Cross-Border Pipeline Arrangements

What Would a Single Regulatory Framework Look Like?

Chowdhury Ishrak Ahmed Siddiky
# Table of Contents

**About the Author**  
**List of Tables**  
**List of Figures**  
**List of Abbreviations**  
**Acknowledgements**  

**Chapter 1**  
**Introduction**  
1.1. The Issues  
1.2. The Existing Position of Cross-Border Pipelines  
1.3. The Reason for Government Participation  
1.4. Intervention from the Government  
1.5. The Problem with Government Intervention  
1.6. Structure of the Book  

**Chapter 2**  
**The Analytical Framework**  
2.1. Introduction  
2.2. Regime Theory  
2.3. The Realist and Neo-Realist Schools  
2.4. The Neo-liberal School
### Table of Contents

#### Chapter 2

2.5. The Criteria for Analysing the Behaviour of Parties in the Case Studies
- 2.5.1. The Nature and Characteristics of the Regime of Cross-Border Pipelines 22
- 2.5.2. The Nature and Characteristics of the Problems in Cross-Border Pipelines 22
- 2.5.3. Common Interests of the Parties 24
- 2.5.4. The Enforcement of and Compliance with the Various Cross-Border Pipeline Agreements or Framework 26

2.6. The Different Dimensions of a Regime and the Motive behind the Four Criteria 27

2.7. The Case Studies 29

2.8. Conclusion 30

#### Chapter 3

The Characteristics of Cross-Border Pipelines 33
- 3.1. Introduction 33
- 3.2. The Technical Aspects of Pipelines 34
- 3.3. The Difference between Oil and Gas Pipelines 36
- 3.4. The Economic Aspects of Cross-Border Pipelines 37
  - 3.4.1. The Economies of Scale of the Pipeline 37
  - 3.4.2. The Life of the Pipeline 38
  - 3.4.3. The Involvement of Governments 39
  - 3.4.4. The Place of Pipelines in the Value Chain 39
  - 3.4.5. Vulnerability of Pipeline in Regard to Market Failure 40
- 3.5. The Legal Aspects of Cross-Border Pipelines 40
- 3.6. The Geo-political Aspects of Cross-Border Pipelines 42
- 3.7. The Nature of Cross-Border Pipelines 43
- 3.8. The Issue of Transit 43
- 3.9. Important Indicators for Building a Pipeline 44
- 3.10. The Relationship of State and State Companies in the Pipeline 45
- 3.11. Conclusion 45

#### Chapter 4

Strong Regimes 47
- 4.1. Introduction 47
- 4.2. The Interconnector Pipeline 48
  - 4.2.1. The Background of the Project 48
  - 4.2.2. The Relevant Parties to the Project 49
  - 4.2.3. The Cost of the Project 50
  - 4.2.4. Other Aspects of the Pipeline 51
- 4.3. The Important Aspects of the Pipeline 52
  - 4.3.1. Economic Aspects 52
  - 4.3.2. The Interests of the Countries 53
  - 4.3.3. The Legal Aspect 54
4.3.4. The Geo-politics of the Pipeline
4.3.5. The Choice of Location for the Project
4.4. The Application of the Criteria for the Cross-Border Pipeline Regime
  4.4.1. The Nature and Characteristics of the Regime
  4.4.2. The Issues Affecting the Cross-Border Pipeline
  4.4.3. The Common Interests of the Parties
  4.4.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements
4.5. Pipelines of the FSU
  4.5.1. The Background of the Project
  4.5.2. The Relevant Parties of the Project
  4.5.3. The Cost of the Project
  4.5.4. Other Aspects of the Pipelines
4.6. The Important Aspects of the Pipeline
  4.6.1. Economic Aspects
  4.6.2. The Interests of Various Parties
  4.6.3. The Legal Aspects of the Pipeline
  4.6.4. The Geo-politics of the Pipeline
  4.6.5. Transit Route
4.7. The Application of the Criteria to the Cross-Border Pipeline Regime
  4.7.1. The Nature and Characteristics of the Regime
  4.7.2. The Issues Affecting the Cross-Border Pipeline
  4.7.3. The Common Interests of the Parties
  4.7.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements
4.8. Conclusion

Chapter 5
Moderately Strong Regimes
5.1. Introduction
5.2. The BTC Pipeline
  5.2.1. The Background of the Project
  5.2.2. The Relevant Parties of the Project
  5.2.3. The Cost of the Project
  5.2.4. Other Aspects of the Pipeline
5.3. The Important Aspects of the Pipeline
  5.3.1. Economic Aspect
  5.3.2. The Interests of the Three Countries
  5.3.3. The Legal Aspects
  5.3.4. The Geo-politics of the Pipeline
5.4. The Application of the Criteria to the Cross-Border Pipeline Regime
  5.4.1. The Nature and Characteristics of the Regime
  5.4.2. The Issues Affecting the Cross-Border Pipeline
Table of Contents

5.4.3. Common Interest of the Parties 102
5.4.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements 104

5.5. The West African Gas Pipeline (WAGP) 105
5.5.1. The Background of the Project 105
5.5.2. The Parties of the Project 107
5.5.3. The Cost of the Project 107
5.5.4. Other Aspects of the Pipeline 107

5.6. The Important Aspects of the Pipeline 109
5.6.1. Economic Aspect 109
5.6.2. The Interests of the Countries 109
5.6.3. The Legal Aspect 110
5.6.4. The Geo-politics of the Pipeline 111
5.6.5. The Transit Route 111

5.7. The Application of the Criteria for the Cross-Border Pipeline Regime 112
5.7.1. The Nature and Characteristics of the Regime 112
5.7.2. The Issues Affecting the Cross-Border Pipeline 114
5.7.3. The Common Interest of the Parties 116
5.7.4. The Enforcement and Compliance of Cross-Border Pipeline Agreements 117

5.8. Conclusion 118

Chapter 6
The Weak Regimes 123

6.1. Introduction 123

6.2. Shah-Deniz Gas Field/SCP 124
6.2.1. The Background of the Project 124
6.2.2. The Relevant Parties of the Project 125
6.2.3. The Cost of the Project 125
6.2.4. Other Aspects of the Pipeline 126

6.3. The Important Aspects of the Pipeline 126
6.3.1. Economic Aspect 126
6.3.2. The Interests of the Countries 127
6.3.3. The Legal Aspect 127
6.3.4. The Geo-politics of the Pipeline 128

6.4. The Application of the Criteria on the Cross-Border Pipeline Regime 129
6.4.1. The Nature and Characteristics of the Regime 129
6.4.2. The Issues Affecting the Cross-Border Pipeline 131
6.4.3. The Common Interest of the Parties 133
6.4.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements 134

6.5. The Caspian Pipeline Consortium (CPC) 135
6.5.1. The Background of the Project 135
# Table of Contents

6.5.2. The Relevant Parties of the Project 136  
6.5.3. The Cost of the Project 137  
6.5.4. Other Aspects of the Pipeline 137  
6.6. The Important Aspects of the Pipeline 139  
6.6.1. Economic Aspect 139  
6.6.2. The Interest of the Countries and the other Parties 139  
6.6.3. The Legal Aspect 140  
6.6.4. The Geo-politics of the Pipeline 141  
6.6.5. The Transit Route 142  
6.7. The Application of the Criteria on the Cross-Border Pipeline Regime 143  
6.7.1. The Nature and Characteristics of the Regime 143  
6.7.2. The Issues Affecting the Cross-Border Pipeline 145  
6.7.3. The Common Interest of the Parties 148  
6.7.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements 149  
6.8. The Maghreb–Europe Pipeline (MEP) 150  
6.8.1. The Background of the Project 150  
6.8.2. The Relevant Parties of the Project 152  
6.8.3. The Cost of the Project 152  
6.8.4. Other Aspects of the Pipeline 153  
6.9. The Important Aspects of the Pipeline 154  
6.9.1. Economic Aspect 154  
6.9.2. The Interest of the Countries 155  
6.9.3. The Legal Aspect 156  
6.9.4. The Geo-politics of the Pipeline 157  
6.10. The Application of the Criteria on the Cross-Border Pipeline Regime 158  
6.10.1. The Nature and Characteristics of the Regime 158  
6.10.2. The Issues Affecting the Cross-Border Pipeline 160  
6.10.3. The Common Interest of the Parties 162  
6.10.4. The Enforcement and Compliance of the Cross-Border Pipeline Agreements 163  
6.11. Conclusion 164  

Chapter 7  
**The Existing Regulatory and Enforcement Mechanisms** 169  
7.1. Introduction 169  
7.2. The Energy Charter Treaty 170  
7.2.1. The Background and Goal of the Energy Charter Treaty 170  
7.2.2. The Important Features of the ECT 170  
7.2.3. The Transit of Energy 171  
7.2.4. The ECT and Transit Disputes 172  
7.2.5. The Draft Energy Charter Protocol on Transit 173  

xiii
Table of Contents

7.2.6. The Effectiveness of the ECT in Resolving Transit Disputes 174
7.2.7. Why not ECT? 176
7.2.8. The ECT as a Regime 180

7.3. The WTO Dispute Settlement Mechanism 181
7.3.1. The Background to the WTO DSM 181
7.3.2. The Legal Framework 182
7.3.3. The Tug of War between Developed Countries 183
7.3.4. The Implementation Records of Developed Countries 183
7.3.5. The WTO and the Developing Countries 184
7.3.6. Critique of the Present Structure 184
7.3.7. How Effective is the WTO DSM? 186
7.3.8. The Political Aspect 188
7.3.9. The WTO and the Energy Sector 189
7.3.10. Why Not WTO DSM? 192

7.4. The Role of Bilateral Investment Treaties (BITs) 195
7.4.1. The Objective of BITs 195
7.4.2. The Main Features of a BIT 196
7.4.3. The Popularity of BITs 196
7.4.4. The Arbitration Procedure 197
7.4.5. The Concepts of the Stabilization Clause and Expropriation 198
7.4.6. The Advantages of a BIT 199
7.4.7. The Disadvantages of a BIT 201
7.4.8. Why Not BIT? 202

7.5. The International Atomic Energy Agency (IAEA) 206
7.5.1. The Historical Background of the IAEA 206
7.5.2. The IAEA Statute 207
7.5.3. The Objectives and the Role of the IAEA 208
7.5.4. International Instruments Used by the IAEA 210
7.5.5. The Safeguard System of the IAEA 211
7.5.6. The Strengths of the IAEA 212
7.5.7. The Weaknesses of the IAEA 214
7.5.8. The IAEA Model as a Framework for Cross-Border Pipelines 216
7.5.9. The IAEA as a Regime 218

7.6. Conclusion 219

Chapter 8
Towards a New Framework for Cross-Border Pipelines:
The International Pipeline Agency (IPA) 221
8.1. Introduction 221
8.2. The Purpose of States Joining an Autonomous Body (International Pipeline Agency) or Unifying Mechanism 221
8.3. The Consequences of States not Joining the Agency 223
8.4. The Structure of the Autonomous Body or the IPA 224
8.4.1. Membership 224
8.4.2. General Conference 225
8.4.3. Board of Governors 225
8.4.4. Staff 226
8.4.5. Disputes within the Body’s Jurisdiction 226
8.4.6. How Does the Body Get Involved 227
8.4.7. Settlement of Disputes 228
8.4.8. Enforcement of the Decision 230
8.5. The Legal Basis of the International Pipeline Agency’s Work in Cross-Border Pipelines 231
8.6. The Obligations of the Members of the IPA 232
8.7. Some Important Aspects of the IPA 233
8.8. The Difference between the IPA and the IAEA 234
8.9. Regime and the New International Pipeline Agency 235
8.10. The Regional or International Debate with Regard to the Pipeline Agency or Mechanism 238
8.11. Conclusion 239

Chapter 9
Conclusion 245
9.1. Other Alternatives to the Agency or Unifying Mechanism 249
