Part Two
Empirical Studies on Policy Development and Organizational Change

10 Studying Organizational Dynamics
   Geert Vissers

11 Change Has to be Learned: An Evaluative Study of a Large-Scale Culture Intervention
   Léon de Caluwé

12 Measuring MARCO POLIS Management Game's Influence on Market Orientations
   Etienne Rouwette, Eppie Fokkema, Hans van Kuppevelt and Vincent Peters

13 Policy Games: Instrument for Policy Testing
   Marcel Valens and Hans van Kuppevelt

14 The Impact of Animated Simulation on Communication Processes
   Ruurd Meinsma, Catrien Termeer, and Gert-Jan de Vreede

15 Structuring System Information for Improved Policy Development
   David Ford

Part Three
Applications to Policy and Organizational Problems

16 New Neuronet Models of Global Socio-Economic Processes
   A. Makarenko

17 Restructuring: A Priority of Socio-Economic Reform
   Eduard Radaceanu

18 Global Gaming as an Innovative Approach
   Koichi Omori

19 Simulating International Relations: Dilemma of Critical Conditions
   Kobayashi Makoto

20 Gaming/Simulation in the Dutch Armed Forces
   P.C. Boer and J. Soeters
