INTELLECTUAL PROPERTY:
PATENTS, COPYRIGHT, TRADE MARKS
AND ALLIED RIGHTS

Fourth Edition

By
W. R. CORNISH, Q.C., LL.B., F.B.A.
Herchel Smith Professor of Intellectual Property Law,
University of Cambridge

LONDON
SWEET & MAXWELL
1999
## CONTENTS

- Preface to First Edition: v
- Preface to Second Edition: vi
- Preface to Third Edition: vii
- Preface to Fourth Edition: ix
- Table of Cases: xxv
- Table of Statutes: lxv
- Table of Statutory Instruments: lxxix
- Table of European and International Legislation: lxxx
- Table of Rules of Supreme Court: lxxxv
- Table of Conventions: lxxxvii
- Table of Treaties: xci
- Table of Abbreviations: xcri

### PART I: COMMON GROUND

1. STARTING POINTS  
   1. General  
      (1) "Intellectual property"  
      (2) Organisation of the material  
   2. Types of Intellectual Property  
      (1) Patents  
      (2) Copyright  
      (3) Trade marks and names  
      (4) Other aspirants  
         (a) Industrial designs  
         (b) Trade secrets and other confidential information  
         (c) Further demands  
   3. Pressures for Development  
      (1) Specific rights and unfair competition  
      (2) Enhancement of intellectual property  
         (a) Demands for greater protection  
         (b) Sources of United Kingdom law  
         (c) Sources of European Community law  
         (d) The E.C. Treaty and Intellectual Property  
         (e) Legal issues across state boundaries; international conventions  
         (f) International Treaties; Authority and Applicability  
      (3) Challenges to intellectual property: political  
      (4) Challenges to intellectual property: technological  
   4. Property and Monopoly: Economic Approaches  
      (1) Property Rights  
      (2) Monopolist behaviour  
      (3) The presumption against monopoly  
      (4) Intellectual property and monopoly  
   5. Division of Markets and the European Economic Area  
      (1) Dividing markets  
      (2) Exhaustion of rights  
      (3) The idea of a common market  

CONTENTS

(4) Free movement of goods .......................... 1-51
(5) Rules of competition ............................ 1-53
(6) Relation between the two policies ............... 1-55
  (a) Trade between Member States ................. 1-56
  (b) The economic counter-balance ................. 1-57
(7) Overview of the parallel importation problem ... 1-58

2. THE ENFORCEMENT OF RIGHTS .................. 2-01

1. Types of Proceeding .............................. 2-04
   (1) Civil causes of action ....................... 2-05
      (a) Owners and licensees of intellectual property 2-06
      (b) Defendants .................................. 2-07
      (c) High Court and County Court ............... 2-10
      (d) General torts covering economic loss ...... 2-12
   (2) Criminal proceedings ........................ 2-19
      (a) Offences specifically concerning intellectual property 2-20
      (b) Conspiracy to defraud ........................ 2-21
      (c) Crimes and civil relief ........................ 2-22
   (3) Administrative procedures .................... 2-23
      (a) Customs prohibition ............................ 2-23
      (b) Trading standards authorities ............. 2-24
      (c) Supervision of broadcasting .................. 2-25
      (d) Advertising Standards Authority ............. 2-26
   (4) Self-help ........................................ 2-27

2. Remedies in Civil Actions ....................... 2-28
   (1) Injunction ........................................ 2-31
      (a) Interlocutory injunction ........................ 2-32
      (b) Final injunction ................................ 2-37
   (2) Delivery up ...................................... 2-38
   (3) Damages .......................................... 2-39
      (a) Bases for assessment ........................... 2-39
      (b) Innocence ...................................... 2-42
   (4) Account of profits ................................ 2-43
   (5) “Franking” ....................................... 2-45
   (6) Remedies for acts which are not themselves infringements 2-46

3. Securing Evidence of Infringement ............... 2-47
   (1) Search order for inspection and other relief: Ant
       on Piller Order .................................... 2-48
      (a) Requirements for the order ................. 2-48
      (b) Dangers in the process ........................ 2-49
      (c) Challenges to the order ...................... 2-52
      (d) Self-incrimination ............................. 2-54
   (2) Freezing injunction for the retention of assets: Mareva
       Injunction ......................................... 2-56
   (3) Discovery of names: Norwich Pharmacal action .... 2-58
   (4) Discovery, interrogatories, inspection .......... 2-59

4. Delayed Ambush and Selective Action .......... 2-62
   (1) Limitation of Actions .......................... 2-63
   (2) Acquiescence ..................................... 2-64
   (3) Estoppels of record (res judicata) ............ 2-65
      (a) Judgment in rem ................................ 2-66
      (b) Cause of action estoppel ...................... 2-67
      (c) Issue estoppel .................................. 2-68
   (4) Actions concerning foreign intellectual property 2-72
      (a) Foreign infringements ........................... 2-72
      (b) Jurisdiction: the Brussels and Lugano Convention 2-74
      (c) Recognition and Enforcement: the Conventions 2-82
      (d) Foreign Defendant from outside E.U. and EFTA 2-83
      (e) Foreign transactions ............................ 2-84
   (5) Making others responsible ....................... 2-88
   (6) Establishing freedom from liability ............ 2-90
   (7) Threats to sue .................................... 2-91
PART II: PATENTS

3. GROWTH AND PURPOSE OF PATENTS
   1. The New Deal of 1978
   2. The British Patent System: Historical Development
      (1) Beginnings
      (2) The coming of industrialisation
   3. The “International” Patent System
      (1) Foreign impact upon national systems
      (2) Hostility to patents
      (3) Co-operation in patenting: world-wide linkages
      (4) Co-operation in patenting: Western Europe
      (5) A Second Tier Right for Western Europe?
   4. Justifying the Patent System
      (1) Basic objectives
      (2) Patents as incentives to invent and innovate
         (a) Types of inventor
         (b) Levels of invention
         (c) Optimum term for patents
      (3) Patents as an information system
   5. The Patents Act 1977: Structure and Interpretation

4. THE PATENT: GRANT AND CONTENT
   1. Obtaining a Patent
      (1) General
         (a) Parallels
         (b) Competition between the systems
         (c) Languages
      (2) Persons entitled to grant
      (3) Patent specification
      (4) Priority
      (5) Secrecy: national interest
      (6) Unity and division
      (7) Formal examination
      (8) Search and examination
         (a) Introductory
         (b) Search
         (c) Early publication of application
         (d) Amending during prosecution
         (e) The course of examination
         (f) Time limits
      (9) Grant and renewal
      (10) Objections to validity after grant
   2. Amendment
      (1) Introductory
      (2) Amendment: general
         (a) Legal requirements
         (b) The discretion
      (3) Correction of errors
   3. Claims
      (1) Claims and infringement: an introduction
      (2) Interpretation of specifications
      (3) The addressee of the specification
      (4) The application file
      (5) Types of claim
         (a) General
         (b) Chemical inventions
5. VALIDITY

1. Novelty
   (1) Introduction
   (2) Publication and use
   (3) Material available for consideration
      (a) Temporal factors
      (b) Territorial factors
      (c) Form
      (d) Degree of dissemination
      (e) Matter in prior specifications
      (f) Special exclusions
   (4) Relations between anticipation and invention in suit
      (a) The comparison
      (b) The anticipation: clarity and sufficiency of a document
      (c) The anticipation: appreciation of significance of an embodiment
   (5) Things and their uses
      (a) New thing with an advantage
      (b) New use of an old thing
      (c) Selection patents
      (d) New advantage of old thing
   (6) Exclusion by amendment

2. Inventive Step
   (1) Introduction
      (a) Terminology
      (b) Paraphrases
      (c) Objective test
      (d) Advance in the art
      (e) New advantage and new use
      (f) Perception of problem
      (g) Onus of proof
   (2) Assessing obviousness
      (a) The notional skilled worker
      (b) The uninventive technician’s knowledge
      (c) “Mosaicing”
      (d) Obscure sources: publication
      (e) Obscure sources: comprehension
   (3) The basic comparison
      (a) Proximity to the prior art
      (b) Obvious to try: chemical and biotechnological inventions
      (c) Technical advantage and commercial success

3. Industrial Application

4. Patentable Subject-Matter
   (1) Intellectual conceptions
      (a) Discoveries
      (b) Schemes for performing mental acts; presentation of information
      (c) Aesthetic creations
      (d) Computer programmes
   (2) Biological subject-matter
      (a) Methods of treating the human or animal body
      (b) Plant and animal varieties; certain processes for their production
      (c) “Ordre public” and morality

5. Clear and Complete Disclosure
   (1) General
   (2) Making the disclosure
   (3) Micro-organism Deposit
   (4) Good faith in disclosing

6. Requirements for Claims
(1) Claims and disclosure 5-101
(2) Ambiguous claims 5-106

6. SCOPE OF MONOPOLY 6-01
   1. Infringement 6-01
      (1) Introduction 6-01
      (2) The role of the claims 6-02
      (3) Types of infringing activity 6-09
          (a) Infringement during manufacture 6-11
          (b) Infringement after manufacture: general provisions 6-12
          (c) After manufacture: exhaustion of rights 6-15
          (d) Before manufacture: "indirect" and other infringements 6-17
          (e) New medical and other applications of known substances 6-20
      (4) Prior use and commencement of infringement 6-21
      (5) Proceedings concerning the infringement and validity of patents 6-23
   2. The Specification in Light of the Legal Requirements 6-28
      (1) The description 6-29
      (2) The claims 6-30
      (3) Pitfalls of saying too much 6-31

7. PROPERTY RIGHTS AND EXPLOITATION 7-01
   1. Initial Entitlement and Property Dealings 7-02
      (1) The right to grant: general 7-02
      (2) The right to grant: employees 7-03
          (a) Common law rules 7-03
          (b) The changes in the 1977 Act 7-06
          (c) Basic entitlement under the 1977 Act 7-07
          (d) Compensation and employers' inventions 7-08
          (e) Compensation and the employees' inventions 7-09
          (f) Scope of the provisions 7-10
          (g) By-passing the Act: collective agreements 7-11
          (h) By-passing the Act: individual agreements 7-12
          (i) By-passing the Act by not patenting 7-13
          (j) Administration 7-14
      (3) Dealing in rights 7-15
          (a) Formalities 7-16
          (b) The Register 7-17
      (4) Co-ownership 7-18
   2. Licences of Patents and Allied Rights 7-19
      (1) Traditional approach 7-19
      (2) Types of licence 7-20
          (a) Interests at the start 7-21
          (b) Rights in the technology 7-22
          (c) Exclusivity 7-23
      (3) Particular terms in licences 7-24
          (a) Basic obligations 7-24
          (b) Duration 7-25
          (c) Improvements 7-26
          (d) Ties 7-27
          (e) Protection for the licensor 7-28
          (f) Protection for the licensee 7-29
      (4) Competition law criteria 7-30
      (5) Development of E.C. Commission policy on patent licences 7-32
      (6) Exclusivity 7-34
      (7) Restrictive Terms 7-36
          (a) Restrictions on production and sales 7-36
          (b) Technical adequacy v. unwanted ties 7-37
          (c) Further technical advances 7-38
### PART III: CONFIDENCE

#### 8. CONFIDENTIAL INFORMATION

1. Introduction
   - (1) Nature of the liability
   - (2) Confidence and patents
   - (3) Confidence and copyright
   - (4) Historical and doctrinal

2. Requirements for Liability
   - (1) Subject-matter capable of protection
     - (a) Types of information
     - (b) Information and observation
     - (c) Public knowledge
     - (d) Public interest
     - (e) Government secrets
   - (2) Confidential obligation
     - (a) Confidence in the receipt of information
     - (b) Fiduciary duties
     - (c) Employer and employee
     - (d) Government departments and agencies
     - (e) The indirect recipient
     - (f) Absence of any relationship
   - (3) Unauthorised use
     - (a) Wrongful acts
     - (b) The defendant's state of mind
     - (c) Detriment to the plaintiff

3. Remedies
   - (1) Injunction and other equitable remedies
     - (a) Interlocutory injunctions
     - (b) Discretion to grant injunction
   - (2) Damages and other Monetary Relief

4. Confidential Information as “Property”

5. Confidence and Privacy

6. Trade Secret Misuse: Criminal Responsibility

### PART IV: COPYRIGHT AND DESIGNS

#### 9. RANGE AND AIMS OF COPYRIGHT

1. Historical Introduction
   - (1) The emergency of copyright
   - (2) Additions to copyright: nineteenth century experience
   - (3) International relations and the Act of 1911
   - (4) Developments since 1945
     - (a) The 1956 Act
     - (b) International developments
     - (c) The new activism: from 1985
     - (d) International conventions: current scope
     - (e) Copyright, unfair competition and industrial design

2. Values and Interests

3. Economic and Public Interest Perspectives
CONTENTS

(1) Market power and individual works 9-45
(2) Collective enforcement 9-49
(3) Entrepreneurs and authors 9-52
(4) The Duration of copyright 9-54

4. The 1988 Act and pre-existing works 9-56

10. SUBSISTENCE OF COPYRIGHT 10-01
   1. The General Picture 10-01
   2. The Type and Quality of Subject-Matter 10-04
      (1) Original literary, dramatic, musical and artistic works 10-04
          (a) Literary works 10-05
          (b) Dramatic works 10-11
          (c) Musical works: type and quality 10-12
          (d) Artistic works 10-13
          (e) Computer-generated works 10-22
      (2) Films 10-23
          (3) The entrepreneurial copyrights 10-26
   3. Formalities and Permanent Form 10-33
      (1) Absence of formalities 10-33
      (2) Permanent form for the work 10-34
   4. Qualification 10-36
      (1) Qualification by personal status 10-37
      (2) Connection by publication 10-38
   5. Publication 10-39
   6. Term of Copyright 10-43
      (1) Classical works of authorship 10-44
      (2) Films 10-46
      (3) Photographs 10-48
      (4) Revived copyright: protection of third parties 10-50
      (5) “Neighbouring” Copyrights 10-51
      (6) Special cases
          (a) Anonymous and pseudonymous works 10-53
          (b) Crown and Parliamentary copyright 10-55
          (7) Lesser Terms outside the EEA 10-56

11. INFRINGEMENT OF COPYRIGHT AND MORAL RIGHTS 11-01
   1. Infringement: Basic Concepts 11-01
      (1) Ownership of the original work 11-02
      (2) Misappropriation 11-03
          (a) Causal connection 11-03
          (b) Subconscious copying 11-04
          (c) Indirect copying 11-05
      (3) Substantial taking 11-06
          (a) Unaltered copying 11-08
          (b) Extent of defendant’s alteration 11-09
          (c) Character of plaintiff’s or defendant’s work 11-12
          (d) Nature of plaintiff’s effort 11-13
          (e) Extent of plaintiff’s effort 11-14
          (f) Manner in which the defendant has taken advantage of
             plaintiff’s work 11-15
          (g) Whether the defendant’s use will seriously interfere
             with the plaintiff’s exploitation of his work 11-16
          (h) Reproduction by the original author 11-17
      (4) Infringement carried out by others 11-18
   2. Classes of Prohibited Act 11-21
      (1) Rights concerned with reproduction and adaptation
          (a) Primary infringement: copying 11-23
CONTENTS

(b) Primary infringement: issuing copies, rental and lending 11-27
(c) Secondary infringement: dealings with copies 11-29

(2) Rights concerned with performance, broadcasting and cable-casting 11-30
(a) Primary infringement: the various performing rights 11-30
(b) Performance in public 11-33
(c) Broadcasting 11-34
(d) Cable-casting 11-36
(e) Secondary infringement: performances 11-37

3. “Fair Dealing” and Like Exceptions 11-38
(1) Fair Dealing 11-38
(a) General 11-38
(b) Research or private study 11-40
(c) Reporting current events 11-41
(d) Criticism or review 11-42
(2) Other Exceptions 11-43
(a) Exceptions designed to encourage collective licensing schemes 11-44
(b) Exceptions concerning artistic works 11-45
(c) Broadcasts and cable-casts 11-46
(d) Public administration 11-50
(e) Miscellaneous 11-51

4. Public Policy 11-55
(1) Policy against legal protection 11-56
(2) Policy favouring dissemination 11-57

5. Actions for Infringement 11-58
(1) Damages 11-59
(2) Presumptions in copyright infringement actions 11-62

6. Moral Rights 11-63
(1) Protection of authors under general legal rules 11-66
(2) Right to be identified 11-69
(a) Entitlement and duration 11-69
(b) Assertion 11-70
(c) Preclusion 11-71
(d) Acts covered 11-72
(e) Impact 11-74
(3) Right to object to derogatory treatment 11-75
(a) Entitlement and duration 11-75
(b) Exercise and preclusion 11-78
(c) Acts covered 11-80
(d) Impact 11-81
(4) False attribution 11-83
(5) Right to privacy 11-85
(6) Overall significance 11-87

12. PROPERTY RIGHTS AND EXPLOITATION 12-01
1. Initial Ownership 12-04
(1) Literary, dramatic, musical and artistic works; films 12-04
(a) Legal framework 12-04
(b) Employment 12-05
(c) Contracts to the contrary 12-07
(d) Copyright extended and revived 12-08
(2) Entrepreneurial copyright 12-10

2. Assignments and Licensing 12-11
(1) The distinction 12-11
(2) Formal requirements 12-12
(a) Statutory provisions 12-12
(b) Implied licences 12-13
(c) Trans-national movement of goods 12-14
(3) Co-ownership by copyright 12-19
3. Dealings Based on Copyright
   (1) Types of dealing
   (2) Legal controls on bargaining
      (a) Restraint of trade
      (b) Undue influence
      (c) E.C. competition law
   (3) The main copyright industries
      (a) Publishing
      (b) Music
      (c) Screenwriting: film, television and video
      (d) Visual Arts
4. Control of Monopoly
   (1) The 1988 Act
   (2) The Copyright Tribunal
   (3) Dominant position of the E.C.

13. COPYRIGHT: PARTICULAR CASES
1. The Media and the Public Interest in News
   (1) Copyright in news
   (2) Fair dealing and recorded speech
   (3) Organisation and journalist
2. Reprography and Recording: Educational and Private Copying
   (1) Visual copies of literary and other material
   (a) Fair dealing and other exceptions
   (b) The reprography problem
   (c) Rights for publishers
   (2) Audio and video copying
3. Computers: Software, Output, Databases
   (1) Computer programs
      (a) Existence of copyright
      (b) Exclusive rights
      (c) Substantial taking
      (d) Exceptions
   (2) Output
   (3) Databases
4. Cable and Satellite Transmission
5. Digitised Material: Multi-media
   (1) Work
   (2) Author
   (3) Adaptation
   (4) Moral right of integrity
6. Material on the Internet
   (1) Introductory
      (a) International and regional law-making
      (b) Private international law and procedure
   (2) British Law and its amendment
      (a) Illicit material
      (b) Legitimate material
7. Rights in Performances
   (1) The new law
   (2) Other characteristics
   (3) Remedies for infringement
8. Public Lending Right
   (1) Background
   (2) The PLR Scheme for books
   (3) Public “rental”
9. Artists’ Resale Right: Droit de Suite
10. Crown and Parliamentary Copyright
14. INDUSTRIAL DESIGN

1. Background
   (1) Origins of design registration
   (2) Copyright Act 1911
   (3) Copyright Act 1956
   (4) Design Copyright Act 1968
   (5) British Leyland v. Armstrong; Canon v. Green Cartridge
   (6) Order of the chapter

2. Registered Designs
   (1) Requirements for a registrable design (validity)
      (a) Novelty
      (b) The whole article and parts
      (c) Construction method
      (d) "Must match"
      (e) Immaterial appearance
      (f) Functional features
      (g) Illegality or immorality
   (2) Proprietorship and dealings
   (3) Registration and term
   (4) Property Rights
   (5) Infringement
   (6) Control of monopoly
   (7) Crown use

3. Artistic Copyright
   (1) The exclusion of design documents and models
      (a) "Design document or model recording or
         embodying a design for anything other than an
         artistic work..."
      (b) "Any aspect of shape or configuration... other
