Scandinavian
Maritime Law

The Norwegian
Perspective

Universitetsforlaget
## Contents

1 INTRODUCTION ........................................................................................................ 23
   1.1 What is maritime law? ......................................................................................... 23
   1.2 The unique characteristics of maritime law ....................................................... 23
   1.3 The topics to be examined .................................................................................. 24
   1.4 Sources of law ..................................................................................................... 26
       1.41 The Maritime Code and other legislation ....................................................... 26
       1.42 Interpretation of statutes ............................................................................... 28
       1.43 Contracts and their interpretation ................................................................... 29
       1.44 Case law, including arbitration awards ......................................................... 31
       1.45 Legal literature .............................................................................................. 32
       1.46 Conventions .................................................................................................... 33
   1.5 Jurisdiction and choice of law ............................................................................. 33
       1.51 Court jurisdiction and rules dealing with forum. ............................................ 34
       1.52 Jurisdiction agreements .................................................................................. 34
       1.53 Choice of law .................................................................................................. 35
       1.54 Arbitration ...................................................................................................... 38
       1.55 Satisfaction of judgments and arbitration awards .......................................... 39
           – enforcement ................................................................................................... 39
       1.56 Arrest of ships and cargo ................................................................................. 40

2 SHIPS, NATIONALITY AND REGISTRATION ......................................................... 43
   2.1 Ships – definition ............................................................................................... 43
       2.11 Characteristic features .................................................................................... 43
       2.12 When does a construction become a ship and when does this status cease? ... 45
       2.13 Appurtenances of a ship ................................................................................ 46
       2.14 Identification of ships .................................................................................... 46
   2.2 Nationality and registration ................................................................................ 48
       2.21 The significance of nationality ........................................................................ 48
       2.22 When is a ship considered Norwegian? The rules under international law ...... 50
       2.23 The Norwegian International Register (NIS) ............................................... 53
       2.24 The two purposes of registration ..................................................................... 55
2.25 Conditions for registration in the ordinary Norwegian ships' register (NOR) ........................................ 56
2.26 Conditions for registration in the NIS ................................ 58
2.27 Particular implications of registration in the NIS ................. 61
2.28 Structure of the registers, registration procedures and legal protection associated with registration .................... 63
2.29 Registration of ships under construction .......................... 69

3 SHIP CONTROL AND CLASSIFICATION ............................. 71

3.1 The Seaworthiness Act of 9 June 1903 ................................ 72
3.11 The Seaworthiness Act and its scope of application ................ 72
3.12 The purpose of the Act ............................................ 74
3.13 Requirements in respect of individual ships ....................... 74
3.14 The exercise of public control .................................... 77
3.15 International co-operation ......................................... 78

3.2 Classification ....................................................... 79

4 SHIPBUILDING AND REPAIR CONTRACTS ......................... 83

4.1 Shipbuilding – legal background ................................... 83
4.2 The Shipbuilding Contract ......................................... 84
4.21 Negotiations and contracting ..................................... 84
4.22 Description of the ship (art. II) .................................. 85
4.23 Change orders ..................................................... 87
4.24 The building phase: Approval of plans; supervision and tests; risk allocation ........................................... 88
4.25 Tests and trials .................................................... 90
4.26 Delivery date and delivery ........................................ 91
4.27 Price and payment terms ......................................... 93
4.28 Builder's default .................................................. 95
4.29 Additional comments regarding registration, financing and insurance ......................................................... 99

4.3 Repair of ships – generally ......................................... 101

4.4 The main features of the repair contract of 1985, revised 1997 ... 102
4.41 The scope and quality of work .................................... 102
4.42 Delivery time ....................................................... 102
4.43 Price and manner of payment .................................... 103
4.44 Sanctions available for breach of contract ....................... 103
4.45 Other damages .................................................... 105
5 PURCHASE AND SALE OF SHIPS ................................................................. 107

5.1 Introduction .................................................................................. 107
5.2 The basic problem: What is purchased? Description and inspection. 107
  5.21 The buyer’s need to inspect the ship ......................................... 107
  5.22 The three-stage alternative ...................................................... 108
  5.23 “Outright sale” ...................................................................... 110

5.3 Description of the ship ................................................................. 110
5.4 What is included in the sale .......................................................... 113
5.5 Time of delivery .......................................................................... 114
5.6 Price and method of payment ....................................................... 115
5.7 Disputes – choice of law and forum ............................................ 115
5.8 Sale of ships for demolition .......................................................... 115

6 MORTGAGES, ENFORCEMENT LIENS, MARITIME LIENS
   AND RIGHTS OF RETENTION ............................................................ 118

6.1 Introduction: The vessel as security for claims ............................. 118
6.2 Maritime liens – general description and historical background .... 119
6.3 What claims are secured by a maritime lien and what
   are the priorities? ........................................................................ 120
  6.31 Claims secured .................................................................... 120
  6.32 Priority of maritime liens ...................................................... 124
  6.33 Foreign maritime lien claims ................................................ 124

6.4 Maintenance of maritime liens. Limitation period ....................... 125
6.5 Ship mortgages ............................................................................ 127
  6.51 The mortgagee’s position – particular risks .............................. 127
  6.52 The scope of mortgage rights ................................................. 128
  6.53 The mortgagee’s legal protection as against third parties ......... 129
  6.54 Mortgaging a vessel share ..................................................... 130
  6.55 Additional comments on mortgages of ships
     under construction ................................................................ 130

6.6 Enforcement liens ....................................................................... 131
6.7 Foreclosure .................................................................................. 132
  6.71 Introduction ........................................................................... 132
  6.72 Grounds for enforcement ...................................................... 132
  6.73 Default ................................................................................... 133
  6.74 Forced sale ............................................................................. 133

of mis-description ................................................. 309
14.41 The problem .................................................. 309
14.42 The information to be included in the bill of lading ....... 310
14.43 Carrier’s duty to check that the information in the bill
of lading is correct – duty to investigate and make
reservations pursuant to § 298 (13:48) .......................... 314
14.44 Carrier’s liability for information in the bill of lading ..... 316
14.45 Shipper’s liability to carrier .................................. 321
14.46 Shipper’s need for a “clean” bill of lading – “back letters” .... 321
14.47 Are the rules on the content of bills of lading and
liability for incorrect description mandatory? ................... 322

14.5 Liability for wrongful delivery ................................ 322

14.6 Sea waybills .................................................. 323
14.61 Introduction .................................................. 323
14.62 What is a waybill? ............................................ 324
14.63 What are the consequences of issuing a sea waybill? ...... 325
14.64 When are sea waybills issued and whom are they issued to? 325
14.65 If the requirements for a sea waybill are not satisfied ...... 328
14.66 So-called “document-free carriage” .......................... 328
14.67 Waybills used in coastal carriage ............................ 329

14.7 Questions relating to freight and expenses .................. 330

14.8 Liability for cargo damage against persons other than the
contracting carrier, including vessel personnel .................. 331
14.81 An overview .................................................. 331
14.82 Cargo claims against crew, stevedores etc. ................. 331

14.9 Contractual and actual carrier – use of third party tonnage.
Combined carriage ................................................. 333
14.91 Introduction .................................................. 333
14.92 Entitlement to use a sub-carrier ................................ 334
14.93 Consequences of authorised use of a sub-carrier
– subject to mandatory rules? ..................................... 335
14.94 Obligations of the contractual carrier when a sub-carrier is used .................................................. 335
14.95 The obligations and liability of the actual carrier (sub-carrier) ......................................................... 338
14.96 Joint and several liability of the contractual carrier and sub-carrier – § 287 (13:37) ......................... 338
14.97 Several carriers – an example ........................................... 339

15 VOYAGE CHARTERING ................................................. 344

15.1 Introduction ................................................................ 344
15.11 Definition and legal sources ........................................ 344
15.12 Standard contracts and fixture procedure ...................... 346

15.2 The ship .................................................................. 348
15.21 Named or unnamed ship clause ................................... 348
15.22 The ship's cargo capacity ............................................. 350
15.23 Loading/discharging equipment etc. ............................. 351
15.24 Seaworthiness .......................................................... 352

15.3 Time allowed for performance of the voyage. Performance of the voyage. Deviation .............................. 354
15.31 The time factor ........................................................ 354
15.32 When should loading commence? ............................... 355
15.33 Performance of the voyage. Deviation ......................... 358

15.4 Ports of loading/discharging and places of loading/discharging ......................................................... 361
15.41 Distinction between port of loading and place of loading ................................................................ 361
15.42 Safe port/berth. Damage to the ship ............................. 361
15.43 “Near” clauses and some related Charter clauses .......... 363

15.5 The cargo .................................................................. 364

15.6 The loading and discharging process .............................. 366
15.61 The loading process and associated expenses ............... 366
15.62 Loading time: laytime, demurrage ............................... 367

15.7 Freight and allocation of expenses ................................. 375
15.71 Calculation of freight ............................................... 375
15.72 Freight risk and liability for cargo damage .................... 375
15.73 Who is the freight debtor? ........................................... 379
15.74 Security for the freight claim ...................................... 381
15.75 Voyage expenses ...................................................... 383

15.8 Issues relating to cargo damage .................................... 383
15.81 The rules of the Maritime Code ................................. 383
15.82 Is the Maritime Code mandatory? ........................... 384
15.83 Freedom of contract ........................................... 385

15.9 Bills of lading issued under voyage charters. Indemnity claims .......... 387
15.91 Issuance of bills of lading and consequences thereof. ..................... 387
15.92 Incorporation of charter party terms into the bill of lading .......... 388
15.93 Indemnity actions brought by the owner against the charterer ........... 389

16 TIME CHARTERING .................................................... 393

16.1 Introduction .................................................... 393

16.2 The ship and its description .................................. 394
16.21 Cargo capacity and loading/discharging equipment. .............. 394
16.22 Speed and consumption ........................................ 395
16.23 Seaworthiness .................................................. 398

16.3 Duration ................................................................ 401
16.31 “Delivery” and “redelivery” procedures. .......................... 401
16.32 “Redelivery” ...................................................... 402
16.33 “Overlap” and “underlap” ....................................... 403
16.34 Charterer’s options .............................................. 404

16.4 Trading area, cargo options and individual voyages ................. 405
16.41 Trading area ..................................................... 405
16.42 Permitted cargo .................................................. 406
16.43 Performance of the individual voyages .......................... 407

16.5 Allocation of operational responsibilities and costs ...................... 407

16.6 Charter hire – amount, payment and risk. .......................... 409
16.61 Calculation of hire ............................................... 409
16.62 Method and place of payment .................................... 410
16.63 Default in payment of hire ....................................... 411
16.64 Security for hire payments – the “lien” clauses ...................... 415
16.65 Rules concerning off hire ........................................ 417
16.66 Off-hire clauses in selected charter parties ......................... 419
16.67 Settlement of off hire ............................................. 422

16.7 Liability for damage to cargo .................................... 422
16.71 Introduction ....................................................... 422
16.72 Cargo damage claims brought by the time charterer .............. 422
16.73 Liability under bills of lading .................................... 423
16.74 Recourse against the time charterer ............................... 425
17 OTHER CONTRACTS OF AFFREIGHTMENT ................................................. 427
  17.1 Charter party for consecutive voyages ........................................... 427
  17.2 Quantity contracts ................................................................. 430
  17.3 Bareboat charter ................................................................. 434

18 CARRIAGE OF PASSENGERS AND LUGGAGE ......................................... 437
  18.1 Contract and statutory rules ..................................................... 437
  18.2 The carrier’s obligations ......................................................... 439
  18.3 The passenger’s obligations .................................................... 440
  18.4 The owner’s right to compensation ............................................. 440
  18.5 Liability for personal injury and delay ........................................ 441
      18.51 Standing to sue ............................................................... 441
      18.52 Basis of liability and burden of proof .................................... 441
      18.53 Right of limitation ............................................................ 441
      18.54 Tort claims. The contracting carrier and performing carrier ......... 442
      18.55 Compulsory insurance ....................................................... 442
  18.6 Luggage ............................................................................... 443
      18.61 What is luggage? ................................................................. 443
      18.62 The right to bring luggage .................................................... 444
      18.63 The carrier’s obligations .................................................... 444
      18.64 The carrier’s liability for lost, damaged or delayed luggage ......... 444
  18.7 Limitation of actions ............................................................... 445

19 SALVAGE ..................................................................................... 446
  19.1 Introduction ............................................................................. 446
  19.2 Conditions for obtaining a salvage award ..................................... 447
      19.21 What property or interests can be subject to salvage? ............... 447
      19.22 The salved property must be “wrecked” or “in danger” .......... 450
      19.23 The principle of “no cure no pay” ......................................... 453
      19.24 Salvage agreements .............................................................. 454
  19.3 The right to salve .................................................................... 454
  19.4 Assessment of the salvage award ............................................... 456
  19.5 Special compensation ............................................................... 457
  19.6 Actions by the salvor which may result in loss or reduction
      of the salvage award or special compensation ............................... 459
19.7 Apportionment of the salvage award ........................................ 461
19.8 Liability for salvage awards and special compensation. Security, maritime liens and insurance cover. Limitation of actions .......... 462

20 GENERAL AVERAGE ......................................................... 465
20.1 Introduction .............................................................. 465
20.2 What is a general average act. ........................................... 467
   20.21 The principle of common safety. .................................. 467
   20.22 The principle of common benefit ................................. 467
   20.23 If the danger is caused by one of the participants .......... 468
20.3 What is compensated in general average ................................ 469
20.4 Determining the value of the contributing interests .................. 470
20.5 General average contributions; liability for general average contributions; and insurance cover ................................. 471

21 MARINE INSURANCE – OVERVIEW AND GENERAL QUESTIONS ........ 473
21.1 Introduction .............................................................. 474
21.2 The sources of law ...................................................... 476
21.3 The insurance contract .................................................. 478
   21.31 The parties to an insurance contract ............................ 478
   21.32 Concluding the insurance contract .............................. 479
   21.33 Jurisdiction and choice of law .................................. 480
   21.34 Insurance period .................................................... 480
21.4 Insurable interest, insurable value and sum insured ................. 481
   21.41 The interest insured ............................................. 481
   21.42 Insurable value and sum insured ................................ 482
21.5 Scope of cover: Perils insured against, causation and losses covered ......................................................... 483
   21.51 Scope of cover ................................................. 483
   21.52 Perils insured against ......................................... 484
   21.53 Causation ...................................................... 485
21.6 The duties of disclosure and due care .................................. 487
   21.61 Overview ...................................................... 487
   21.62 The duty of disclosure ......................................... 489
   21.63 Alteration of the risk ........................................... 490
   21.64 Casualties caused by the assured .............................. 491
   21.65 Unseaworthiness ............................................... 493
