Preface vii
Table of Cases ix
Table of Legislation xiii

Antitrust: Introduction 1
  On the surface—the technical profiles 1
  In the foundations: the dilemma of liberal democracy 2

Part I  Technical Profiles: the USA

1. Protection of competition or of freedom of contract? 7
   From the common law to the Sherman Act 7
   Early years of the Sherman Act 10
   Prohibitions to protect market pluralism increase 14

2. Today’s Subtle Weapons 20
   The Chicago School 20
   Evolution in the Supreme Court 24
   Trends in recent cases 27
   The present position in summary 33

Part II  Technical Profiles: Europe

3. The Heritage of History 39
   Europe’s industrial culture 39
   The Freiburger Ordoliberalen School 40
   Early development of antitrust law 41
   Antitrust in the European Community 43
4. "Restrictive" Agreements
   The normative machinery
   Vertical agreements
   Horizontal agreements

5. Abuse of a Dominant Position
   "Special responsibility"
   Assessment of "dominant position"
   Abuse as an "objective concept"
   Individual types of abuse
   In conclusion

6. Prohibitions of Dominant Position
   Mergers: the ban and its limits.
   Antitrust against public monopolies

Part III Antitrust and the Bounds of Power

7. Drawing together the threads
   Original aims and later evolution
   In the USA
   In Europe
   The limits to antitrust law
   Facing concentrated, competitive firms
   Changing markets—what remains?

8. The Dilemma of Liberal Democracy
   The dilemma of liberal democracy within the dilemma of efficiency
   Towards autonomy of European antitrust from other common policies
   The global market and tomorrow's antitrust
