2 The Rural Landscapes p. 626, 3 The Regions p. 631; THE BALEARIC ISLANDS p. 634; THE MALTESE ISLANDS p. 639

PART V: NORTH-WEST AFRICA (THE MAGHREB)

22 The Maghreb—its Landforms and Ecological Features 646

23 The Maghreb—its Rural Landscapes, Population and Settlement: by Dr J. I. Clarke 667
