13. Contributory negligence and several tortfeasors ................................. 227
14. Contributory negligence and subrogation ................................. 227

Part II — Cases ................................. 227
1. Motorised traffic: The motor cyclist ................................. 227
2. Senior citizens: The elderly pedestrian ................................. 228
3. Claims of minors I: Child playing with gasoline ................................. 228
4. Claims of minors II: Child and mother on the train ................................. 228
5. Dependants’ claim ................................. 228
6. Employer’s claims: The employed truck driver ................................. 229
7. Provoked assault ................................. 229
8. Weak predisposition of the victim: The dog incident ................................. 229

Economic Analysis of Contributory Negligence (Michael G. Faure) ................................. 233
1. Introduction ................................. 233
2. Economic model of tort law with damage to third parties ................................. 234
   (1) Unilateral versus bilateral accidents ................................. 234
   (2) Optimal liability rules ................................. 235
(A) Unilateral accidents ........................................... 235
(B) The bilateral setting ............................................. 236
   (a) No-liability .................................................. 237
   (b) Strict liability ............................................. 237
   (c) Strict liability with contributory negligence .............. 238
   (d) Fault liability ............................................. 239
   (e) Fault rule with a contributory negligence defence ....... 239
(3) Comparative versus contributory negligence ............... 241
(4) Normative consequences for the optimal liability rule ..... 242
(5) Liability rules and distributional consequences .......... 243
3. Refinements ..................................................... 245
   (1) Tort damages and victim behaviour ....................... 245
   (2) Non-pecuniary losses ...................................... 246
   (3) Product liability .......................................... 247
   (4) Blameworthiness .......................................... 248
4. Applications .................................................... 248
   (1) Traffic liability .......................................... 250
   (2) Further empirical studies ................................ 253
5. Concluding remarks ............................................. 254

Comparative Conclusions (Ulrich Magnus/Miquel Martín-Casals) .... 259

Part I - General questions ......................................... 259
1. Contributory negligence as an element of tort law .......... 259
2. Definition and justification of contributory negligence .... 260
   (1) Definition .................................................. 260
   (2) Justification ............................................. 261
   (3) General rule or specific statutes ......................... 263
3. Contributory negligence and avoidable loss ................ 263
4. Conditions of contributory negligence ....................... 263
   (1) General conditions ....................................... 263
   (2) Tortious capacity ........................................ 265
   (3) Causation .................................................. 266
   (4) Neglect of duty of care for oneself ...................... 268
   (5) Own risk .................................................. 269
   (6) Specific dangerous activity of the victim ............... 271
   (7) Other factors ............................................. 273
5. The role of intent in the establishment or exclusion of
   contributory negligence ...................................... 274
   (1) Defendant's fault/plaintiff's 'fault' situation .......... 274
   (2) Defendant's intent/plaintiff's 'fault' situation ....... 274
   (3) Defendant's fault/plaintiff's intent situation ........ 275
   (4) Defendant's intent/plaintiff's intent ................... 276
6. 'Duty' to care for own interest ................................ 276
7. Contributory negligence and strict liability ................. 277
8. Disregard of contributory negligence ........................................ 278
9. Contributory negligence of children, insane persons, etc. .................. 279
10. Consequences of contributory negligence .................................... 282
11. Imputation of acts of third persons as contributory negligence ............. 284
12. Contributory negligence and third party claims ............................. 285
13. Contributory negligence and several tortfeasors ............................ 285
14. Contributory negligence and subrogation .................................... 286

Part II – Cases ................................................................. 287
1. Motorised traffic: The motor cyclist ........................................... 287
2. Senior citizens: The elderly pedestrian ......................................... 288
3. Claims of minors I: Child playing with gasoline .............................. 288
4. Claims of minors II: Child and mother on the train .......................... 289
5. Dependants’ claim ............................................................. 289
6. Employer’s claims: The employed truck driver ............................... 290
7. Provoked assault ..................................................................... 290
8. Weak predisposition of the victim: The dog incident ........................ 290
