An introduction to Bayesian networks

Finn V. Jensen

Aalborg University, Denmark
# Contents

Preface vii

1 Introduction 1
1.1 Rule based systems 2
1.2 Uncertainty 3
1.3 Normative expert systems 3
1.4 Some references for normative systems 4

2 Causal and Bayesian networks 7
2.1 Examples 7
2.1.1 Icy roads 7
2.1.2 Wet grass 8
2.1.3 Causation and reasoning 9
2.1.4 Earthquake or burglary 9
2.1.5 Prior certainties 10
2.2 Causal networks and d-separation 10
2.2.1 d-separation 12
2.3 Bayesian networks 14
2.3.1 Basic axioms 14
2.3.2 Conditional probabilities 14
2.3.3 Subjective probabilities 15
2.3.4 Probability calculus for variables 16
2.3.5 Conditional independence 17
2.3.6 Definition of Bayesian networks 18
2.3.7 The chain rule 19
2.4 The examples revisited 21
2.4.1 Icy roads 21
2.4.2 Wet grass 22
2.5 BOBLO 25
2.6 Summary 27
2.7 Bibliographical notes 29
3 Building models

3.1 Catching the structure
  3.1.1 Family out?
  3.1.2 A simplified poker game
  3.1.3 Insemination
  3.1.4 Simple Bayes models
  3.1.5 Causality

3.2 Determining the conditional probabilities
  3.2.1 Stud farm
  3.2.2 Conditional probabilities for the poker game
  3.2.3 Transmission of symbol strings
  3.2.4 Family out?

3.3 Modelling tricks
  3.3.1 Undirected relations
  3.3.2 Noisy or
  3.3.3 Causal independence
  3.3.4 Divorcing

3.4 Learning
  3.4.1 Batch learning
  3.4.2 Distance measures
  3.4.3 Search for possible structures
  3.4.4 Statistical methods
  3.4.5 Adaptation

3.5 Child

3.6 Summary

3.7 Bibliographical notes

4 Propagation in Bayesian networks

4.1 An algebra of belief tables
  4.1.1 Multiplication and division
  4.1.2 Marginalization

4.2 Probability updating in joint probability tables

4.3 Cluster trees
  4.3.1 Absorption in cluster trees
  4.3.2 Message passing in cluster trees

4.4 Junction trees
  4.4.1 HUGIN propagation

4.5 Construction of junction trees
  4.5.1 Singly connected DAGs
  4.5.2 Coping with cycles
  4.5.3 From DAG to junction tree

4.6 Stochastic simulation

4.7 Summary of Sections 4.2-4.5

4.8 Bibliographical notes
