Foreword ix
DIANA LAURILLARD

About the Contributors xiii

List of Figures xxv

List of Tables xxvii

PART I Introduction

1. Research Methods in Mobile and Informal Learning: Some Issues 1
   NORBERT PACHLER

2. Methods for Evaluating Mobile Learning 17
   MIKE SHARPLES

3. Basic Research on Lifelong Learning: Recent Survey Findings and Reflections on “Capturing” Informal Learning 41
   D.W. LIVINGSTONE

PART II Frameworks

4. In the Workplace: Learning as Articulation Work, and Doing Articulation Work to Understand Learning 61
   PHILLIP KENT

5. “I Don’t Really See It”: Whither Case-based Approaches to Understanding Off-site and On-campus Mobile Learning? 77
   NORBERT PACHLER, JOHN COOK, CLAIRE BRADLEY
6. Using Activity-Oriented Design Methods (AODM) to Investigate Mobile Learning
   DAISY MWANZA-SIMWAMI

7. Exploring Novel Learning Practices through Co-Designing Mobile Games
   DANIEL SPIKOL

8. The Fleeting, the Situated and the Mundane: Ethnographic Approaches to Mobile Language Learning (MALL)
   CRISTINA ROS I SOLE

   JOHN TRAXLER

PART III Methods

10. Researching Informal and Mobile Learning: Leveraging the Right Resources
    MARK VAN 'T HOOFT

11. The Case for MobileHCI and Mobile Design Research Methods in Mobile and Informal Learning Contexts
    MARK A.M. KRAMER

12. In-Sights into Mobile Learning: An Exploration of Mobile Eye Tracking Methodology for Learning in Museums
    EVA MAYR, KRISTIN KNIPFER, DANIEL WESSEL

13. Using Personal Meaning Mapping to Gather Data on School Visits
    ANTHONY LELLIOTT

    JOCELYN DODD
15. Using Automatic Logging to Collect Information on Mobile Device Usage for Learning
   JON TRINDER, SCOTT ROY, JANE MAGILL

PART IV Research Designs

16. Mobile Enabled Research
    CHRISTINE DEARNLEY, STUART WALKER

17. Research 2.0: How Do We Know about the Users that Do Not Tell Us Anything?
    PATRICK MCANDREW, STEVE GODWIN, ANDREIA SANTOS

18. Newbies and Design Research: Approaches to Designing a Learning Environment using Mobile and Social Technologies
    PALMYRE PIERROUX

19. Are They Doing What They Think They’re Doing? Tracking and Triangulating Students’ Learning Activities and Self Reports
    ESRA WALI, MARTIN OLIVER, NIAI L WINTERS

PART V Way Forward

20. Issues and Requirements for Mobile Learning Research
    GIASEMI VAVOULA

21. Conclusions: Future Directions in Researching Mobile Learning
    AGNES KUKULSKA-HULME
