PART I THE ENERGY POLICY OF THE NEW EU COMMISSION

1. Europe's new energy policy: achievements and perspectives

   Hein Hilbrecht

2. Priorities for the EU's gas industry during the next Commission -
   Key messages on market integration and carbon-neutral power supply by 2050

   Domenico Dispenza

3. Priorities for the European electricity industry during the next Commission

   Hans ten Berge

4. A zero-carbon electricity industry by 2050 (and a zero carbon energy system for the EU) rapidly establishing a clear and predictable Road-Map for industry

   Introductory presentation: a 2050 Energy Policy for Europe?

   Christopher Jones

   Roundtable discussion

   Panel: Hans ten Berge, Fiona Hall, Konstantin Staschus

   Moderator: Christopher Jones

5. What will the European Parliament expect of the new Commission? From low carbon flatland to a high efficiency and high renewable hierarchy

   Claude Turmes
# Table of contents

## PART II  THE EMERGING EU POLICY ON ENERGY SECURITY

6. The EU’s Strategic Energy Technology Plan: major investment, major opportunities ................................. 81  
   *Stefan Tostmann*

7. The new rules and EU approach on energy security ................................................................. 91  
   *Jean-Arnold Vinois*

## PART III  ACHIEVING THE 20-20-20 TARGETS AND BEYOND

8. Achieving the requirements of the new renewable energy Directive: a practical guide ....................... 105  
   *Hans van Steen*

9. Implementing the new ETS and non-ETS rules in practice ....................................................... 113  
   *Peter Zapfle*

## PART IV  THE INTERNAL ENERGY MARKET

10. The internal energy market: practical priorities for the new Commission ................................. 123  
    *Florian Ermacora*

11. The new regulatory agency: a practical guide to its functioning and priorities ........................... 133  
    *Walter Boltz*

## PART V  THE EU’S COMPETITION POLICY IN ENERGY MARKETS

12. State aid and energy markets in a new regulatory environment .................................................. 147  
    *Leigh Hancher, Nicola Pesaresi*
