INTRODUCTION AND OVERVIEW
INTERNATIONAL AND COMPARATIVE PERSPECTIVES OF MINERAL LAW AND POLICY ......................................................... 1
Elizabeth Bastida, Thomas Wälde and Janeth Warden-Fernández

CHAPTER 1
TRENDS AND ISSUES IN MINERAL LAW:
INTERNATIONAL AND COMPARATIVE PERSPECTIVES

1.1. LEGAL REFORM IN MINING: PAST, PRESENT AND FUTURE .... 37
John P. Williams

Executive Summary 37
1. Introduction 38
2. Past Legal Reforms 40
3. Present Trends in Mining Law Reform 47
4. The Next Wave of Reforms in Mining Law 60
5. Conclusion 68
Selected Bibliography 70

1.2. SAFEGUARDS FOR FOREIGN INVESTMENT IN MINING ......... 73
Robert Pritchard

Executive Summary 73
1. How Do Investors Make Mining Investment Decisions? 74
2. How the Requirements of Project Finance and Bankability Complicate Mining Investment Decisions 76
3. The Most Feared Legal Risk of Mining Investors: Adverse Change of Law 80
4. Adherence to the Rule of Law 83
5. Treaty Protection 84
## Contents

1.5. MINING AND SUSTAINABLE DEVELOPMENT: INSIGHTS FROM INTERNATIONAL LAW .............................................. 149

*Maria Cecilia G. Dalupan*

Executive Summary 149
1. Introduction 151
2. Mining in Multilateral Agreements 152
3. International Law on Sustainable Development and Mining 160
4. Principles of Sustainability in Mining – the Challenge of Relevance and Applicability 164
5. Conclusions 167
Selected Bibliography 168

1.6. INTERNATIONAL SEABED AUTHORITY REGULATIONS ON PROSPECTING AND EXPLORATION FOR POLYMETALLIC NODULES IN THE AREA ......................................................... 171

*Michael W. Lodge*

Executive Summary 171
1. The Legal Regime for the Area 172
2. Background to the Regulations 178
3. Analysis of the Regulations 181
4. Conclusions 194
Select Bibliography 195

1.7. EVOLUTION OF GLOBAL STANDARDS IN THE EXTRACTIVE SECTOR: THE GROWING ROLE OF THE WORLD BANK GROUP .................. 197

*Luke J. Danielson*

Executive Summary 197
1. A Global Governance Gap 199
2. Filling the Governance Gap 202
3. A Vision of the Where We Might Be Going 204
4. Developments in the World Bank Group 208
5. The Need for Better Governance 214
Selected Bibliography 216
Appendices 217

1.8. INTERNATIONAL STANDARDS: A PROFESSIONAL CHALLENGE FOR NATURAL RESOURCES & ENERGY LAWYERS .......................... 219

*Thomas W. Wülde*

Executive Summary 219
1. Introduction: From ‘Hard Law’ to ‘Soft Law’ in the Global Natural Resources & Energy Industries 220
2. Relevance of International Standards in Transnational Dispute Practice 222
3. Key Players
4. Do the Natural Resource and Energy Industries Need a Special ‘License to Operate’ Expressed in more Stringent International Standards
5. Practical Management of International Standards

1.9. MINERAL DEVELOPMENT AND THE IMPACT OF THE CLIMATE CHANGE CONVENTION

George (Rock) Pring and Linda Siegele

Executive Summary

1. The Science Behind Climate Change
2. The United Nations Framework Convention on Climate Change (UNFCCC)
3. The Kyoto Protocol
5. Conclusions

Selected Bibliography

1.10. THE LAW OF PUBLIC PARTICIPATION IN GLOBAL MINING

George (Rock) Pring and Linda Siegele

Executive Summary

1. The Conceptual and Historical Framework
2. Public Participation Requirements in International Environmental Law Documents
3. Public Participation Rights under Other Legal and Quasi-legal Regimes
4. Participation Rights of Particular Groups
5. Potential Future Developments in the Law of Public Participation
6. Conclusions

Selected Bibliography

1.11. HOST STATE LEGAL AND POLICY RESPONSES TO RESOURCE CONTROL CLAIMS BY HOST COMMUNITIES: IMPLICATIONS FOR INVESTMENT IN THE NATURAL RESOURCES SECTOR

George S. Akpan

Executive Summary

1. Introduction
2. Resource Control and Legal Bases for Resource Control Claims
3. Self-Determination and Resource Control
4. Host State Policy Responses and Implications for Investment in the Resources Sector
6. Recommendations

Selected Bibliography
1.12. HOST COMMUNITY HOSTILITY TO MINING PROJECTS:
A NEW GENERATION OF RISK? .............................. 311
George S. Akpan

Executive Summary 311
1. Introduction 311
2. Host Community Hostility as a New Form of Risk 312
3. Forms of Host Community Risk 314
4. Impacts of Host Community Hostility Risk 319
5. Legal Responsibility for Host Community Conducts 321
6. Managing Host Community Hostility: Policy Options 326
Selected Bibliography 328

1.13. SOCIO-CULTURAL DUE DILIGENCE IN THE MINING INDUSTRY . 331
Jennifer Cook Clark

Executive Summary 331
1. Introduction 333
3. Step 1: Analysis of Legal Framework to Determine Exposure to Liability 337
6. Conclusions 349
Selected Bibliography 350

James Otto

Executive Summary 353
1. The Regulatory Dilemma 353
2. Typical Mining Project Gestation Periods 354
3. The Gestation Period, Security of Tenure and Regulation 362
4. Examples of Legislative Approaches Addressing the Exploration Phase Time Dilemma 366
5. Summary and Recommendations 370
Selected Bibliography 372

1.15. TITLE REGISTRATION IN COMMON LAW JURISDICTIONS ......... 375
Barry Barton

Executive Summary 375
1. Introduction 375
2. Different Kinds of Dealings in Mineral Properties and Different Systems for Registering Them 376
3. Restrictions on Dealings 378
4. General Principles of Priority 379
5. Mining Legislation on the Effect of Recording on Priorities 381
6. Whether Mineral Rights are Interests in Land 384
7. Conclusions 385
Selected Bibliography 386

1.16. DUE DILIGENCE IN TRANSNATIONAL MINING PROJECTS: MINING REGISTRIES AND LEGAL OPINION ISSUES 389
Cecilia Siac

Executive Summary 389
1. Attributes of Workable Land and Mining Registries 390
2. Due Diligence in Developing Countries 394
3. The Need for Reform 397
4. Conclusions 397
Selected Bibliography 398

1.17. THE POWER OF PERCEPTION: IS THE TRUST OF THE MINING INDUSTRY IN TITLE RECORD-KEEPING JUSTIFIED? 399
Hans Wabnitz

Executive Summary 399
1. Registration of Mining Titles is Essential 399
2. Why the Registered Right May No Longer Exist 403
3. What is the Solution? 405
Selected Bibliography 407

1.18. MINERAL LAW: NEW DIRECTIONS? 409
Elizabeth Bastida

Executive Summary 409
1. Introduction 410
2. The Traditional Model of Mineral Law 411
3. The Current Governance Context for Minerals Resource Development 415
4. Implications for Mineral Law: New Directions? 418
Selected Bibliography 423
CHAPTER 2
ACTORS AND POLICIES IN THE MINERALS INDUSTRY:
SETTING PRIORITIES FOR THE FUTURE

2.1. PLAYERS IN THE MINERAL INDUSTRY ......................... 429
Olle Östensson

Executive Summary 429
1. Introduction 431
2. The International Mining Industry 432
3. Governments 437
4. Local Communities and Indigenous Peoples 439
5. Non-Governmental Organisations (NGOs) 442
6. Intergovernmental Organisations 444
7. Contacts and Links Between Groups of Stakeholders 446
Selected Bibliography 447

2.2. CORPORATE STRATEGIES IN THE GLOBAL MINING INDUSTRY . 451
David Humphreys

Executive Summary 451
1. Introduction 452
2. Drivers of Corporate Strategy 452
3. Corporate Responses 458
4. Future Directions 465
Selected Bibliography 467

2.3. STRUCTURAL CHANGES IN THE MINERALS INDUSTRY ........ 469
Magnus Ericsson

Executive Summary 469
1. Merger Mania 469
2. What is the Minerals Industry? 471
3. Minerals Industry Structure 472
4. Mergers and Acquisitions 484
5. The Future? 491
Selected Bibliography 492

2.4. MINERAL POLICY: A WORLD BANK PERSPECTIVE ............. 493
Paulo de Sa

Executive Summary 493
1. Introduction 494
2. Formulating a Sound Mineral Policy 495
3. The Four Building Blocks of an Effective Policy 497
4. The Role of the World Bank 502
5. The Challenge Ahead: Achieving Sustainability 502
Selected Bibliography 504

2.5. TOWARDS A SUSTAINABLE ROLE FOR ARTISANAL AND SMALL-SCALE MINING IN MINERAL PRODUCTION 505
Norman S. Jennings

Executive Summary 505
1. Introduction 505
2. What is ASM? 506
3. What is Produced? 508
4. ASM’s Constraints 509
5. Who are the Players? 509
6. Evolution of Attention Towards ASM 511
7. Addressing the Issues 512
8. Towards Best Practice 513
9. Conclusions 514
Selected Bibliography 515

2.6. TRENDS AND DIRECTIONS IN MINING TAXATION IN THE 2000s . 517
Keith Brewer

Executive Summary 517
1. Introduction 518
2. Economic Pressures on Taxation of Profits 519
3. Past Rates of Tax on Profits 519
4. Current Situation of Taxes Aimed at Profits 524
5. Non-Profit Taxes and ‘Other Types of Intervention’ by Government 526
6. Future Trends in Taxation will be Heavily Influenced by ‘Sustainable Development’ Pressures and a Trend Towards More Precise Definitions of ‘Rights’ 526
7. Conclusions 529
Selected Bibliography 530

2.7. THE USE OF THE BOND MARKETS IN MINING FINANCE 531
C. Richard Tinsley

Executive Summary 531
1. Introduction 531
2. Project Finance 533
3. Commodity Bonds 533
4. Mining’s 144A Issues 534
5. Other Capital Markets Issues 535
6. Legal Aspects of Bond Issues and Risks 535
7. Political Risk Cover 536
8. Environmental Risk 537
9. Risk Tolerance 538
## 2.8. GOVERNMENT DECENTRALISATION AND RESOURCE REVENUE SHARING

*Allen L. Clark*

2.11. OLD WINE IN NEW BOTTLES: POLICY ISSUES FOR THE MINING
INDUSTRY ................................................................. 607
Phillip Crowson

Executive Summary 607
1. Introduction 608
2. Three Basic Fallacies about Mineral Production 610
3. Mining is an Economic Activity 611
4. Mining is not Unique 611
5. Missionaries and NGOs 612
6. Render Unto Caesar ... 613
7. Low Profitability is the Root of All Most Evil 614
8. Consumption Might have been Over-Stimulated 615
9. No Man Can Serve Two Masters ... 616
10. Are Codes of Conduct Desirable, or a Blind Alley? 617
11. Conclusions 618
Selected Bibliography 619

2.12. SUSTAINABLE DEVELOPMENT INDICATORS FOR THE
MINERALS INDUSTRY: WHO NEEDS THEM? WHAT STAKES
JUSTIFY PRODUCING THEM? ........................................... 621
Alain L. Dangeard

Executive Summary 621
1. Transparency in the Extractive Industries 622
2. Indicators of Economic, Social and Environmental Performance 623
3. Policy Formulation 624
4. Concluding Remarks: Do We Need Predictive Indicators for Systemic Crisis? 626

2.13. MINE CLOSURE: THE 21ST CENTURY APPROACH – AVOIDING
FUTURE ABANDONED MINES .............................................. 627
Wanda M.A. Hoskin

Executive Summary 627
1. Overview of International Considerations Related to Mine Closure 628
2. Environmental Liability and Site Rehabilitation 630
3. Abandoned Mines – the Legacy of Inappropriate, Insufficient and Non-Existent
   Mine Closure 632
5. Financial Issues 634
6. Social Issues 635
7. Institutional and Legal Issues 635
8. Future Issues 636
9. Conclusions 637
Selected Bibliography 638
CHAPTER 3
MINERAL LAW POLICY. REGIONAL PERSPECTIVES

3.1. AUSTRALIA, CANADA AND THE UNITED STATES

3.1.1. THE HISTORY OF MINING LAW IN THE US, CANADA, NEW
ZEALAND AND AUSTRALIA, AND THE RIGHT OF FREE ENTRY ...... 643
Barry Barton

Executive Summary 643
1. Introduction 644
2. The United States 645
3. Canada 648
4. Australia 653
5. New Zealand 655
6. The Significance of History 657
Selected Bibliography 658

3.1.2. INDIGENOUS LAND RIGHTS AND THEIR IMPACT ON THE
MINERALS INDUSTRY: THE AUSTRALIAN EXPERIENCE ............... 661
Michael Hunt

Executive Summary 661
1. Validity of Granted Mineral Titles 662
2. Applications for Mineral Titles 663
3. Compensation 672
4. Negotiating a Native Title Agreement 676
5. Aboriginal Heritage 679
Selected Bibliography 680

3.1.3. MINING AGREEMENTS IN THE REGULATION OF THE
AUSTRALIAN MINERALS SECTOR ........................................ 681
Anne Fitzgerald

Executive Summary 681
1. Overview 682
2. Use of Mining Agreements by the States and Territories 684
3. The Substantive Provisions of Mining Agreements 686
4. Comparison with Other Contractual and Legislative Models 689
5. Regulatory Effect of Government-Developer Agreements 691
6. Reasons for Use 691
7. Conclusion 692
Selected Bibliography 694
### 3.1.4. MYTH OR REALITY – HAS ENVIRONMENTAL REGULATION DESTROYED THE US MINING INDUSTRY?

**Robert A. Bassett and Ricardo Ihnen Becker**

3.2. LATIN AMERICA

3.2.1. THE LATIN AMERICAN MINING LAW MODEL .......................... 741
John P. Williams

Executive Summary 741
1. Origins of the Model 743
2. Key Features of the Model 744
3. Conclusion 756
Selected Bibliography 757

3.2.2. RECENT DEVELOPMENTS IN LATIN AMERICAN MINING LEGISLATION ................................................. 759
Juan Luis Ossa

Executive Summary 759
1. Introduction: the Scenario Prior to 1998 759
2. Changes from 1998 Onwards 761
3. Some Specific Comments on the Legal Requirements to Retain the Concessions 766
4. Conclusions 768
Selected Bibliography 768

3.2.3. THE MINING INTEGRATION TREATY BETWEEN ARGENTINA AND CHILE: SHARING EXPERIENCES .................. 769
Silvia Bauni

Executive Summary 769
1. Historical Background 769
2. The Treaty 772
3. The Administration Commission 776
4. The Relevance of the Treaty 778
5. Conclusions 779
Selected Bibliography 780

3.2.4. DECENTRALISATION AND MINING: COLOMBIA AND PERU .... 783
Anida Yupari

Executive Summary 783
1. Decentralisation: a General Overview 784
2. Decentralisation in Colombia and Peru 785
3. Sub-National Governments in Mining Issues in Colombia and Peru 791
4. Conclusions 797
Selected Bibliography 798
3.3. AFRICA

3.3.1. THE CHALLENGES OF DEVELOPMENT, MINING CODES IN AFRICA AND CORPORATE RESPONSIBILITY

Bonnie Campbell, with the collaboration of Pascale Hatcher, Ariane Lafortune, Bruno Sarrasin, Thomas Akabzaa and Paula Butler

Executive Summary

1. Introduction
2. The Creation of New Regulatory and Fiscal Frameworks for Mining in Africa
3. Three Generations of Mining Codes
4. Conclusions

Selected Bibliography

3.3.2. COMPARATIVE INTERNATIONAL AND AFRICAN MINERAL LAW AS APPLIED IN THE FORMATION OF THE NEW SOUTH AFRICAN MINERAL DEVELOPMENT LEGISLATION

Michael Dale

Executive Summary

1. Background to the New South African Mineral Development Legislation
2. State Sovereignty and Custodianship
4. Various Administrative Law Principles
5. Further Aspects of Security and Continuity of Tenure
6. Right to Administrative Appeal, Judicial Review and Judicial Appeal
7. Aspects Related to the Environment, Land Use, and Aboriginal Claims
8. Financial Aspects
10. Classification of Minerals
11. Clear Statement of Rights and Obligations
12. Broad-Based Socio-Economic Empowerment Charter
13. Conclusion

Selected Bibliography

3.3.3. THE FRAMEWORK FOR OFFSHORE DIAMOND MINING IN NAMIBIA

Leon Edward Möller

Executive Summary

1. Introduction
2. Background of Offshore Diamond Mining in Namibia
3. Overview of the Legal Framework for Offshore Diamond Mining
4. The Regional Perspective of Mining Activities
## Contents

5. Conclusion ........................................... 870
Selected Bibliography .................................. 870

3.3.4. RECENT TRENDS IN MINING LEGISLATION IN FRENCH-SPEAKING AFRICAN COUNTRIES .......................... 875
*Thierry M. Lauriol*

Executive Summary .................................. 875
1. Introduction ........................................... 875
2. The Enactment of New Mining Codes ................. 877
3. The Development of Other Legislation Applicable to Mining Operations .......................... 881
4. Conclusion: the Emergence of a Global Position .... 884
Selected Bibliography .................................. 886

3.3.5. COMPARATIVE MINERAL LAW IN AFRICAN PORTUGUESE-SPEAKING COUNTRIES .......................... 887
*Latifa Ibraimo*

Executive Summary .................................. 887
1. Introduction ........................................... 887
2. The Mining Legal Frameworks in Angola and Mozambique ........................................ 888
3. Conclusion ........................................... 899
Selected Bibliography .................................. 900

3.4. ASIA AND THE SOUTH PACIFIC

3.4.1. THE ROLE OF LAND-OWNING COMMUNITIES IN PAPUA NEW GUINEA’S MINERAL POLICY FRAMEWORK .......................... 903
*Colin Filer*

Executive Summary .................................. 903
1. Introduction ........................................... 904
3. Landowner Identification and Representation ....... 910
4. Landowner Compensation ................................ 915
5. Community Benefit Packages ........................... 920
6. From Social Impacts to Sustainable Development .... 926
Selected Bibliography .................................. 930

3.4.2. MINING IN THE PHILIPPINES: A DEVELOPING COUNTRY’S DILEMMA .......................... 933
*Maria Cecilia G. Dalupan*

Executive Summary .................................. 933
1. Introduction ........................................... 935
# Contents

2. Mining Policy Background and Overview .......................................................... 936
3. Mining and the Development Dilemma .............................................................. 938
4. Dissecting the Dilemma: Policy Responses ....................................................... 943
5. Conclusion: Policy and Implementation Issues ................................................. 949

Selected Bibliography .......................................................................................... 951

3.4.3. THE TRADE-OFF BETWEEN A COUNTRY'S OBLIGATION TO
PROTECT THE ENVIRONMENTAL RIGHTS OF ITS CITIZENS AND ITS
DESIRE TO MAXIMISE THE ECONOMIC BENEFITS THAT FLOW FROM
MINING OPERATIONS – THE OK TEDI SAGA ................................................. 953

Amaechi Nwokoo

Executive Summary ............................................................................................... 953
1. Introduction ......................................................................................................... 954
2. Discovery and Early Development .................................................................... 954
3. Environmental Impact ....................................................................................... 957
4. The Ok Tedi Case .............................................................................................. 960
5. The Withdrawal of BHP .................................................................................... 962
6. Legal and Other Implications of BHP’s Withdrawal .......................................... 963
7. Conclusion .......................................................................................................... 966

Selected Bibliography .......................................................................................... 966

3.5. THE FSU

3.5.1. STATE REGULATION AND MINING LAW DEVELOPMENT IN
CONTEMPORARY RUSSIA ............................................................................. 969

Alexander Kursky and Andrei Konoplyanik

Executive Summary ............................................................................................... 969
1. Mining Legislation of Present Russia .................................................................. 969
2. The State Subsoil Licensing System .................................................................. 978
3. Specific Features of Granting the Subsoil Use Rights During Conclusion of PSAs 986
4. Taxes, Charges, and Other Payments for Subsoil Use ....................................... 995
5. On the Trends of the Russian Subsoil Legislation Reform in 2003 and Beyond .... 1000

3.5.2. COMPARATIVE MINERAL LAW OF THE RUSSIAN FEDERATION
AND CENTRAL ASIAN REPUBLICS .............................................................. 1009

Marla Valdez and Serik Baimagambetov

Executive Summary ............................................................................................... 1009
1. Introduction ......................................................................................................... 1011
2. General Laws Governing the Subsurface .......................................................... 1011
3. Ownership of the Subsurface ............................................................................ 1013
4. Delimitation of Authority of State Agencies in the Sphere of Subsurface Use .... 1014
5. Security of Tenure ............................................................................................. 1016
6. Types of Subsurface Use ...................................................... 1016
7. Terms of Subsurface Use .................................................... 1017
8. Basis for Granting the Right for Subsurface Use: Subsurface Use Licences and Contracts ...................................................... 1019
9. Procedure for Granting Subsurface Use Rights and Tender Requirements ...................................................... 1019
10. Assignment of Rights .......................................................... 1021
11. Rights and Obligations of Subsurface Users and Local Content Requirement ...................................................... 1022
12. Priority Right of the State to Purchase Raw Minerals ...................................................... 1024
13. Termination and Suspension of the Subsurface Use Right ...................................................... 1024
14. Contract Stabilisation ............................................................. 1026
15. Geological Information on Subsurface ........................................... 1030
16. State Expert Evaluation .......................................................... 1030
17. State Register of Deposits and State Balance Sheet of Minerals ...................................................... 1031
18. Reclamation and Conservation ................................................ 1032
19. Payments for Subsurface Use .................................................. 1032
20. Conclusions ................................................................. 1033
Selected Bibliography .............................................................. 1034

3.6. EUROPEAN UNION ............................................................... 1037

3.6.1. MINING LAW IN GERMANY .............................................. 1037
Johann-Christian Pielow

Executive Summary .............................................................. 1037
1. Introduction ................................................................. 1039
2. Mining Law within a ‘Federal’ Framework ................................ 1043
3. The Scope of the Federal Mining Act ...................................... 1045
4. The Legal System of the Mining Permits ................................... 1049
5. Mining Operation .............................................................. 1051
6. Conclusion ................................................................. 1062
Selected Bibliography .............................................................. 1062

3.6.2. INTERFACE BETWEEN MINERAL AND ENVIRONMENTAL LEGISLATION: THE EXAMPLE OF SWEDEN AS AN HISTORIC MINING COUNTRY IN THE EUROPEAN UNION .............................................. 1067
Eva Liedholm Johnson

Executive Summary .............................................................. 1067
1. Extraction of Minerals and the Emergence of Environmental Land Legislation ...................................................... 1068
2. Environmental Considerations in the Context of the Mining Law Process from Prospecting to Mining ...................................................... 1072
3. Conclusion ................................................................. 1078
Selected Bibliography .............................................................. 1079
### 3.6.3. AN OVERVIEW OF THE LEGAL REGIME FOR MINERAL DEVELOPMENT IN THE UNITED KINGDOM

*Peter G. Morgan*
