Contents

Preface iii

Contributors ix

Coming to an Age of Polymers in Science and Technology
   H. Mark 1

Conformations of Biopolymers
   C. A. J. Hoeve 11

History of Science and Technology of Polymeric Foams
   K. C. Frisch 25

Brief History of Fibers from Synthetic Polymers
   P. W. Morgan 49

History of Coatings Science and Technology
   R. R. Myers 69

History of Adhesives
   I. Skeist and J. Miron 87

History of the Development and Growth of Thermosetting Polymers
   R. B. Seymour 101
History of Organometallic Polymers
   J. E. Sheats 109

History of Engineering Thermoplastics
   R. D. Deanin 137

History of Crystalline Polymers
   L. Mandelkern 147

History of Polymer Education—USA
   C. E. Carraher, Jr. 173

History of Vinyl Chloride Polymers
   W. L. Semon and G. A. Stahl 199

History of Natural Rubber
   P. E. Hurley 215

History of Synthetic Rubber
   M. Morton 225

History of Reinforced Plastics
   J. V. Milewski and D. V. Rosato 239

History of Natural Fibers
   C. H. Fisher 281

History of Polyolefins
   H. R. Sailors and J. P. Hogan 313

History of the Irradiation Cross-Linking of Polyethylene
   M. Dole 339

Anecdotal History of Styrene and Polystyrene
   R. F. Boyer 347

History of Heat-Resistant Polymers
   P. E. Cassidy 371

Index 397
