Architecting Dependable Systems
Table of Contents

**Part 1. Architectures for Dependability**

Intrusion-Tolerant Architectures: Concepts and Design .............................. 3  
*Paulo Esteves Veríssimo, Nuno Ferreira Neves, and Miguel Pupo Correia*

Improving Dependability of Component-Based Systems via Multi-versioning Connectors ................................................. 37  
*Nenad Medvidovic, Marija Mikic-Rakic, and Nikunj Mehta*

Increasing System Dependability through Architecture-Based Self-Repair ... 61  
*David Garlan, Shang-Wen Cheng, and Bradley Schmerl*

Dependability in the Web Services Architecture ..................................... 90  
*Ferda Tartanoglu, Valérie Issarny, Alexander Romanovsky, and Nicole Levy*

A Component Based Real-Time Scheduling Architecture ...................... 110  
*Gerhard Fohler, Tomas Lennvall, and Radu Dobrin*

**Part 2. Fault Tolerance in Software Architectures**

A Fault-Tolerant Software Architecture for Component-Based Systems ...... 129  
*Paulo Asterio de C. Guerra, Cecília Mary F. Rubira, and Rogério de Lemos*

The Role of Event Description in Architecting Dependable Systems ......... 150  
*Marcio Dias and Debra Richardson*

Architectural Mismatch Tolerance ...................................................... 175  
*Rogério de Lemos, Cristina Gacek, and Alexander Romanovsky*

**Part 3. Dependability Analysis in Software Architectures**

Quality Analysis of Dependable Systems: A Developer Oriented Approach ... 197  
*Apostolos Zarras, Christos Kloukinas, and Valérie Issarny*

Stochastic Dependability Analysis of System Architecture Based on UML Models ................................................................. 219  
*István Majzik, András Pataricza, and Andrea Bondavalli*
Specification-Level Integration of Simulation and Dependability Analysis .... 245
Swapna S. Gokhale, Joseph R. Horgan, and Kishor S. Trivedi

Using Architectural Properties to Model and Measure Graceful Degradation .. 267
Charles Shelton and Philip Koopman

Part 4. Industrial Experience

Dependability Experience in Philips .............................................. 293
Frank van der Linden

Author Index 309
