## Contents

Foreword xi  
Preface xiii  
About the Editors xix  
List of Contributors xxi

### I  
**CONCEPTS, THEORY, METHODS**

1. Theoretical Perspectives for the Psychology of Aging in a Lifespan Context  
   **K. WARNER SCHAIE**
   - Introduction 3  
   - The Role of Pathology in Normal Aging 4  
   - Assumption of Universal Decline 4  
   - Successful, Normal and Pathological Aging 5  
   - Lifespan Theories of Psychological Aging 6  
   - Summary and Outlook 10  
   - References 10

2. Methodological Considerations for the Study of Adult Development and Aging  
   **STUART W.S. MACDONALD AND ROBERT S. STAWSKI**
   - Introduction 16  
   - Research Designs and Sampling Considerations for the Study of Adult Development and Aging 16  
   - Key Threats to the Validity of Longitudinal Designs 21  
   - Modeling Change in Studies of Aging 27  
   - Emerging Methodological Trends for the Study of Aging 32  
   - Conclusions 36  
   - Acknowledgments 36  
   - References 36

### III  
**BIO-PSYCHOSOCIAL FACTORS IN AGING**

3. Society and the Individual at the Dawn of the Twenty-First Century  
   **TONI C. ANTONUCCI, LISA BERKMAN, AXEL BORSCH-SUPAN, LAURA L. CARSTENSEN, LINDA P. FRIED, FRANK E. FURSTENBERG, DANA GOLDMAN, JAMES S. JACKSON, MARTIN KOHLI, S. JAY OLSHANSKY, JOHN ROTHER, JOHN W. ROWE, AND JULIE ZISSIMOPoulos**
   - Introduction 42  
   - A Comment on Lifespan Psychology 43  
   - Health and Health Care 44  
   - Education 48  
   - Work and Retirement 50  
   - Family Life 53  
   - Summary and Conclusions 58  
   - References 58

4. Sex Hormones and Cognitive Aging  
   **ANNA C. MCCARREY, MELISSA H. KITNER-TRIOLO, AND SUSAN M. RESNICK**
   - Introduction 66  
   - Effects of Estrogen and Testosterone in Young Adults 66  
   - Effects of Menopause and Hormone Levels on Cognition in Older Women 68  
   - Testosterone and Cognitive Aging in Men 77  
   - Conclusions and Areas for Future Research 79  
   - References 80
5. The Aging Mind in Transition: Amyloid Deposition and Progression toward Alzheimer's Disease
DENISE C. PARK AND MICHELLE E. FARRELL
Introduction 88
Amyloid Imaging 89
Models of Cognitive Transitions 90
What is the Relationship between Amyloid Deposition and Neurodegeneration? 93
Does Amyloid Deposition Invariably Lead to Cognitive Decline? 95
Modifiers of Transition to AD: Enrichment and Depletion Factors 96
Acknowledgment 99
References 99

6. Research on Human Plasticity in Adulthood: A Lifespan Agenda
SIMONE KÜHN AND ULMAN LINDENBERGER
Plasticity and Stability in Lifespan Development 106
The Supply–Demand Mismatch Model of Plasticity 106
Proposition #1: Plasticity Decreases from Childhood to Old Age 108
Proposition #2: Flexibility Increases from Childhood to Middle Adulthood, and Declines Thereafter 112
Proposition #3: Relative to Childhood, Plasticity in Adulthood and Old Age is More Often Associated with Maintenance, and Less Often with Growth 113
Plasticity and Flexibility in Relation to Gf–Gc Theory 115
Open Questions and Future Research Directions 116
Acknowledgments 119
References 119

CHANDRA A. REYNOLDS AND DEBORAH G. FINKEL
Introduction 125
Cognitive Function 126
Physical Function 128
Cross-Domain Investigations 130
Genetic Influences on Environmental Sensitivity 135
Summary and Future Directions 138
References 139

8. Memory: Behavior and Neural Basis
CINDY LUSTIG AND ZIYONG LIN
What Is Memory, and What Is Aging? 147
Brain Aging and Memory: A Complex and Dynamic Relationship 148
Control and Association: Major Influences on Age Differences in Memory 149
Modifying Factors: Qualitative and Quantitative Effects 154
Interventions: Hope for Improvement? 155
Summary and Conclusions 158
References 159

9. Audition and Language Comprehension in Adult Aging: Stability in the Face of Change
ARTHUR WINGFIELD AND AMANDA LASH
Introduction 166
Age-Related Hearing Loss 167
Compensation Through Linguistic Knowledge 171
Downstream Effects of Perceptual Effort 179
Broader Issues of Age-Related Hearing Loss 180
Conclusions 181
References 182

10. Exercise, Cognition, and Health
KIRK I. ERICKSON AND TERESA LIU-AMBROSE
Introduction 187
Definitions 188
Epidemiological Studies 189
Conclusion 196
References 197

III
BEHAVIORAL PROCESSES

11. Personality and Health: Reviewing Recent Research and Setting a Directive for the Future
PATRICK L. HILL AND BRENT W. ROBERTS
Personality Traits: Definitions and Classifications 206
Dispositions and Health: A Brief History of Models in the Field 207
CONTENTS

Part 3: Bereavement, Grief, and Mourning in Contemporary Society  483

Conclusion  487

References  487
