This book contains information obtained from authentic and highly regarded sources. Reprinted material is quoted with permission, and sources are indicated. A wide variety of references are listed. Reasonable efforts have been made to publish reliable data and information, but the author and the publisher cannot assume responsibility for the validity of all materials or for the consequences of their use.

Neither this book nor any part may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopying, microfilming, and recording, or by any information storage or retrieval system, without prior permission in writing from the publisher.

All rights reserved. Authorization to photocopy items for internal or personal use, or the personal or internal use of specific clients, may be granted by CRC Press LLC, provided that $1.50 per page photocopied is paid directly to Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923 USA. The fee code for users of the Transactional Reporting Service is ISBN 0-8493-2383-5/01/$0.00+$1.50. The fee is subject to change without notice. For organizations that have been granted a photocopy license by the CCC, a separate system of payment has been arranged.

The consent of CRC Press LLC does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific permission must be obtained in writing from CRC Press LLC for such copying.

Direct all inquiries to CRC Press LLC, 2000 N.W. Corporate Blvd., Boca Raton, Florida 33431.

Table of Contents

Chapter 1
Introduction: Evolution of Ideas on the Tight Junction................................. 1
James Melvin Anderson and Marcelino Cereijido

Chapter 2
Ultrastructure and Immunolabeling of the Tight Junction ......................... 19
Eveline E. Schneeberger and Robert D. Lynch

Chapter 3
Tight Junctions in Invertebrates ............................................................. 39
Nancy J. Lane

Chapter 4
Tight Junction Permeability to Ions and Water ........................................ 61
Luis Reuss

Chapter 5
The Relationship between Structure and Function of Tight Junctions ........... 89
Lorenza González-Mariscal, Antonia Avila, and Abigail Betanzos

Chapter 6
General Themes in Cell–Cell Junctions and Cell Adhesion .......................... 121
Rachel Eelkema and Pamela Cowin

Chapter 7
Protein Targeting Pathways and Sorting Signals in Epithelial Cells ............. 145
Enrique Rodriguez-Boulan, Geri Kreitzer, David Cohen, Vera Bonilha, and Anne Müsch

Chapter 8
Biogenesis of Epithelial Polarity and Tight Junctions ................................ 165
Liora Shoshani and Ruben Gerardo Contreras

Chapter 9
Optical Methods for the Study of Tight Junctions ..................................... 199
Olga N. Kovbasnjak and Kenneth R. Spring
Chapter 10
Occludin and Claudins: Transmembrane Proteins of the Tight Junction
Laura L. Mitic and Christina M. Van Itallie

Chapter 11
The Cytoplasmic Plaque Proteins of the Tight Junction
Sandra Citi

Chapter 12
Organization and Regulation of the Tight Junction by the Actin–Myosin
Cytoskeleton
Alan S. Fanning

Chapter 13
Developmental Assembly of the Tight Junction
Tom P. Fleming, Bhavwanti Sheth, Fay Thomas, Irina Fesenko, and Judith Eckert

Chapter 14
Tight Junctions and Cell Surface Lipid Polarity
Nanette Kälin and Gerrit van Meer

Chapter 15
Physiological Regulation of Tight Junction Permeability by Na+-Nutrient
Cotransport
Jerrold R. Turner and James L. Madara

Chapter 16
Extracellular Macromolecules Modulate Epithelial Permeability
Simon A. Lewis

Chapter 17
Intracellular Signaling in Classical and New Tight Junction Functions
Gaëlle Benais-Pont, Karl Matter, and Maria S. Balda

Chapter 18
Regulation of Tight Junction Permeability in the Mammary Gland
Duy-Ai D. Nguyen, Neal Beeman, and Margaret C. Neville

Chapter 19
Unique Aspects of the Blood–Brain Barrier
Steven D. Wilt and Lawrence J. Rizzolo
Chapter 30
Ocular Tight Junctions in Health, Disease, and Glaucoma.................................653
Johnnie L. Underwood and Collin G. Murphy

Chapter 31
Implications of Transport via the Paracellular Pathway on Drug Development .......................................................................................................................685
Philip L. Smith and Chao-Pin Lee

Chapter 32
Pathological and Therapeutical Implications of Macromolecule Passage through the Tight Junction ..............................................................697
Alessio Fasano

Chapter 33
Functions of OSP/Claudin-11-Containing Parallel Tight Junctions: Implications from the Knockout Mouse .................................................................723
Cherie M. Southwood and Alexander Gow

Index..................................................................................................................747
