Managerial Economics and Business Strategy

Michael R. Baye
Bert Elwert Professor of Business Economics and Public Policy
Kelley School of Business
Indiana University
CONTENTS

CHAPTER ONE
The Fundamentals of Managerial Economics 1

Headline: Amcott Loses $3.5 Million; Manager Fired 1
Introduction 2
The Manager 3
Economics 3
Managerial Economics Defined 3
The Economics of Effective Management 4
Identify Goals and Constraints 4
Recognize the Nature and Importance of Profits 5
Economic versus Accounting Profits 5
The Role of Profits 6
The Five Forces Framework and Industry Profitability 8
Understand Incentives 11
Understand Markets 12
Consumer–Producer Rivalry 13
Consumer–Consumer Rivalry 13
Producer–Producer Rivalry 13
Government and the Market 13
Recognize the Time Value of Money 14
Present Value Analysis 14
Present Value of Indefinitely Lived Assets 16
Use Marginal Analysis 19
Discrete Decisions 20
Continuous Decisions 22
Incremental Decisions 24
Learning Managerial Economics 25
Answering the Headline 26
Key Terms and Concepts 26
Conceptual and Computational Questions 27
Problems and Applications 28
Case-Based Exercises 32
Selected Readings 33
Appendix: The Calculus of Maximizing Net Benefits 33
Inside Business 1–1: The Goals of Firms in Our Global Economy 7
Inside Business 1–3: Joining the Jet Set 19
CHAPTER TWO
Market Forces: Demand and Supply 35

Headline: Samsung and Hynix Semiconductor to Cut Chip Production 35
Introduction 36
Demand 36
Demand Shifters 38
Income 39
Prices of Related Goods 40
Advertising and Consumer Tastes 40
Population 41
Consumer Expectations 41
Other Factors 42
The Demand Function 42
Consumer Surplus 44
Supply 46
Supply Shifters 47
Input Prices 47
Technology or Government Regulations 47
Number of Firms 48
Substitutes in Production 48
Taxes 48
Producer Expectations 49
The Supply Function 50
Producer Surplus 51
Market Equilibrium 52
Price Restrictions and Market Equilibrium 54
Price Ceilings 55
Price Floors 59
Comparative Statics 60
Changes in Demand 60
Changes in Supply 62
Simultaneous Shifts in Supply and Demand 63
Answering the Headline 65
Summary 65
Key Terms and Concepts 66
Conceptual and Computational Questions 67
Problems and Applications 68
Case-Based Exercises 72
Selected Readings 72
Inside Business 2–1: Asahi Breweries Ltd. and the Asian Recession 39
Inside Business 2–2: NAFTA and the Supply Curve 47
Inside Business 2–3: Price Ceilings and Price Floors around the Globe 58
Inside Business 2–4: Globalization and the Supply of Soft Drinks 62
CHAPTER SIX
The Organization of the Firm 203

Headline: Korean Firm Invests 30 Trillion Won to Vertically Integrate 203
Introduction 204
Contents

Methods of Procuring Inputs  205
  Purchase the Inputs Using Spot Exchange  205
  Acquire Inputs under a Contract  206
  Produce the Inputs Internally  206
Transaction Costs  207
  Types of Specialized Investments  208
    Site Specificity  208
    Physical-Asset Specificity  208
    Dedicated Assets  208
    Human Capital  209
  Implications of Specialized Investments  209
    Costly Bargaining  209
    Underinvestment  209
    Opportunism and the "Hold-Up Problem"  210
Optimal Input Procurement  211
  Spot Exchange  211
  Contracts  213
    Vertical Integration  216
  The Economic Trade-Off  216
Managerial Compensation and the Principal–Agent Problem  219
Forces That Discipline Managers  222
  Incentive Contracts  222
  External Incentives  223
    Reputation  223
    Takeovers  223
The Manager–Worker Principal–Agent Problem  224
  Solutions to the Manager–Worker Principal–Agent Problem  224
    Profit Sharing  224
    Revenue Sharing  224
    Piece Rates  225
    Time Clocks and Spot Checks  226
Answering the Headline  227
Summary  227
Key Terms and Concepts  228
Conceptual and Computational Questions  228
Problems and Applications  229
Case-Based Exercises  231
Selected Readings  232
Appendix: An Indifference Curve Approach to Managerial Incentives  232
Inside Business 6–1: The Cost of Using an Inefficient Method of Procuring Inputs  211
Inside Business 6–2: Factors Affecting the Length of Coal and Natural-Gas Contracts  218
Inside Business 6–3: The Evolution of Input Decisions in the Automobile Industry  220
Inside Business 6–4: Paying for Performance  226

**CHAPTER ELEVEN**

Pricing Strategies for Firms with Market Power 397

Headline: Mickey Mouse Lets You Ride “for Free” at Disney World 397
Introduction 398
Basic Pricing Strategies 398
Contents

Review of the Basic Rule of Profit Maximization 398
A Simple Pricing Rule for Monopoly and Monopolistic Competition 399
A Simple Pricing Rule for Cournot Oligopoly 402
Strategies That Yield Even Greater Profits 404
Extracting Surplus from Consumers 404
  Price Discrimination 404
  Two-Part Pricing 410
  Block Pricing 412
  Commodity Bundling 414
Pricing Strategies for Special Cost and Demand Structures 417
  Peak-Load Pricing 417
  Cross-Subsidies 419
  Transfer Pricing 419
Pricing Strategies in Markets with Intense Price Competition 422
  Price Matching 422
  Inducing Brand Loyalty 424
  Randomized Pricing 424
Answering the Headline 426
Summary 427
Key Terms and Concepts 427
Conceptual and Computational Questions 427
Problems and Applications 430
Case-Based Exercises 433
Selected Readings 433
Inside Business 11–1: Pricing Markups as Rules of Thumb 400
Inside Business 11–2: Bundling and “Price Frames” in Online Markets 416
Inside Business 11–3: The Prevalence of Price-Matching Policies and Other Low-
  Price Guarantees 423
Inside Business 11–4: Randomized Pricing in the Airline Industry 425

CHAPTER TWELVE
The Economics of Information 435

Headline: Firm Chickens Out in the FCC Spectrum Auction 435
Introduction 436
The Mean and the Variance 436
Uncertainty and Consumer Behavior 439
  Risk Aversion 439
  Managerial Decisions with Risk-Averse Consumers 439
Consumer Search 441
Uncertainty and the Firm 444
  Risk Aversion 444
  Producer Search 448
Profit Maximization 448
Uncertainty and the Market 450
## Contents

Asymmetric Information 450  
Adverse Selection 451  
Moral Hazard 452  
Signaling and Screening 454  
Auctions 456  
Types of Auctions 457  
   English Auction 457  
   First-Price, Sealed-Bid Auction 457  
   Second-Price, Sealed-Bid Auction 458  
   Dutch Auction 458  
Information Structures 459  
   Independent Private Values 459  
   Correlated Value Estimates 460  
Optimal Bidding Strategies for Risk-Neutral Bidders 460  
   Strategies for Independent Private Values Auctions 461  
   Strategies for Correlated Values Auctions 463  
Expected Revenues in Alternative Types of Auctions 465  
Answering the Headline 467  
Summary 467  
Key Terms and Concepts 468  
Conceptual and Computational Questions 468  
Problems and Applications 470  
Case-Based Exercises 473  
Selected Readings 474  
Inside Business 12–1: Risk Aversion and the Value of Selling the Firm: The St. Petersburg Paradox 440  
Inside Business 12–2: The Value of Information in Online Markets 445  
Inside Business 12–3: Second-Price Auctions on eBay 458  
Inside Business 12–4: Auctions with Risk-Averse Bidders 466

### CHAPTER THIRTEEN

**Advanced Topics in Business Strategy** 475

Headline: Barkley and Sharpe to Announce Plans at Trade Show 475  
Introduction 476  
Limit Pricing to Prevent Entry 477  
   Theoretical Basis for Limit Pricing 477  
   Limit Pricing May Fail to Deter Entry 479  
   Linking the Preentry Price to Postentry Profits 480  
      Commitment Mechanisms 480  
      Learning Curve Effects 481  
      Incomplete Information 482  
      Reputation Effects 482  
   Dynamic Considerations 483  
Predatory Pricing to Lessen Competition 485
CHAPTER FOURTEEN
A Manager's Guide to Government in the Marketplace

Headline: FTC Conditionally Approves $10.3 Billion Merger
Introduction
Market Failure
Market Power
Antitrust Policy
Price Regulation
Externalities
The Clean Air Act
Public Goods
Incomplete Information
Rules against Insider Trading
Certification
Truth in Lending
Truth in Advertising
