## Contents

Citizens Promoting Environmentally Safe Operation of the Oil Industry in the North Aleutian Basin  
*John Devens*  .......................................................... 56

Meeting the Environmental Challenge in the North Aleutian Basin:  
Audience Questions and Answers ........................................ 60

**Panel: Concerns and Issues from the Fishing Industry**

Concerns and Issues from the Fishing Industry:  
Introduction to the Panel  
*Jeff Stephan* ............................................................. 66

Alaska Crab Coalition Perspective and Concerns Regarding North Aleutian Basin OCS Development  
*Arni Thomson* ........................................................... 73

North Aleutian Basin Oil and Gas: Fishery Industry Concerns  
*Brent Paine* ............................................................... 80

Energy Development and Healthy Fisheries  
*Dale Schwarzmiller* ..................................................... 84

Concerns and Issues from the Fishing Industry—NPFMC  
*Eric Olson* ............................................................... 86

Concerns and Issues from the Fishing Industry:  
Audience Questions and Answers ........................................ 90

**Panel: Perspectives on Energy-Fisheries Coexistence in Norway**

Fishery and Aquaculture versus Oil and Gas Activities  
*Hans Nordgård* .......................................................... 96

Relationships between Oil & Gas and Fishing Industries in the North Sea UK Sector  
*James Parker* ............................................................. 99

Perspectives on Energy-Fisheries Coexistence in Norway:  
Audience Questions and Answers ........................................ 105
Panel: Oil & Gas Impact
The Physical Toxicity Side of Oil and Gas: Are Seismic Surveys an Important Risk Factor for Fish and Shellfish?
Jerry Payne ................................................................. 108

National Pollutant Discharge Elimination System (NPDES) Permit Process
Cindi Godsey ................................................................ 113

Mercury in Drilling Fluids
Richard Prentki and Mary C. Boatman .............................. 118

Oil & Gas Impact: Audience Questions and Answers .......... 121

Panel: North Aleutian Basin Potentially Impacted Communities—Opportunities and Concerns
Welcome to the City of Unalaska
Shirley Marquardt .......................................................... 124

Opportunities versus Risk for Our Communities
Justine Gundersen .......................................................... 128

North Aleutian Basin Energy Fisheries: Dillingham Opportunities and Concerns
Tim Sands .................................................................... 129

A View from Bristol Bay Borough, Alaska
Dan O'Hara .................................................................... 131

How Do You Balance the Value of Fishery Resources with Oil and Gas Development?
Stanley Mack ................................................................ 134

North Aleutian Basin Potentially Impacted Communities—Opportunities and Concerns: Audience Questions and Answers 138

Panel: Native Culture and Subsistence Implications
Bristol Bay Native Corporation and Enrichment of the Native Way of Life
Tiel Smith ...................................................................... 142
Conservation in the North Aleutian Basin in Support of Subsistence
Norman N. Anderson ................................................................. 145

Understanding Subsistence Fisheries in the North Aleutian Basin
James A. Fall ........................................................................ 148

Subsistence Is Highly Valued
Tom Tilden ........................................................................... 152

Keeping Our Culture Alive
Katherine McGlashan ................................................................. 154

Panel: Perspectives on Energy-Fisheries in Cook Inlet
Benefits from the Oil Industry on the Kenai Peninsula
John Williams ........................................................................ 156

Cook Inlet Oil and Gas
Bill Popp .................................................................................. 159

Cook Inlet Aquaculture Association
Gary Fandrei ........................................................................ 162

The Oil/Fisheries Group of Alaska
Stephen T. Grabacki and Peter T. Hanley ................................. 164

Cook Inlet Citizen Participation: The Keys to Success Are Collaboration and Broad-Based Participation
Michael Munger ......................................................................... 166

Cook Inlet Oil & Gas Development: Lessons Learned from 40 Years of Development in Offshore Alaska
Bob Shavelson ........................................................................ 170

Perspectives on Energy-Fisheries in Cook Inlet: Audience Questions and Answers ................................................................. 175

Audience Decides on Next Steps: Discussion .................................. 178

Index ...................................................................................... 186
