# Table of contents

(1) INTRODUCTION

1.1 Statement of the problem ................................................................. 1

1.2 Objectives of the study ....................................................................... 2

1.3 Prior studies on commercial websites .................................................... 2

1.4 Choice of Germany and Egypt ............................................................... 5

1.5 Hypotheses and questions of the study .................................................. 6

1.6 Method .................................................................................................. 7

1.7 Significance of the study ...................................................................... 8

1.8 The importance of content analysis for current study ............................. 8

1.9 Thesis content ..................................................................................... 9

(2) THEORETICAL BACKGROUND

2.1 Uses and gratifications theory ............................................................... 12

2.1.1 Historical background ..................................................................... 12

2.1.2 Purposes of the theory ..................................................................... 13

2.1.3 Assumptions of theory ..................................................................... 13

2.1.4 Models of uses and gratifications theory ......................................... 14

2.1.5 Cultural differences in uses and gratifications .................................. 16

2.1.6 The basic elements of uses and gratifications theory ....................... 17

2.1.7 The perspective of uses and gratifications in Internet use .................. 21

2.1.8 Criticism of uses and gratifications theory ...................................... 23

2.2 Interactive nature of CMC .................................................................. 25

2.2.1 The concept of interactivity ............................................................. 25

2.2.2 Dimensions of interactivity ............................................................... 29

2.2.3 Types of interactivity ....................................................................... 37

2.2.4 CMC as interactive communication ............................................... 41

2.3 Online advertising .............................................................................. 47

2.3.1 Concept of online advertising ......................................................... 47

2.3.2 Birth and Development ................................................................... 48

2.3.3 The differences between online advertising and other forms of advertising ................................................................. 49

2.3.4 Functions of online ads ................................................................. 51

2.3.5 Types of online advertisements ....................................................... 52

2.3.6 Online advertising formats ............................................................. 55

2.3.7 Features of online advertising ......................................................... 65
5.1 Questions of survey study ................................................................. 105

- Demographic characteristics of the sample ........................................... 105
- The characteristics of using the Internet ............................................... 106
- The characteristics of using commercial websites in each country ............. 107
- What are the motivations of using commercial websites in each country? .... 108

- H1. There is a significant effect for demographic variables of users on their usage's motives of commercial websites: ............................................. 114
- H2. Consumers' motives of using commercial sites have a significant effect on the consumers' time spent on these websites ........................................... 117
- H3. Motivations of using commercial websites are positively associated with the attitudes toward using these websites ............................................. 119
- H4. Obtained gratifications from commercial websites are positively associated with the attitudes toward these websites ............................................. 122
- H5. Motivations of the commercial websites are positively associated with obtained gratifications ............................................................. 125
- H6. Attitudes toward using commercial websites have a significant effect on the time spent on these websites ...................................................... 127
- H7. The consumers' time spent on commercial websites have a significant effect on consumers' gratifications from these websites ............................. 129
- H8. Consumers' gratifications from commercial websites have a significant effect on the consumers' time spent on these websites ............................. 131
- H9. There is a significant difference between German and Egyptian consumer's attitudes toward using commercial websites ............................. 133

5.3 Results of content analysis study .................................................... 136

- Research Question 1 .............................................................................. 136
- Research Question 2 .............................................................................. 139
- Research Question 3 .............................................................................. 144
- Research Question 4 .............................................................................. 150
- Research Question 5 .............................................................................. 152

6.1 Discussion ......................................................................................... 155
6.2 Conclusion ........................................................................................................................................ 162
6.3 Recommendations .......................................................................................................................... 163
6.4 Suggestions for further research ...................................................................................................... 163
