**Introduction: A Novel Legal Perspective on a Meteorological Phenomenon**  
1. Reasons for This Research  
2. Problem Definition  
3. Research Questions, Structure and Methodology  

**Chapter 1**  
Climate Change and Uncertainty: Defining the Framework Setting of a Global Problem  
1. Introduction  
2. The Terminology of Climate Change  
3. A Brief History of Scientific Evidence of Climate Change  
4. Measuring and Forecasting Climate Change: The Actual, Calculated, and Estimated Consequences  
   4.1. Factual Effects  
      4.1.1. General Temperature Rise  
      4.1.2. The Rise in Sea Level  
      4.1.3. Extreme Weather Events  
      4.1.4. Infectious Diseases and Other Health Problems  
      4.1.5. Ecological Harm to Flora and Fauna  
      4.1.6. Other Predicted Effects
Table of Contents

4.1.7. Abrupt Climate Change 33
4.1.8. Conclusion on Climate Change Effects 33
4.2. Socio-economic and Financial Implications 35
   4.2.1. The Costs of Mitigation 37
   4.2.2. The Costs of Adaptation 38
   4.2.3. The Estimated Climate Change Damage Costs 40
5. The Thin Line between Ignorance, Ambiguity, Risk and Uncertainty 41
6. The Particularities of Climate Change Risks and Uncertainties 49
   6.1. Climate Change Risk 49
   6.2. Climate Change Uncertainty 50
      6.2.1. The Example of the Pole Caps 58
      6.2.2. Other Major Climate Change Uncertainties 59
   6.3. Conclusion on Climate Change Risks and Uncertainties 60
7. Efforts to Govern Climate Change despite Uncertainties 61
   7.1. The IPCC and the UNFCCC Origins as of 1988 61
   7.2. The UNFCCC and the Kyoto Protocol as of 1997 62
   7.3. The Post-Kyoto Setting: Negotiations for 2012 and After 63
   7.4. Mitigation through Emissions Reductions in Practice 65
   7.5. Adaptation Processes in Practice 70
   7.6. Conclusions on the Efforts to Govern Climate Change 71
8. Conclusion 72

Chapter 2
The Precautionary Principle as a Measure to Handle Uncertainty 75
1. Introduction 75
2. Responding to Societal Needs: From Prevention to Precaution 77
3. The Development and Core Elements of the Precautionary Principle as an Instrument to Regulate Uncertainty 79
4. The Legal Status and Judicial Application of the Precautionary Principle 84
   4.1. The Legal Nature of Precaution as a Principle and Its Legal Implications 84
   4.2. Recognition of the Precautionary Principle on National Level 87
   4.3. The Recognition of the Precautionary Principle at European Level 93
   4.4. The Recognition of the Precautionary Principle at International Level 98
5. The Precautionary Principle in Climate Change Policy 103
6. Countering Common Criticism on the Precautionary Principle 110
7. The Risk Trade-Offs Inherent in the Precautionary Principle 113
8. The Main Modalities of the Precautionary Principle 119
   8.1. Overview of the Main Versions of the Precautionary Principle 119
   8.2. The Three Main Versions of the Precautionary Principle for the Purpose of This Research in Content 127
   8.3. The Procedural Precautionary Principle 129
9. Conclusion 136
Table of Contents

Chapter 3
Establishing the Conditions of Liability Law in the Face of Climate Change Uncertainties 139

1. Introduction 139

2. Climate Change Liability Constellations and the Goals of Liability Law 143
   2.1. Possible Liability Scenarios 144
   2.2. The Compatibility of Climate Change Liability with the Goals of Liability Law 146
   2.3. Conclusion on Climate Change Liability Constellations and Goals 151

3. Identifying the Most Problematical Aspects of Climate Change Liability Requirements 151
   3.1. Choosing the Basis of Liability: Fault versus Strict Liability 152
      3.1.1. Fault Liability 153
      3.1.2. Strict Liability 153
      3.1.3. Standards of Care and Wrongfulness 157
         3.1.3.1. National Level 158
         3.1.3.2. European Level 161
            3.1.3.2.2. Environmental Liability—Directive 2004/35/EC 161
            3.1.3.2.3. The Principles of European Tort Law 162
      3.1.3.3. International Level 163
         3.1.3.3.1. Specific Climate Change Regimes 166
         3.1.3.3.2. Other International Obligations 169
            3.1.3.3.2.1. The No-Harm Rule 169
            3.1.3.3.2.2. The Prevention of Transboundary Harm 169
   3.1.4. Conclusions on the Basis of Liability for Climate Change Cases 171
      3.1.4.1. Fault Liability and Climate Change 171
      3.1.4.2. Strict Liability and Climate Change 172

3.2. Causation in the Strict Sense and the Different Levels of Causal Uncertainty 177
   3.2.1. Types of Causation 177
   3.2.2. Normative Causation in Different Legal Systems 178
      3.2.2.1. National Level 178
         3.2.2.1.1. Specific or Factual Causation 179
         3.2.2.1.2. Different Legal Theories of Causation 179
            3.2.2.1.2.1. The Theory of Proximate Cause 180

Table of Contents

4.1.3. Other Relevant Cases 255
  4.1.3.1. Lawsuits Concerning Pollution Regulation 255
    4.1.3.1.1. Massachusetts v. EPA 255
    4.1.3.1.2. Other Cases 258
  4.1.3.2. Disclosure of Information, in Particular over Externalized Activities 258
  4.1.3.3. Environmental Impact Assessments 260
  4.1.3.4. Failure to Comply with Kyoto Requirements 262
  4.1.3.5. Human Rights Violations 263
4.2. International Level 264
  4.2.1. Inuit Circumpolar Conference v. USA 264
  4.2.2. The Case of the Pacific Island States 266
  4.2.3. Outlook 266
5. Conclusion 268

Chapter 4
The Precautionary Principle and Climate Change Liability 273
1. Introduction 273
2. The General Recognition of the Precautionary Principle in Liability Law Literature 278
   2.1. National Level 280
      2.1.1. Recognition of the Application of the Precautionary Principle to Liability Law in Common Law Jurisdictions 281
         2.1.1.1. The Example of Canada 281
         2.1.1.2. Other Countries 283
      2.1.2. Recognition of the Application of the Precautionary Principle to Liability Law in Civil Law Jurisdictions 284
         2.1.2.1. The Example of France 284
         2.1.2.2. Other Countries 287
   2.2. European Level 291
   2.3. International Level 291
3. Climate Change Liability with the Precautionary Principle 293
   3.1. The Precautionary Principle as a Judicial Tool in Solving Climate Change Liability Uncertainties 294
      3.1.1. The Choice between Strict and Fault Liability at the Basis of Liability 294
      3.1.2. Setting the Standard of Care and Proving Fault and Wrongfulness in Fault Liability 297
      3.1.3. Affecting the Burden of Proof 303
         3.1.3.1. The Burden of Proof of Fault or Negligence 304
         3.1.3.2. The Burden of Proof of Causation 304
            3.1.3.2.1. Proving Generic Causation 306
            3.1.3.2.2. Proving Specific Causation 306
            3.1.3.2.3. Differentiation in View of Multi-Party-Causation 309
Table of Contents

3.1.3.3. Examples of Modifying the Burden of Proof from Different Jurisdictions 309
3.1.3.4. Risk-Trade-Offs and the Scope of Modifying the Burden of Proof in a Liability Claim 311
3.1.3.5. Modalities of Modifying the Burden of Proof 313
3.1.3.6. The Necessity for Modifying the Burden of Proof 314
3.1.3.7. Conclusion on the Effect of the Precautionary Principle on the Burden of Proof 316

3.1.4. Influencing the Aspect of Time 320
3.1.4.1. Defining the Extent of Damages and Other Remedies 321
  3.1.4.1.1. Personal Injury Damages 321
    3.1.4.1.1.1. Present Damage 324
    3.1.4.1.1.2. Future Damage 324
  3.1.4.1.2. Damages Covering Mitigation Costs 324
  3.1.4.1.3. Damages Covering Adaptation Costs 325
  3.1.4.1.4. Injunctions aimed at Achieving Mitigation 325
3.1.4.2. Conclusion on the Extent of Damages and Other Remedies 326

3.1.5. Shaping Possible Defenses and the Requirement of Foreseeability 326
  3.1.5.1. State of the Art and Foreseeability—Defense 329
  3.1.5.2. Risk-Cost-Defense 330
  3.1.5.3. Regulatory Compliance-Defense 331
  3.1.5.4. Other Defenses: Equitable Defense of Unclean Hands or Contributory Negligence and Force Majeure 332
  3.1.5.5. Conclusion on the Effect of the Precautionary Principle on Possible Defenses 333

3.2. Can the Precautionary Principle Guide the Behavior of the Tortfeasor? 334

3.3. The Precautionary Principle Applied to Climate Change Liability in Cases of Direct or Indirect Responsibility for CO₂ Emissions 337
  3.3.1. Effects of the Precautionary Principle on the Cases Comer v. Murphy Oil and Korsinsky v. EPA 339
  3.3.2. Effects of the Precautionary Principle on the cases Connecticut v. AEP, California v. GM and Kivalina v. Exxon Mobil 339
  3.3.3. Conclusions for Cases to Be Tried under International Law 341
  3.3.4. Outlook 343
Table of Contents

4. Climate Change Liability from the Precautionary Principle 344
   4.1. Justificative Effect of Regulatory Norms and Derivable Individual Rights 347
   4.2. False Negatives versus False Positives—The Consequences of Too Little or Too Much Precaution in Perspective 350
   4.3. The Precautionary Principle in Its Different Variations Applied to Climate Change Liability Cases—Suing for Governmental Over- or Underregulation 352
      4.3.1. Korsinsky v. EPA 353
      4.3.2. Green Mountain v. Crombie 354

5. The Effect of the Interpretative Uncertainty of the Precautionary Principle on Judicial Decisions 355

6. What Version of the Precautionary Principle to Choose? 360

7. The Added Value of the Precautionary Principle for the Future of Climate Change Liability 365

8. One Among Several -Alternative Means of Compensation 370

9. Conclusion 371

Conclusion: An Inconvenient Deliberation 379
   1. Main Findings 379
   2. Main Policy Conclusions and Outlook 383
   3. Limitations of the Present Research and the Necessity for Further Research 385
