# TABLE OF CONTENTS

**ACKNOWLEDGEMENTS**  xiii  
**ABBREVIATIONS**  xv  
**INTRODUCTION**  1  
**PART 1 – INTERNATIONAL LAW IN AN UNEQUAL WORLD**  13  

### I INEQUALITY IN THE INTERNATIONAL COMMUNITY  15  
- A. Widening Global Disparities on the Large  16  
- B. Wither Global Inequality?  22  
- C. International Law  28  
- D. Inequality  31  
- E. Growing Disparities  36  
- F. The International Law of Global Disparities  41  

**Conclusion**  45  

### II WORLD INEQUALITY AND THE 1982 UN CONVENTION ON THE LAW OF THE SEA  49  
- A. Domains of Disparity in the Law of the Sea – Old and New  49  
- B. Disparity and the 1982 Convention: Preambular Aspects  53  
- C. UNCLOS III: The North-South Agenda in the Traditional Domains  58  
  1. Institutional Context  60  
  2. Substantive Law Context  67
D. The North-South Dialogue in the Second Committee of UNCLOS III: Global Wealth Redistribution Through Extended Coastal State Jurisdiction

1. The Significance of the EEZ in Global Wealth Redistribution 71
2. The Nature of the General Preference Given to Developing States Concerning Fisheries Access to the EEZ 73
3. The Needs and Interests of Developing Land-Locked and Geographically Disadvantaged States 75

E. The North-South Dialogue in the Third Committee of UNCLOS III: Legal Aspects of International Cooperation for Development and Global Sharing in the Oceans 82

1. Protection and Preservation of the Marine Environment 83
2. Marine Scientific Research 89
3. Development and Transfer of Marine Technology 95
4. International Cooperation and Extended Coastal State Jurisdiction as Complementary Principles of the New Ocean Order 102

1. Revitalizing the Unrealized Promise of the EEZ 109
2. From UNCLOS to UNCED: Transforming the Legal Framework of Global Inequality 113
3. The Legal Basis of Capacity-Building for Sustainable Development in the Oceans 119
4. The International Law of Global Disparities versus The International Law of Sustainable Development 140

Conclusion 150
PART 2: – THE COMMON HERITAGE OF HUMANITY AND WORLD INEQUALITY

III THE COMMON HERITAGE OF HUMANITY: A LEGAL PRE-HISTORY

   B. A Question of Frontiers: The Area and its Resources
      1. Towards Internationalizing the Deep Seabed
      2. The Stakes Behind Internationalization
      3. International Law on the Margins of the Deep Seabed
      4. The Omnipresence of the Continental Shelf

   Conclusion

IV BEYOND MARE LIBERUM AND MARE CLAUSUM: THE COMMON HERITAGE OF HUMANITY AS A FUNDAMENTAL PRINCIPLE OF INTERNATIONAL LAW

   A. The Common Heritage of Humanity Principle and Part XI of the 1982 Convention
      1. Textual Overview
      2. The Severability of the Common Heritage of Humanity Principle from the Seabed Mining Regime
      3. The Special Legal Status of the Area and the Principles Governing the Area
   B. The Common Heritage of Humanity Principle as Plea for Development and Peace
      1. New Deep Sea Resources and The Development Imperative
      2. Developing Countries and the “Race to Grab” the Deep Seabed
      3. Global Distributive Justice and the Question of Continental Shelf Outer Limits
      4. The Question of Limits (Again) and the Common Heritage of Humanity Principle
5. The Programmatory Law of the Common Heritage of Humanity 295

6. The Reservation of the Common Heritage for Peaceful Purposes 313

C. The Common Heritage of Humanity and the Principle of Benefit-Sharing 320
   1. Benefit of Humanity as a Rule of Decision 323
   2. Benefit of Humanity and the Special Needs and Interests of the Developing Countries 326
   3. The Interests and Needs of Developing Countries under Part XI of the 1982 Convention 329

D. The Common Heritage as Environment 332
   1. Overcoming a Sectoral Approach to Marine Environmental Protection 334
   2. Existing Environmental Law for the Area and its Resources 337
   3. International Responsibility under the Environmental Law of the Area and its Resources 340
   4. Scientific Research and the Environmental Protection Regime for the Area 342
   5. Institutional Aspects of Sustainable Development of the Area and its Resources 347

Conclusion 349

V THE INSTITUTIONAL ELEMENT OF THE COMMON HERITAGE PRINCIPLE: TOWARDS AN INTERNATIONAL ORGANIZATION FOR SUSTAINABLE DEVELOPMENT? 359

A. The Institutional Significance of the Common Heritage of Humanity Principle 363
   1. Pre-1970 Developments: The Basic Issue in International Organization Defined 363
   2. The Issue of International Machinery in the Seabed Committee 370
   3. The Developing Countries: The Common Heritage of Humanity Principle as a New Modality of International Organization 372
4. The Industrialized Countries: An International Agency to Promote and Guarantee Assured Access to Seabed Mineral Resources 376

5. The Impact of the Declaration of Principles Resolution on the Original Positions on International Machinery 380

1. Activities Contemplated by the Regime 389
2. Assured Access to Nodules Under the Parallel System 395

1. Towards a Universal Interest in the Universality of the Convention 426
2. Stability and Change in the Deep Seabed Regime 429
3. The 1994 Implementation Agreement as Process 438

Conclusion 452

VI GENERAL CONCLUSIONS:
The International Law of Sustainable Development and the Future of the Common Heritage Principle in a World of Growing Disparity 461

APPENDIX
United Nations General Assembly Res. 2749 (17 Dec 1970): Declaration of Principles Governing the Sea-bed and the Ocean Floor and the Subsoil Thereof Beyond the Limits of National Jurisdiction 475
