Introduction xiii

1. Operational Art and the General Theory of Systems 1
   Introduction 1
   The Universal System Dimension 4
   The Operational Dimension 8
   The Aim – An Essential Triad 14
   The Notion of Operational Shock 16
   The Operational Striking Manoeuvre 20

2. Mass and Operational Art
   The Theoretical Dichotomy in Nineteenth-Century Military Thought 30
   The Phenomenon of Mass and the Advent of the Operational Milieu 30
   The First Stage 31
   The Second Stage 31
   The Third Stage 34
   The Fourth Stage 36
   The Cultural Dichotomy: Absence of Operational Cognition in a System Environment 39
   Technology – A Catalyst of Operational Ignorance 49
   The Peninsular War 49
   The Balkan Campaign 51
   The Palestine Campaign 53
   Rail Transport 55
   Communications 57
   Firepower 59
   Roads 61

3. Destruction and Operational Art
   The Roots of Ignorance 70
   The Paradox of Destruction 70
4. The Blitzkrieg Concept
   A Mechanized Manipulation of Tactical Patterns
   The Blitzkrieg Myth
   The Decline of Operational Cognition
   Blitzkrieg – The Mechanization of Destruction
   The Absence of Operational Cognition – Empirical Reflections
   The Distortion of the Operational Aim Mechanism

5. The Evolution of Soviet Operational Thought
   From Successive Operations to the Operational Manoeuvring Group
   The Civil War – The Incubation of Military System Thinking
   Towards a Unified Military Doctrine
   Veterans of the First Cavalry Army and the School of Operational Thought
   Strategy of a Single Point
   The Identification of System Logic in Military Operations
   Deep Battle – The Tactical Circle
   Deep Simultaneous Strike – Towards an Operational Paradigm

6. The Deep Operation Theory – Glubokaia operatsiia
   Depth and Echelonment: A Framework for Operational Interaction
   Udar: The Rationale of the Operational Theory
   The Operational Aim
   Elements of Operational Manoeuvre
   Operational Synergy
   Synchronization, Coordination and Combined Arms Combat
   EA and ERP
   Forward Detachment
   Airborne Desant
   The Element of Aviation
   The Tactical Synthesis
