1 Introducing pro-social and anti-social behaviour 1
   Introducing pro-social behaviour 2
      Real-life examples 3
      Why help others? 3
      The Kitty Genovese tragedy 4
      Defining pro-social behaviour 5
   Introducing anti-social behaviour 7
      Hostile and instrumental aggression 7
      Anti-social aggression 8
      Pro-social aggression 9
      Sanctioned aggression 10
   Psychological approaches to pro-social behaviour 10
   Psychological approaches to anti-social behaviour 11

Section I PRO-SOCIAL BEHAVIOUR 13

2 Traditional explanations of pro-social behaviour 15
   Biological explanations 15
      Natural selection 15
      Reciprocal altruism 15
3 Social-psychological explanations of pro-social behaviour 23

Norm theories 23
  Reciprocity norm 24
  Social responsibility norm 25
  Personalised norms 26

Empathy and arousal in pro-social behaviour 29
  Introduction 29
  The negative-state relief model 30
  The empathy-altruism model 32
  The empathic-joy hypothesis 33
  Empathic joy in children 34

Cognitive explanations of pro-social behaviour 35
  The Latané and Darley cognitive model 35
  Attributions and helping 39
  Cost-benefit analysis 39

Summary 41

4 Individual and environmental explanations of pro-social behaviour 43

Personal determinants of helping: who helps whom? 43
  Characteristics of the potential helper 43
  Characteristics of those in need 47

Gender and cultural differences in pro-social behaviour 48
  Introduction 48
  Gender differences 48
  Cultural differences 49
  Field research 49
  In-group and out-group behaviour 50

Situational determinants of helping behaviour 51
  City versus rural life 51
  The stimulus overload theory 52
CONTENTS

Pro-social behaviour and environmental psychology 52
  Pleasant odours 53
  Noise 53
  Density and crowding 54
  Temperature 54
Summary 55

5  Bystander effects on pro-social behaviour 57
Bystander effects in the laboratory 57
  The Darley and Latané studies 57
  Further Darley and Latané studies 59
Explaining bystander effects in the laboratory 60
  Audience inhibition 60
  Diffusion of responsibility 60
  Pluralistic ignorance 61
Bystander effects in the natural environment 62
  Introduction 62
  Subway samaritans 64
Summary 66

Section II  ANTI-SOCIAL BEHAVIOUR 67

6  Traditional explanations of anti-social behaviour 69
Instinct theories of anti-social behaviour 69
  Freud on aggression 69
  Lorenz on aggression 70
Social learning and aggression 72
  Introduction 72
  Laboratory studies of imitation and reinforcement 72
  Cultural diversity and learning 75
Summary 76

7  Social psychological explanations of anti-social behaviour 79
The frustration-aggression hypothesis 80
  Laboratory demonstrations of frustration-aggression 80
  Measuring aggression in the laboratory 81
  Variables affecting frustration-aggression 82
  Frustration and anti-social behaviour 83
The weapons effect  85
  Laboratory demonstrations of the weapons effect  86
  Weapons and cultural differences  87
The excitation transfer theory  88
  Experimental support  89
  Cognitive neoassociationism  90
The social construction of aggression  91
  Impression management  92
  Social constructionism and aggressive crowds  92
Deindividuation and anti-social behaviour  93
  Laboratory studies of deindividuation  94
  Deindividuation in children  95
  Extremes of deindividuation  96
Summary  97

8 Individual and environmental explanations of anti-social behaviour  99
Anti-social behaviour and the individual  99
  Personality and aggression  99
  Dispositional anti-social behaviour  100
  Determinants of dispositional aggression  101
  Alcohol consumption and aggression  102
  Sexual arousal and aggression  103
  Gender differences: biological or social  105
Anti-social behaviour and environmental psychology  105
  Temperature  105
  Theories of temperature and aggression  107
  Density and crowding  107
  Noise  108
  Unpleasant odours  109
Summary  110

9 Reducing and controlling anti-social behaviour  113
Controlling aggression with punishment  113
  Punishment and children  114
  Punishment and adults  115
Catharsis and aggression reduction  116
  Catharsis and direct aggression  116
  Catharsis and sport  117
