Historical Seismograms and Earthquakes of the World

Edited by

W. H. K. Lee
U. S. Geological Survey
Menlo Park, California

H. Meyers
World Data Center A
National Oceanic and Atmospheric Administration
Boulder, Colorado

K. Shimazaki
Earthquake Research Institute
University of Tokyo
Tokyo, Japan
Contents

Preface xiii

I. Introduction

Introduction to the Symposium on Historical Seismograms and Earthquakes
   W. H. K. Lee, H. Meyers, and K. Shimazaki 3

Importance of Historical Seismograms for Geophysical Research
   Hiroo Kanamori 16

II. Analysis of Historical Seismograms

Magnitudes and Origin Times from Milne Seismograph Data: Earthquakes in China and California, 1898-1912
   Katsuyuki Abe 37

Analysis of Historical Seismograms from the Potsdam Station (GDR) in the Period 1902-1910
   E. Hurtig and G. Kowalle 51

Historical Seismograms and Interpretation of Strong Earthquakes
   N. V. Kondorskaya and Yu. F. Kopnichev 57
Contents

The Status, Importance, and Use of Historical Seismograms in Sweden 64

*Ota Kulhánek*

Analysis of Historical Seismograms of Large Mexican Earthquakes ($M_s \geq 7.0$): Summary of Important Results 70

*S. K. Singh*

Application of Modern Techniques to Analysis of Historical Earthquakes 85

*S. Stein, E. A. Okal, and D. A. Wiens*

**III. Earthquake Catalogs and Databases**

Recent Activities at the International Seismological Centre 107

*D. M. McGregor, A. A. Hughes, and R. D. Adams*

A Catalogue of Chinese Earthquakes ($M \geq 6.5$) from 1900 to 1948 with Uniform Magnitudes 112

*Deli Cheng, Yushou Xie, and Zhifeng Ding*

Data Bases on Historical Seismicity: Structure, Quality of Information, and Applications 131

*A. D. Gvishiani and Wilbur A. Rinehart*

Compilation and Processing of Historical Data: Summary Remarks 139

*V. Kárnik*

The U. S. Geological Survey’s Databases of Seismic Events 142

*J. N. Taggart, W. H. K. Lee, and K. L. Meagher*

A Catalog of Large Earthquakes ($M \geq 6$) and Damaging Earthquakes in Japan for the Years 1885–1925 150

*Tokuji Utsu*
IV. Individual Historical Earthquakes

The Anatolian Earthquake of 17 August 1668

N. N. Ambraseys and C. F. Finkel

An Analysis of the Eastern Mediterranean Earthquake of 20 May 1202

N. N. Ambraseys and C. P. Melville

Preliminary Evaluation of the Large Caracas Earthquake of October 29, 1900, by Means of Historical Seismograms

G. E. Fiedler B.

Evaluation of Damage and Source Parameters of the Málaga Earthquake of 9 October 1680

D. Muñoz and A. Udías

V. Earthquake History

Studies of Earthquakes on the Basis of Historical Seismograms in Belgium

M. De Becker and T. Camelbeeck

Documenting New Zealand Earthquakes

G. A. Eiby

Historical Earthquakes and the Seismograms in Taiwan

Pao Hua Lee

Historical Earthquakes of Thailand, Burma, and Indochina

S. Prachuab

Yasuhiro Umeda and Katsuyoshi Ito

VIII. Historical Seismograms from Various Observatories

Historical Seismograms in Italy

R. Console and P. Favali

Historical Seismograms from Australia

David Denham

Seismograms Made before 1963 at Stations in the South-West Pacific

G. A. Eiby

Historical Seismograms Recorded in Venezuela

G. E. Fiedler B.

The Historical Seismograms of Colombia

J. Rafaël Gobena, S.J.

Helwan Historical Seismograms

R. M. Kebeasy

Seismological Measurement in Hong Kong

H. K. Lam

A Brief History of the Seismological Observatories in the British Isles, 1896–1960

G. Neilson and P. W. Burton
Contents

Historical Seismograms of the Manila Observatory 490
Sergio S. Su, S.J.

Some Remarks on Historical Seismograms in Selected Developing Countries 497
K. L. Svendsen
