- Politics, Representation, and Government Finance 18  
- The Layers of Government 21  
- Conclusion 24  
- Questions and Exercises 24  
  Case 1-1: Market Interplay, Municipal Utilities, and Common-Pool Resource  

**PART ONE** Budgeting, Budget Structures, and Budget Reform 27  

**CHAPTER 1** The Logic of the Budget Process 29  
- The Size and Growth of Government Expenditure 30  
- Budget Process and Logic 38  
  - The Parts of Public Expenditure/Public Revenue Process 39  
  - Budget's Traditional Look: Object of Expenditure (or input) format 40  
  - Functions of the Budget Process 44  
- The Budget Cycle 46  
  - Executive Preparation 48  
  - Legislative Consideration 49  
  - Execution 50  
  - Audit and Evaluation 53  
- Governmental Accounting and Financial Reporting 55  
- Budgets and Political Strategies 57  
  - The Incrementalist Insight 57  
  - Roles, Visions, and Incentives 58  
  - Strategies 60  
- Conclusion 65  
- Questions and Exercises 65  
  Case 1-1: What Cost Matters For Making Decisions? 68  
  Case 1-2: Developing and Using Budget Strategy: The Earth Resources Technology Satellite (ERTS) 69  
  Case 1-3: Strategies in Defense of the Defense Budget 73  

**CHAPTER 2** Budget Structures and Institutions: Federal and State-Local 77  
- The Federal Budget 77  
  - Spending by the Federal Government 78  
  - The Federal Budget Process 80
State and Local Budgets 116
  Spending by State and Local Governments 116
  State and Local Government Budget Processes 118

Conclusion 125
Questions and Exercises 126

CHAPTER 3 Budget Methods and Practices 127
  Preparation of Agency Budget Requests 127
    Budget Justification 128
    Elements of Cost Estimation 130

Review of Budgets 136
The Executive Budget: The Plan and the Balancing 139
  Phantom Balance and deficit Reduction 141

Managing Budget Execution 147
  Internal Controls 150

Audit and Evaluation 151
Conclusion 154
Questions and Exercises 154
  Case 3-1: Green Felt-Tip Pens, a Tape Recorder, and Embezzlement 159
  Case 3-2: Broad-Rule Cuts of Unnecessary Travel 161
  Case 3-3: Balancing the Chicago Public School Budget 165

Appendix 3-1: Budget Preparation, or How to Be a Budget Analyst 166

CHAPTER 4 Budget Classifications and Reform 178
Alternative Budget Classifications and Provision of Government Services 179
  Traditional Budgets: A Flawed Tool for Decision Making 182

Performance Budgets 186
Program Budgets 189
An Illustration of an Expenditure in Alternative Classifications 198
A Different Budget Logic: Zero-Based Budgets 199
Restructuring the Logic of Governments: New Performance Budgeting 202
Conclusion 209
Appendix 4-1 The Federal Functional Classification 210
Questions and Exercises 215
  Case 4-1: Following Departmental Lines (and scores?) 214
  Case 4-2: A View of Zero-Based Budgeting 215

CHAPTER 5 Capital Budgeting, Public Infrastructure, and Project Evaluation 223
Why Have a Capital Budget? 224
A Capital-Budgeting Process 228
  The Capital Improvement Plan 229
  Long-term Financial Analysis 230
  The Capital Component of the Annual Budget 231
  Executing the Capital Budget 236

Problems in Capital Budgeting 236
Accounting for Time: Discounting and Compounding 238
Cost-benefit analysis 244
  Elements in Cost-Benefit Analysis 246
  Project Objectives 246
Benefit Estimation and Valuation 247
Estimating Project Costs 250
Selecting a Discount Rate 252
Decision Criteria 254
Some Special Problems of Cost-Benefit Analysis 257
Multiple Objectives 257
Valuing Projects that Save Lives 259
Cost-Benefit Analysis and Political Decisions 260

Conclusion 261
Questions and Exercises 261
Case 5-1: What Does Cost Mean? 267
Case 5-2: The GAO on the Need for a Federal Capital Budget 268

PART TWO Revenue Sources, Structure, and Administration 273

CHAPTER 6 Taxation: Evaluation Criteria 275
Taxation in the United States: A Short Overview of the Systems 276
Standards for Tax Policy 282
Equity 283
Horizontal and Vertical Equity 286
Business and Individual Shares 293
Adequacy or Revenue Production 294
Collectability 299
Economic Effects 300
State and Local Taxes and Economic Development 301
Transparency 304
Taxes and Externalities 305
Conclusion 308
Questions and Exercises 308
Case 6-1 Politics and the Protection of Tax Advantages 309

CHAPTER 7 Major Tax Structures: Income Taxes 315
Some Background 316
The Argument about Taxing Income 319
For the System of Taxing Income 319
Against the System of Taxing Income 320
Individual Income Taxation 322
Defining Income 323
Adjusted Gross Income 325
Personal Deductions 327
Taxable Income 329
Tax Rates 331
Credits 335
Effective Tax Rates 336
Indexation 337
Tax Computation 338
Corporate Income Taxation 339
Payroll Taxation 342
CHAPTER 8  Major Tax Structures: Taxes on Goods and Services  350

Selective Excise Taxation  355
  Luxury Excises  356
  Sumptuary Excises  357
  Benefit-Base Excises  358
  Regulatory and Environmental Excises  359
  Other Excises  360

General Taxes on Goods and Services: Retail Sales and Value-Added Taxes  360
  Retail Sales Taxes  362
  Exclusion of Producer's Goods  365
  Coverage of Services  367
  Commodity Exemptions  368
  Use Taxes  369

Value-Added Taxes  370

Conclusion  376

Questions and Exercises  376
  Case 8-1: Sales Tax and Used Cars  378
  Case 8-2: Girl Scout Cookies and the Snack Tax  382
  Case 8-3: Complying with the Canadian VAT  384

CHAPTER 9  Major Tax Structures: Property Taxes  387

The Arithmetic of Rates, Levies, and Assessed Value  390

Assessment of the Base  392
  Appraisal Standards: Property Assessment  393
  Doing Assessment: Cycles  396
  Doing Assessment: Methods  397
  Managing Property (Parcel) Data  399

Property Tax Relief  400
  Exemptions and Abatements  401
  Circuit Breaker Credits  404
  Deferrals  406
  Classification  407
  Tax Increment Financing  408

Problems of the Property Tax  409
  Fractional Assessment and Assessment Uniformity  409
  Limits and Controls  418

Conclusion  420

Questions and Exercises  421
  Case 9-1: Use-Value Assessment for Farmland: Some Operational Questions  425
  Case 9-2: Finding Revenue in Reassessment  427
  Case 9-3: Property Taxes and a World-Class House  429
CHAPTER 10  *Revenue From User Fees, User Charges, and Sales by Public Monopolies* 431
User Fees and Licenses 434
User Charges 436
Advantages of User Charges 438
Limitations of User Charges 440
Charge Guidelines 441
Public Monopoly Revenue: Utilities, Liquor Stores, and Gambling Enterprises 445
Government Utilities 445
Liquor Stores 446
Gambling Enterprises 446
Lotteries 448
Conclusion 451
Questions and Exercises 451
Case 10-1: Entrepreneurial Revenues in State Parks 455

CHAPTER 11  *Collecting Taxes* 459
Why Do People and Businesses Pay the Tax They Owe? 459
Taxpayer Active or Taxpayer Passive? 461
The Core Functions of Tax Collection 463
Taxpayer Registration/Service 463
Declaration/Assessment 464
Revenue and Taxpayer Accounting 465
Delinquency Control/Compliance/Collections 466
Audit 467
Appeal or Protest 469
Enforcement 470
The Administrative Structure 471
Centralization 471
Integration of Activities 472
Total Collection Cost 474
Conclusion 477
Question and Exercise 477

CHAPTER 12  *Revenue Forecasting, Revenue Estimating, and Tax Expenditure Budgets* 478
Revenue Forecast (or Baseline) 479
General Guides for Revenue Forecasts 480
Alternative Methods for Forecasting 482
Choosing the Method 488
Forecasts for the Long Term 489
Revenue Estimating 490
Tax-Expenditure Budgets 492
Conclusion 496
Questions and Exercises 496
Appendix 12-1: The State of Minnesota Tax-Expenditure Budget: Criteria and Measurement 498
