The Centrosome in Cell Replication and Early Development

Edited by

Robert E. Palazzo
Department of Molecular Biosciences
University of Kansas
Lawrence, Kansas

Gerald P. Schatten
Department of Obstetrics–Gynecology and Cell and Developmental Biology
Oregon Regional Primate Research Center
Oregon Health Sciences University
Beaverton, Oregon
Contents

Contributors xv
Preface xix

1
The Centrosome and Parthenogenesis
Thomas Küntziger and Michel Bornens

I. Introduction  1
II. Toward a Functional Description of the Centrosome  2
III. The Centrosome Organelle versus Self-Assembled Centers  12
IV. Centrosome Reproduction and the Parthenogenetic Activity of the Centrosome  13
V. Conclusion  18
References  19

2
γ-Tubulin
Berl R. Oakley

I. Centrosomes and Microtubule Nucleation  27
II. γ-Tubulin and the Tubulin Superfamily of Proteins  30
III. Distribution of γ-Tubulin in Cells  33
IV. Studies of γ-Tubulin Function  39
V. γ-Tubulin and Microtubule Assembly: Current Knowledge and Unanswered Questions  45
VI. Concluding Remarks  49
References  49

3
γ-Tubulin Complexes and Their Role in Microtubule Nucleation
Ruwanthi N. Gunawardane, Sofia B. Lizarraga, Christiane Wiese, Andrew Wilde, and Yixian Zheng

I. Introduction  55
II. Biochemical and Structural Studies of γTuRC and γTuSC  57

vii
Comparative Structural, Molecular, and Functional Aspects of the Dictyostelium discoideum Centrosome
Ralph Gräf, Nicole Brusis, Christine Daunderer, Ursula Euteneuer, Andrea Hestermann, Manfred Schliwa, and Masahiro Ueda

I. Introduction 161
II. Comparative Morphology of the Dictyostelium Centrosome 163
III. Comparative Analysis of Dictyostelium Centrosome Duplication 167
IV. Comparative Molecular Biology of the Dictyostelium Centrosome 171
V. Conclusions 179
References 179

Are There Nucleic Acids in the Centrosome?
Wallace F. Marshall and Joel L. Rosenbaum

I. Introduction 187
II. Do Centrioles or Centrosomes Contain DNA? 188
III. Do Centrosomes Contain RNA? 197
IV. Conclusions 201
References 202

Basal Bodies and Centrioles: Their Function and Structure
Andrea M. Preble, Thomas M. Giddings, Jr., and Susan K. Dutcher

I. Introduction to Centrioles and Basal Bodies 207
II. The Structure of Centrioles and Basal Bodies 212
III. The Function of Basal Bodies and Centrioles as Revealed by Mutational Analysis 221
IV. Basal Body/Centriole Replication 226
References 228
## Centrosome Reduction during Mammalian Spermiogenesis

*G. Manandhar, C. Simerly, and G. Schatten*
