   D. Bailee’s Defense ................................................104
   E. Bailment and Pets .............................................105
   F. Damages ...........................................................106

Appendices ...............................................................106
   A. Sample Testamentary Animal Trust ....................106
   B. Sample Inter Vivos Animal Trust .......................109
   C. Sample Bailment Complaint ...............................112
   D. Sample Requests for Production to Defendant ......114
   E. Sample Interrogatories to Defendant .................115
   F. Sample Requests for Admissions to Defendant ....116
   G. Sample Questions for Plaintiff’s Expert Deposition 116

CHAPTER 4
Veterinary Malpractice ...............................................127
Gregory M. Dennis
I. Overview ..............................................................128
   A. Veterinary Law—Generally ................................128
   B. Brief History of Veterinary Malpractice Law ......128
   C. Veterinarian-Client-Patient Relationship ............128
II. Types of Claims Asserted against Veterinarians............................129
   A. Legal Standard of Care Applicable to Other Professionals
      Also Applies to Veterinarians........................................130
   B. Required Elements for Veterinary Malpractice.........................131
      1. Negligence on the Veterinarian's Part Is
         Not Presumed................................................................132
      2. Veterinarians Have a Wide Range of Discretion in
         Exercising Veterinary Medical Judgments..........................132
   C. Standing to Maintain a Veterinary Malpractice Action.............133
   D. Comparative Fault and Contributory Negligence....................133
   E. Res Ipsi Loquitur..........................................................135

III. Requirement of Expert Testimony to Establish
     Veterinary Malpractice.........................................................136
   A. Daubert and Veterinary Expert Witnesses............................144
   B. Expert Testimony Must Indicate Not Only
      Professional Error, but That Error Caused Injury................145
   C. Common-Knowledge Exception..........................................147
   D. Professional versus Ordinary Negligence............................149
   E. Reading Veterinary Books or Texts Alone Is
      Not Sufficient ...............................................................150

IV. Additional Considerations.......................................................150
   A. Statute of Limitations.......................................................150
   B. Long-Arm Jurisdiction over Out-of-State Veterinarians............151
   C. Governmental Immunity......................................................152
   D. Veterinary Good Samaritan Laws.......................................153
   E. Informed Consent and Owner Consent..................................154

V. Special Issues...........................................................................156
   A. Liability for the Transmission of Zoonotic or Parasitic
      Diseases from Animals to Humans....................................156
   B. Liability for Transmission of Diseases between Animals.........158
   C. Client Injuries from Animals under Treatment.....................161
   D. Extralabel and Off-Label Use of Drugs...............................163

VI. Damages Recoverable in Veterinary Malpractice Actions...........164

VII. Conclusion..............................................................................166

VIII. Pleadings and Discovery.........................................................166

CHAPTER 9  
Remedies in Animal-Related Litigation ................................. 437  
Joan E. Schaffner  
I. Introduction ................................................................ 438  
II. Damages ................................................................... 439  
   A. Compensatory ..................................................... 439  
      1. Loss to the Animal ........................................... 440  
      2. Loss to the Owner ............................................ 440  
         a. Economic Property Loss ............................ 440
b. Noneconomic Property Loss ........................................ 442
  c. Economic Consequential Loss ................................ 443
  d. Noneconomic Personal Loss to Owner ...................... 444
  e. State Statutes Allowing Recovery ........................... 445
     i. Definition of “Pet” ........................................ 446
     ii. Conduct Establishing Liability .......................... 446
     iii. Damages Allowed ....................................... 446
     iv. Exemptions ............................................... 447
B. Punitive or Exemplary Damages ................................. 447

III. Restitution .................................................................. 448

IV. Other Specific Relief .................................................. 449
  A. Injunctions ........................................................... 449
  B. Specific Performance .............................................. 451

V. Attorneys’ Fees and Ancillary Remedies .......................... 453
  A. Attorneys’ Fees ................................................... 453
  B. Ancillary Remedies ............................................... 454

Appendices ................................................................... 455
  A. Selected Secondary Sources on Remedies in Animal Law Cases ........ 455
  B. List of Available Remedial Forms .............................. 456

CHAPTER 10
Criminal Law ................................................................ 461
Dana M. Campbell
Pamela D. Frasch

I. Introduction ................................................................ 463

II. Common Types of Animal Cruelty Cases ...................... 463
  A. Neglect ............................................................... 463
  B. Abuse ................................................................. 464
  C. Abandonment ....................................................... 466
  D. Sex Offenses ......................................................... 467
  E. Hoarders and Breeders .......................................... 467
  F. Animal Fighting .................................................... 469
  G. Farmed Animal Cases ............................................ 470

III. Common Motions in Animal Cruelty Cases .................... 470
  A. Motion to Suppress Evidence .................................. 470
  B. Motion to Examine the Carcass or Other Evidence ...... 471
  C. Motion for Particular Bail or Release Conditions ...... 472

IV. Special Procedural and Other Unique Issues in Animal Cruelty Cases ........................................... 472
  A. Forfeiture or Foster Care until Trial, Costs of Care in the Interim ............................................. 472
B. The Link between Animal Abuse and Human Violence ..........473
C. Proving Ownership or Custody .....................................475
D. Proving Pain or Cause of Death ..................................476
E. Jury Issues ..................................................................477
   1. Voir Dire ..................................................................477
   2. Jury Instructions ....................................................477
V. Considerations for Plea Bargains and Sentencing in Animal Cruelty Cases .....................................................477
   A. Creating a Criminal Record for the Defendant ...............477
   B. Jail Time and Suspended Sentences .............................478
   C. Community Service ..................................................478
   D. Restitution ................................................................479
   E. Counseling ................................................................479
   F. No-Contact Orders ....................................................480
VI. Identifying Cases in Your State .........................................480
   A. Media ......................................................................480
   B. Animal Shelters and Other Advocacy Groups ................480
   C. Law Enforcement .....................................................481
   D. Identifying and Contacting the Appropriate Prosecutor ....481
VII. Prosecutorial Discretion and Considerations ..........................482
   A. Felony or Misdemeanor Abuse ....................................482
   B. Multiple Counts .......................................................482
   C. Related Counts .......................................................482
   D. Juveniles ................................................................483
   E. Resources Available to the Prosecutor ..........................484
      1. Follow-Up Investigations ..........................................484
      2. Laboratories and Other Scientific Tools ....................485
      3. Veterinarians and Other Expert Witnesses ................486
      4. Visual Aids for Trial ...............................................487
VIII. Communication with the Prosecutor and Judge ......................488
   A. Prosecutors ..............................................................488
      1. Be Squeaky ..........................................................488
      2. Be a Resource .......................................................488
      3. Be Prepared ........................................................488
   B. Judges ....................................................................489
IX. Available Resources ........................................................489
    A. Expert Witness Database ..........................................489
    B. Research ................................................................489
    C. Telephone Advice and Ideas from Prosecutors ...............490
    D. Other ....................................................................490
X. Conclusion ..................................................................490
CHAPTER 11
Expert Witnesses ................................................................. 527
Katherine C. Bloomquist

I. Introduction .................................................................. 527
II. Choosing an Expert ..................................................... 528
   A. The Expert's Qualifications ........................................ 528
   B. Practical Pointers in Selection and Use of an Expert ..... 532
III. Admissibility of Expert Witnesses ............................... 533
IV. Expert Witnesses and the Emerging Daubert Standards .... 533
   A. Daubert v. Merrell Dow Pharmaceuticals, Inc ........... 533
   B. After Daubert .......................................................... 535
      1. General Electric Co. v. Joiner ................................ 536
      2. Kumho Tire Co. v. Carmichael .............................. 536
      3. Federal Rule of Evidence 702 Amendment in 2000 .... 536
   C. Applicability of Daubert to State Courts .................... 536
V. Discovery of Experts ..................................................... 537
   A. Applicable Rules ..................................................... 537
   B. Practical Pointers in Conducting Discovery When an Expert May Be Utilized ........................................ 537

CHAPTER 12
Practical Considerations for Attorneys Handling Animal Law Cases ........................................ 543
Julie I. Fershtman

I. Introduction .................................................................. 544
II. Unique Ethical Considerations ...................................... 544
   A. Rules of Ethics ........................................................ 544
   B. Civility and Professionalism ..................................... 544
III. Evaluation of the Client’s Goals and Expectations .......... 545
   A. Considerations of Economics ..................................... 545
      1. Expense of Litigation Compared to Outcome ............. 546
2. Potential for Recovery of Legal Fees ..................................... 546
3. Potential for Opposing Party Being Insured ......................... 547
4. Potential to Maximize Recovery by Invoking a Statute ................. 547
5. Potential for Recovery of Emotional Distress Damages .................. 547

B. Practical Considerations .......................................................... 547
1. Impact on Future Business Dealings ........................................... 547
2. Negative Publicity .................................................................. 548
3. Potential for Counterclaims ....................................................... 548

IV. Litigating on a Shoestring .......................................................... 549
V. Fee Agreements ........................................................................ 549
   A. Contingency .......................................................................... 549
   B. Hourly ................................................................................. 549
   C. Flat Fee ................................................................................ 550

VI. Alternative Dispute Resolution ..................................................... 550
VII. Settlements .............................................................................. 551

Appendices ...................................................................................... 552
   A. Sample Letter Rejecting Potential Legal Matter ....................... 552
   B. Sample Retainer Agreement—Hourly Fee .............................. 553
   C. Sample Retainer Agreement—Contingency Fee ....................... 555
   D. Sample Agreement to Arbitrate ............................................. 558
   E. Sample Settlement Agreement .............................................. 561
