HAMLET Kills Tumor Cells by an Apoptosis-Like Mechanism—Cellular, Molecular, and Therapeutic Aspects

I. Background 2
II. Effects of Hamlet in Tumor Models 4
III. Cellular Targets of HAMLET in Tumor Cells 8
IV. HAMLET—Structural Aspects 15
V. General Discussion 21
   References 24

Survivin and Apoptosis Control
Dario C. Altieri

I. Dysregulation of Apoptosis in Cancer: An Opportunity for Rational Treatment Strategies? 31
II. Structure Function of Survivin 35
III. Selective Expression of Survivin in Cancer 39
IV. Survivin and Molecular Diagnosis of Cancer 40
V. Survivin as a Target for Cancer Therapy 41
VI. Concluding Remarks 46
   References 46

Retroviral Insertional Mutagenesis: Tagging Cancer Pathways
Harald Mikkers and Anton Berns

I. Introduction 54
II. Retroviruses 54
