Advanced Concepts, Applications  
and Methods

# Contents

## Part I Concepts

|          |  |            |
|----------|--|------------|
| <b>1</b> | <b>Motivation and Introduction</b> . . . . .   | <b>3</b>   |
|          | Sebastian Möller and Alexander Raake   |            |
| <b>2</b> | <b>Quality and Quality of Experience</b> . . . . .   | <b>11</b>  |
|          | Alexander Raake and Sebastian Egger  |            |
| <b>3</b> | <b>Quality of Experience Versus User Experience</b> . . . . .  | <b>35</b>  |
|          | Ina Wechsung and Katrien De Moor   |            |
| <b>4</b> | <b>Factors Influencing Quality of Experience</b> . . . . .   | <b>55</b>  |
|          | Ulrich Reiter, Kjell Brunnström, Katrien De Moor,<br>Mohamed-Chaker Larabi, Manuela Pereira, Antonio Pinheiro,<br>Junyong You and Andrej Zgank |            |
| <b>5</b> | <b>Features of Quality of Experience</b> . . . . .   | <b>73</b>  |
|          | Sebastian Möller, Marcel Wältermann and Marie-Neige Garcia   |            |
| <b>6</b> | <b>Quality of Service Versus Quality of Experience</b> . . . . .   | <b>85</b>  |
|          | Martín Varela, Lea Skorin-Kapov and Touradj Ebrahimi   |            |
| <b>7</b> | <b>Business Perspectives on Quality of Experience</b> . . . . .  | <b>97</b>  |
|          | Andrew Perkis, Peter Reichl and Sergio Beker   |            |
| <b>8</b> | <b>Brain Activity Correlates of Quality of Experience</b> . . . . .  | <b>109</b> |
|          | Jan-Niklas Antons, Sebastian Arndt, Robert Schleicher<br>and Sebastian Möller  |            |
| <b>9</b> | <b>Evoking Emotions and Evaluating Emotional Impact</b> . . . . .  | <b>121</b> |
|          | Robert Schleicher and Jan-Niklas Antons  |            |

|   |  |     |
|---|--|-----|
| <b>10</b>                                   | <b>Temporal Development of Quality of Experience</b> . . . . .   | 133 |
|   | Benjamin Weiss, Dennis Guse, Sebastian Möller,<br>Alexander Raake, Adam Borowiak and Ulrich Reiter                     |     |
| <b>11</b>                                   | <b>Quality of Experience and Interactivity</b> . . . . .   | 149 |
|   | Sebastian Egger, Peter Reichl and Katrin Schoenenberg  |     |
| <br><b>Part II Applications and Methods</b> |  |     |
| <b>12</b>                                   | <b>Speech Communication</b> . . . . .  | 165 |
|   | Nicolas Côté and Jens Berger   |     |
| <b>13</b>                                   | <b>Text-To-Speech Synthesis</b> . . . . .  | 179 |
|   | Florian Hinterleitner, Christoph Norrenbrock, Sebastian Möller<br>and Ulrich Heute                                     |     |
| <b>14</b>                                   | <b>Audiovisual Communication</b> . . . . .   | 195 |
|   | Markus Vaalgamaa and Benjamin Belmudez   |     |
| <b>15</b>                                   | <b>Multimedia Conferencing and Telemeetings</b> . . . . .  | 213 |
|   | Janto Skowronek, Katrin Schoenenberg and Gunilla Berndtsson  |     |
| <b>16</b>                                   | <b>Audio Transmission</b> . . . . .  | 229 |
|   | Bernhard Feiten, Marie-Neige Garcia, Peter Svensson<br>and Alexander Raake   |     |
| <b>17</b>                                   | <b>Spatial Audio Rendering</b> . . . . .   | 247 |
|   | Matthias Frank, Franz Zotter, Hagen Wierstorf and Sascha Spors   |     |
| <b>18</b>                                   | <b>Haptics</b> . . . . .   | 261 |
|   | Rahul Chaudhari, Ercan Altinsoy and Eckehard Steinbach   |     |
| <b>19</b>                                   | <b>Video Streaming</b> . . . . .   | 277 |
|   | Marie-Neige Garcia, Savvas Argyropoulos, Nicolas Staelens,<br>Matteo Naccari, Miguel Rios-Quintero and Alexander Raake |     |
| <b>20</b>                                   | <b>3D Video</b> . . . . .  | 299 |
|   | Pierre Lebreton, Marcus Barkowsky, Alexander Raake<br>and Patrick Le Callet  |     |
| <b>21</b>                                   | <b>Crowdsourcing in QoE Evaluation</b> . . . . .   | 315 |
|   | Tobias Hoßfeld and Christian Keimel  |     |

|           |  |     |
|-----------|--|-----|
| <b>22</b> | <b>Web Browsing</b> . . . . .  | 329 |
|           | Dominik Strohmeier, Sebastian Egger, Alexander Raake,<br>Tobias Hoßfeld and Raimund Schatz |     |
| <b>23</b> | <b>Mobile Human–Computer Interaction</b> . . . . .   | 339 |
|           | Robert Schleicher, Tilo Westermann and Ralf Reichmuth                                      |     |
| <b>24</b> | <b>Sensory Experience: Quality of Experience Beyond<br/>Audio-Visual</b> . . . . .         | 351 |
|           | Christian Timmerer, Markus Waltl, Benjamin Rainer<br>and Niall Murray                      |     |
| <b>25</b> | <b>Gaming</b> . . . . .  | 367 |
|           | Justus Beyer and Sebastian Möller  |     |
| <b>26</b> | <b>Recognition Tasks</b> . . . . .   | 383 |
|           | Lucjan Janowski, Mikołaj Leszczuk, Mohamed-Chaker Larabi<br>and Anna Ukhanova              |     |
| <b>27</b> | <b>Perception of Quality Changes in Wireless Networks</b> . . . . .                        | 395 |
|           | Blazej Lewcio and Sebastian Möller   |     |
| <b>28</b> | <b>QoE-Based Network and Application Management</b> . . . . .                              | 411 |
|           | Raimund Schatz, Markus Fiedler and Lea Skorin-Kapov  |     |
|           | <b>Index</b> . . . . .   | 427 |
