## INTRODUCTION: STRATEGY AND ECONOMICS

1  Why Study Strategy?  
2  Why Economics?  
3  The Need for Principles  
   So What's the Problem?  
5  A Framework for Strategy  
   Boundaries of the Firm  
   Market and Competitive Analysis  
   Position and Dynamics  
   Internal Organization  
7  Endnotes

## PART ONE: ECONOMIC FOUNDATIONS OF STRATEGY

### 1 BASIC MICROECONOMIC PRINCIPLES

12  Costs  
   Cost Functions  
   Total Cost Functions  
   Fixed and Variable Costs  
   Average and Marginal Cost Functions  
18  The Importance of the Time Period: Long-Run versus Short-Run Cost Functions  
20  Sunk versus Avoidable Costs  
21  Economic Costs and Profitability  
   Economic versus Accounting Costs  
   Economic Profit versus Accounting Profit  
22  Demand and Revenues  
   Demand Curve  
   The Price Elasticity of Demand  
   Brand-Level versus Industry-Level Elasticities  
26  Total Revenue and Marginal Revenue Functions  
28  Theory of the Firm: Pricing and Output Decisions  
30  Perfect Competition  
34  Game Theory  
   Games in Matrix Form and the Concept of Nash Equilibrium
PART TWO: FIRM BOUNDARIES 117

5 THE VERTICAL BOUNDARIES OF THE FIRM 119

Make versus Buy 120
   Upstream, Downstream 120
Example 5.1: A Global Perspective on Mergers for Vertical Integration 121
   Defining Boundaries 122
   Some Make-or-Buy Fallacies 123
Example 5.2: Employee Skills: Make or Buy? 126
Reasons to “Buy” 127
   Exploiting Scale and Learning Economies 127
   Bureaucracy Effects: Avoiding Agency and Influence Costs 129
   Agency Costs 129
Example 5.3: Disconnection at Sony 130
   Influence Costs 131
Reasons to “Make” 131
   The Economic Foundations of Contracts 131
   Complete versus Incomplete Contracting 132
      Bounded Rationality 133
      Difficulties Specifying or Measuring Performance 133
      Asymmetric Information 133
   The Role of Contract Law 134
   Coordination of Production Flows through the Vertical Chain 134
   Leakage of Private Information 136
   Transactions Costs 136
   Relationship-Specific Assets 137
      Forms of Asset Specificity 137
   Rents and Quasi-Rents 138
Example 5.4: The Fundamental Transformation in the U.S. Automobile Industry 139
   The Holdup Problem 140
   The Holdup Problem and Transactions Costs 141
      Contract Negotiation and Renegotiation 141
Example 5.5: Power Barges 142
Example 5.6: A Game of Chicken? Specificity and Underinvestment in the Broiler Industry 143
   Investments to Improve Ex Post Bargaining Positions 143
   Distrust 144
   Reduced Investment 144
   Recap: From Relationship-Specific Assets to Transactions Costs 144
   Double Marginalization: A Final Consideration 144
Summarizing Make-or-Buy Decisions: The Make-or-Buy Decision Tree 145
Chapter Summary 146
Questions 147
Endnotes 148

6 ORGANIZING VERTICAL BOUNDARIES: VERTICAL INTEGRATION AND ITS ALTERNATIVES 150

Technical Efficiency versus Agency Efficiency 150
   Economizing 150
The Technical Efficiency/Agency Efficiency Tradeoff and Vertical Integration 151

Example 6.1: Vertical Integration in a Mountain Paradise 154
Real-World Evidence 155

Example 6.2: Gone in a Heartbeat: The Allegheny Health Education and Research Foundation Bankruptcy 157

Vertical Integration and Asset Ownership 158

Example 6.3: Vertical Integration of the Sales Force in the Insurance Industry 160

Governance Issues in Vertical Mergers 161

Alternatives to Vertical Integration 162

Tapered Integration: Make and Buy 162

Example 6.4: Tapered Integration in Clinical Research 163

Strategic Alliances and Joint Ventures 164

Example 6.5: Toys “R” Us Enters Japan 165

Collaborative Relationships 167

Subcontractor Networks 167

Example 6.6: Interfirm Business Networks: The Downsides of Keiretsu 168

Keiretsu 169

Implicit Contracts and Long-Term Relationships 169

Chapter Summary 171

Questions 172

Endnotes 173

7 DIVERSIFICATION 175

A Brief History 175

Example 7.1: Changes in Diversification, from American Can to Primerica 177

Why Do Firms Diversify? 178

Efficiency-Based Reasons for Diversification 179

Economies of Scale and Scope 179
Economizing on Transaction Costs 180
Internal Capital Markets 181
Diversifying Shareholders’ Portfolios 181

Example 7.2: Acquiring for Synergy: Procter & Gamble and the International Market for Men’s Grooming Products 182

Identifying Undervalued Firms 183

Potential Costs of Diversification 184

Managerial Reasons for Diversification 185

Benefits to Managers from Acquisitions 186
Problems of Corporate Governance 187

Example 7.3: Managerial Motives for Diversification: The Strange Case of Tyco International 188

The Market for Corporate Control and Recent Changes in Corporate Governance 188

Performance of Diversified Firms 191

Studies of Operating Performance 192
Valuation and Event Studies 192

Example 7.4: The Search for Synergy in New Markets: eBay’s Acquisition Binge 194

Long-Term Performance of Diversified Firms 195
A Conglomerate with a Record of Success 196

Chapter Summary 197

Questions 198

Endnotes 199
PART THREE: MARKET AND COMPETITIVE ANALYSIS

8 COMPETITORS AND COMPETITION

Competitor Identification and Market Definition
The Basics of Competitor Identification
Example 8.1: The SSNIP in Action: Defining Hospital Markets
Putting Competitor Identification into Practice
Empirical Approaches to Competitor Identification
Geographic Competitor Identification
Measuring Market Structure
Example 8.2: Defining Coca-Cola's Market
Market Structure and Competition
Perfect Competition
Many Sellers
Homogeneous Products
Excess Capacity
Example 8.3: Gazprom
Monopoly
Monopolistic Competition
Entry into Monopolistically Competitive Markets
Oligopoly
Cournot Quantity Competition
Example 8.4: Capacity Competition in the U.S. Beef-Processing Industry
Bertrand Price Competition
Example 8.5: Cournot Equilibrium in the Corn Wet Milling Industry
Why Are Cournot and Bertrand Different?
Bertrand Price Competition When Products Are Horizontally Differentiated
Where Does Market Structure Come From?
Sutton's Endogenous Sunk Costs
Example 8.6: A Dog-Eat-Dog World: The Demise of the Online Pet Supply Industry
Evidence on Market Structure and Performance
Price and Concentration
Chapter Summary
Questions
Endnotes

9 STRATEGIC COMMITMENT

Why Commitment Is Important
Example 9.1: Loblaw versus Wal-Mart Canada
Example 9.2: Strategic Commitment and Preemption in the Global Airframe Market: Airbus versus Boeing
Strategic Commitment and Competition
Strategic Complements and Strategic Substitutes
Example 9.3: Commitment and Irreversibility in the Airline Industry
Strategic Incentives to Make Commitments
Tough versus Soft Commitments
Tough and Soft Commitments in Cournot and Bertrand Equilibria
Stage 2 Competition Is Cournot
### Contents

**Example 9.4: Commitment at Nucor and USX: The Case of Thin-Slab Casting** 249

  Stage 2 Competition Is Bertrand 250

  A Taxonomy of Commitment Strategies 251

  Making Sense of the Taxonomy 253

**Example 9.5: Commitment versus Flexibility in the CD Market** 254

**Flexibility and Real Options** 255

**Example 9.6: Corning's Nuclear Winter** 257

**A Framework for Analyzing Commitments** 258

Chapter Summary 260

Questions 260

Endnotes 262

### 10 The Dynamics of Pricing Rivalry 264

**Dynamic Pricing Rivalry** 265

  Why the Cournot and Bertrand Models Are Not Dynamic 265

  Dynamic Pricing Rivalry: Intuition 266

  Competitor Responses and Tit-for-Tat Pricing 267

**Example 10.1: The General Motors Employee Discount Price War** 269

**Tit-for-Tat Pricing with Many Firms** 270

**Example 10.2: What Happens When a Firm Retaliates Quickly to a Price Cut:**

  Philip Morris versus B.A.T. in Costa Rica 271

  The "Folk Theorem" 272

  Coordination 272

  Why Is Tit-for-Tat So Compelling? 274

  Misreads 274

**Example 10.3: Forgiveness and Provocability: Dow Chemicals and the Market for Reverse Osmosis Membrane** 275

**How Market Structure Affects the Sustainability of Cooperative Pricing** 276

  Market Concentration and the Sustainability of Cooperative Pricing 276

  Reaction Speed, Detection Lags, and the Sustainability of Cooperative Pricing 277

  Lumpiness of Orders 278

  Information about Sales Transactions 279

  The Number of Buyers 280

  Volatility of Demand Conditions 280

  Asymmetries among Firms and the Sustainability of Cooperative Prices 280

**Example 10.4: When Trust Is Broken: The Dutch Beer Cartel** 282

  Price Sensitivity of Buyers and the Sustainability of Cooperative Pricing 283

  Market Structure and the Sustainability of Cooperative Pricing: Summary 284

**Example 10.5: How Market Structure Conditions Conspire to Limit Profitability in the Heavy-Duty Truck Engine Industry** 285

**Facilitating Practices** 286

  Price Leadership 286

  Advance Announcement of Price Changes 287

  Most Favored Customer Clauses 287

  Uniform Delivered Prices 288

  Facilitating Practices and Antitrust 289

**Quality Competition** 290

  Quality Choice in Competitive Markets 290

**Example 10.6: Product Quality: Fiat Enters the U.S. Market... Again** 291
PART FOUR: STRATEGIC POSITION AND DYNAMICS 357

13 STRATEGIC POSITIONING FOR COMPETITIVE ADVANTAGE 359

Competitive Advantage 362
  Competitive Advantage Defined 362
  What Matters More for Profitability: The Market or the Firm? 364
Competitive Advantage and Value Creation: Conceptual Foundations 365
  Maximum Willingness-to-Pay and Consumer Surplus 365
  From Maximum Willingness-to-Pay to Consumer Surplus 367
  Value-Created 369
Example 13.1: The Division of the Value-Created in the Sale of Beer at a Baseball Game 371
  Value Creation and Win-Win Business Opportunities 372
  Value Creation and Competitive Advantage 372
  Analyzing Value Creation 373
Example 13.2: The Rising Price Tag on Competitive Advantage in the Beautiful Game 374
  Value Creation and the Value Chain 375
  Value Creation, Resources, and Capabilities 376
Example 13.3: Creating Value: Cadbury in India 377
Example 13.4: Measuring Capabilities in the Pharmaceutical Industry 378
Strategic Positioning: Cost Advantage and Benefit Advantage 379
  Generic Strategies 379
    The Strategic Logic of Cost Leadership 379
    The Strategic Logic of Benefit Leadership 382
  Extracting Profits from Cost and Benefit Advantage: The Importance of the Price Elasticity of Demand 382
Example 13.5: Benefit Leadership by Superquinn 384
Comparing Cost and Benefit Advantages 387
"Stuck in the Middle" 388
Example 13.6: Strategic Positioning in the Airline Industry: Four Decades of Change 390
Strategic Positioning: Broad Coverage versus Focus Strategies 393
Segmenting an Industry 393
Broad-Coverage Strategies 395
Focus Strategies 395
Chapter Summary 397
Questions 399
Appendix: Cost Drivers, Benefit Drivers, and Value-Added Analysis 400
Endnotes 407

14 SUSTAINING COMPETITIVE ADVANTAGE 410

How Hard Is It to Sustain Profits? 411
Threats to Sustainability in Competitive and Monopolistically Competitive Markets 411
Threats to Sustainability under All Market Structures 412
Example 14.1: "Von-a-Bees" 413
Evidence: The Persistence of Profitability 414
Sustainable Competitive Advantage 415
The Resource-Based Theory of the Firm 415
Example 14.2: Losing Focus: Starbucks Down in Down Under 416
Isolating Mechanisms 418
Example 14.3: American versus Northwest in Yield Management 419
Impediments to Imitation 421
Legal Restrictions 421
Example 14.4: Cola Wars in Venezuela 422
Superior Access to Inputs or Customers 423
Market Size and Scale Economies 424
Intangible Barriers to Imitation 425
Early-Mover Advantages 426
Learning Curve 426
Reputation and Buyer Uncertainty 427
Buyer Switching Costs 427
Example 14.5: Building Blocks of Sustainable Advantage 428
Network Effects 429
Early-Mover Disadvantages 432
Example 14.6: The Microsoft Case 433
Imperfect Imitability and Industry Equilibrium 434
Chapter Summary 436
Questions 437
Endnotes 438

15 THE ORIGINS OF COMPETITIVE ADVANTAGE: INNOVATION, EVOLUTION, AND THE ENVIRONMENT 441

Creative Destruction 443
Disruptive Technologies 444
Sustainability and Creative Destruction 444
### Example 15.1: The Sunk Cost Effect in Steel: The Adoption of the Basic Oxygen Furnace

#### The Incentive to Innovate

- The Sunk Cost Effect
- The Replacement Effect
- The Efficiency Effect

#### Innovation and the Market for Ideas

- Example 15.2: Innovation and Organization in the Early Auto Industry
- Allocating Innovative Capital

#### Innovation Competition

- Patent Races
- Choosing the Technology
- Riskiness of R&D

- Example 15.3: One Can Never Be Too Thin: Innovation in TV Sets
- Example 15.4: Sparking Automotive Innovation: The U.K. in the 2009 X-Prize

#### Evolutionary Economics and Dynamic Capabilities

- The Environment

#### Managing Innovation

- Example 15.5: The Rise of the Swiss Watch Industry

#### The Environment

- Managing Innovation

#### Chapter Summary

- Questions

### Part Five: Internal Organization

#### 16 Performance Measurement and Incentives in Firms

- Economics of Performance Measurement
  - Risk Aversion and Risk Sharing
  - Preferences over Risky Outcomes
  - Risk Sharing
  - Risk and Incentives

- Example 16.1: Pay and Performance at Yakima Valley Orchards

- Performance Measures That Fail to Reflect All Desired Actions

- Example 16.2: Cardiovascular Surgery Report Cards

- Selecting Performance Measures: Managing Tradeoffs between Costs

- Do Pay-for-Performance Incentives Work?

- Incentives in Firms
  - Implicit Incentive Contracts
  - Subjective Performance Evaluation
  - Promotion Tournaments
  - Efficiency Wages and the Threat of Termination

- Example 16.4: Grooming the Top Talent: GE and TAS

- Incentives in Teams

- Example 16.5: Stock Options for Middle-Level Employees
17 STRATEGY AND STRUCTURE 507

An Introduction to Structure 509
- Individuals, Teams, and Hierarchies 509
- Complex Hierarchy 510
  - Departmentalization 510
  - Coordination and Control 511

Types of Organizational Structures 512
- Functional Structure (U-Form) 513
- Multidivisional Structure (M-Form) 514
- Matrix Structure 515

Example 17.1: Enter the Matrix: Organizational Structure at Her Majesty’s Revenue and Customs 517
- Matrix or Division? A Model of Optimal Structure 518
- Network Structure 519
- Why Are There So Few Types? 521

Structure–Environment Coherence 521
- Technology and Task Interdependence 522
- Efficient Information Processing 523

Example 17.2: Organizational Structure at AT&T 525

Structure Follows Strategy 525

Example 17.3: Strategy, Structure, and the Attempted Merger between the University of Chicago Hospital and Michael Reese Hospital 527

Example 17.4: Recent Changes to Divisional Structures 528
- Strategy, Structure, and the Multinational Firm 529
- Structure, Strategy, Knowledge, and Capabilities 529

Example 17.5: Transnational Strategy and Organization Structure at SmithKline-Beecham 530
- Structure as Routine and Heuristic 530

Chapter Summary 531
Questions 533
Endnotes 534

18 ENVIRONMENT, POWER, AND CULTURE 536

The Social Context of Firm Behavior 536
Internal Context 537
Power 538
- The Sources of Power 539
- Structural Views of Power 540

Example 18.1: The Sources of Presidential Power 541
- Do Successful Organizations Need Powerful Managers? 543

Example 18.2: Power and Poor Performance: The Case of the 1957 Mercury 543
- The Decision to Allocate Formal Power to Individuals 544

Example 18.3: Power in the Boardroom: Why Let CEOs Choose Directors? 545

Culture 546
- Culture and Performance 546
  - Culture Complements Formal Controls 548
Example 18.4: Corporate Culture and Inertia at ICI 548
Culture Facilitates Cooperation and Reduces Bargaining Costs 549
Culture, Inertia, and Performance 550

External Context, Institutions, and Strategies 550
Institutions and Regulation 551
Interfirm Resource-Dependence Relationships 552

Example 18.5: Setting the Standards for ESG 554
Institutional Logics: Beliefs, Values, and Behavioral Norms 555

Chapter Summary 557
Questions 559
Endnotes 559
