Contents

Preface xi
Contributors xiii

INTRODUCTION

1. Advancing Methods and Measurement: Supporting Theory and Keeping Pace with the Modern Political Communication Environment 3
   R. Lance Holbert, The Ohio State University, and Erik P. Bucy, Indiana University

I. SURVEY METHODOLOGY

2. Challenges and Opportunities of Panel Designs 19
   William P. Eveland, Jr., The Ohio State University, and Alyssa C. Morey, The Ohio State University

3. The Rolling Cross-Section: Design and Utility for Political Research 34
   Kate Kenski, University of Arizona, Jeffrey A. Gottfried, University of Pennsylvania, and Kathleen Hall Jamieson, University of Pennsylvania

4. Political Communication Survey Research: Challenges, Trends, and Opportunities 55
   Lindsay H. Hoffman, University of Delaware, and Dannagal Goldthwaite Young, University of Delaware

II. SECONDARY ANALYSIS AND META-ANALYSIS

5. Secondary Analysis in Political Communication Viewed as a Creative Act 81
   R. Lance Holbert, The Ohio State University, and Jay D. Hmielowski, The Ohio State University

6. Comparing the ANES and NAES for Political Communication Research 96
   Michael W. Wagner, University of Nebraska–Lincoln

7. The Implications and Consequences of Using Meta-Analysis for Political Communication 114
   Mike Allen, University of Wisconsin–Milwaukee, David D’Alessio, University of Connecticut–Stamford, and Nancy Burrell, University of Wisconsin–Milwaukee
III. EXPERIMENTAL METHODS

   Shanto Iyengar, Stanford University

9. Expressing versus Revealing Preferences in Experimental Research
   Yanna Krupnikov, Indiana University, and Adam Seth Levine, Vanderbilt University

10. The Face as a Focus of Political Communication: Evolutionary Perspectives and the Ethological Method
    Patrick A. Stewart, University of Arkansas, Frank K. Salter, Max Planck Research Group, and Marc Mehu, University of Geneva

11. Multi-Stage Experimental Designs in Political Communication Research
    Glenn J. Hansen, University of Oklahoma, and Michael Pfau, University of Oklahoma

IV. CONTENT ANALYSIS

    Maria Elizabeth Grabe, Indiana University, and Erik P. Bucy, Indiana University

13. Identifying Frames in Political News
    Dennis Chong, Northwestern University, and James N. Druckman, Northwestern University

14. Content Analysis in Political Communication
    William L. Benoit, Ohio University

V. DISCOURSE ANALYSIS

15. The Use of Focus Groups in Political Communication Research
    Sharon E. Jarvis, University of Texas–Austin

16. Genealogy of Myth in Presidential Rhetoric
    Robert L. Ivie, Indiana University, and Oscar Giner, Arizona State University

VI. NETWORK AND DELIBERATION ANALYSIS

17. Methods for Analyzing and Measuring Group Deliberation
    Laura W. Black, Ohio University, Stephanie Burkhalter, Humboldt State University, John Gastil, University of Washington, and Jennifer Stromer-Galley, University of Albany–SUNY
Scott D. McClurg, Southern Illinois University

VII. COMPARATIVE POLITICAL COMMUNICATION

19. Mediatization of Politics: Toward a Conceptual Framework for Comparative Research
Jesper Strömbäck, Mid Sweden University

20. International Applications of Agenda-Setting Theory’s Acapulco Typology
Maxwell E. McCombs, University of Texas–Austin, Salma Ghanem, Central Michigan University, Federico Rey Lennon, Catholic University, Argentina, R. Warwick Blood, University of Canberra, Australia, Yi-Ning (Katherine) Chen, National Chengchi University, Taiwan, and Hyun Ban, University of Incheon

21. Political Communication across the World: Methodological Issues Involved in International Comparisons
Christina Holtz-Bacha, University of Erlangen-Nürnberg, Germany, and Lynda Lee Kaid, University of Florida

VIII. STATISTICAL TECHNIQUES

22. Expanding the Use of Structural Equation Modeling (SEM) in Political Communication
R. Lance Holbert, The Ohio State University, and Heather L. LaMarre, University of Minnesota

23. Mediation and the Estimation of Indirect Effects in Political Communication Research
Andrew F. Hayes, The Ohio State University, Kristopher J. Preacher, University of Kansas, and Teresa A. Myers, The Ohio State University

24. Time Series Analysis and the Study of Political Communication
Jennifer Jerit, Florida State University, and Adam F. Simon, Yale University

IX. MEASUREMENT

25. Concept Explication in the Internet Age: The Case of Political Interactivity
S. Shyam Sundar, The Pennsylvania State University, and Saraswathi Bellur, The Pennsylvania State University

John E. Newhagen, University of Maryland
27. What the Body Can Tell Us About Politics: The Use of Psychophysiological Measures in Political Communication Research 525
   Erik P. Bucy, Indiana University, and Samuel D. Bradley, Texas Tech University

CONCLUSION

   Gerald M. Kosicki, The Ohio State University, Douglas M. McLeod, University of Wisconsin–Madison, and Jack M. McLeod, University of Wisconsin–Madison
