FROM FORAGING TO FARMING IN THE ANDES

New Perspectives on Food Production and Social Organization

Edited by
TOM D. DILLEHAY
Vanderbilt University

Contributors
PETER KAULICKE
GREG MAGGARD
PATRICIA J. NETHERLY
DOLORES PIPERNO
JACK ROSSEN
KARY STACKELBECK
JOHN W. VERANO

CAMBRIDGE UNIVERSITY PRESS
(2011)
Contents

Foreword  xi
Peter Kaulicke

Acknowledgments xvii

1 Introduction ..................................................... 1
   Tom D. Dillehay
   The Central Andean Coastal Plains and Foothills  6
   Environment and Boundary of the Study Area  10
   Cultural Phase Chronology  15
   Setting the Stage in the Study Area  17
   Some Guiding Conceptual Issues  20
   Clarifications and the Book’s Organization  27

2 Research History, Methods, and Site Types ................. 29
   Tom D. Dillehay, Kary Stackelbeck, Jack Rossen, and Greg Maggard
   Project Methods  30
   Definition of Site Types  35
   Spatial and Temporal Boundaries of Sites  40

3 Pleistocene and Holocene Environments from the Zaña to the Chicama Valleys 25,000 to 6,000 Years Ago .... 43
   Patricia J. Netherly
   An Overview of Climate in Northern South America from the Late Glacial Maximum to the Mid-Holocene  47
   Biogeography of the Northern Andes from the Pleistocene/Holocene Transition to the Mid-Holocene  59
   Environmental Records in the Study Region  70
   Entomological Indicators for Paleoclimate  72
   Stable Carbon Isotope Assays  73
   Conclusion  74
# Contents

4 **El Palto Phase (13800–9800 BP)** .............................. 77  
*Greg Maggard and Tom D. Dillehay*  
El Palto Subphase (~13800–11700 BP) 80  
Afterthoughts 93

5 **Las Pircas Phase (9800–7800 BP)** ............................. 95  
*Jack Rossen*  
Environmental Setting 99  
Architecture and Features 100  
Human Remains 105  
House Gardens 105  
Other Subsistence 106  
The Nanchoc Lithic Tradition 107  
Other Industries 111  
Ritualization 112  
Summary 114

6 **Tierra Blanca Phase (7800–5000 BP)** .......................... 117  
*Kary Stackelbeck and Tom D. Dillehay*  
Environment and Settlement Pattern 117  
Subsistence Patterns 122  
Technology 123  
Domestic Architecture 125  
Public Architecture 130  
Burial Patterns/Treatment of the Dead 131  
Summary 132

7 **Preceramic Mounds and Hillside Villages** ......................... 135  
*Tom D. Dillehay, Patricia J. Netherly, and Jack Rossen*  
Cementerio de Nanchoc Site: CA-09-04 135  
Non-Mound Excavation and Workshop in Zone B 142  
Geo-Chemical and Micro-Residue Evidence for Calcite  
(Lime or *Cal*) Productions 144  
Geophysical Survey 145  
Comparative Implications of the Cementerio de Nanchoc  
Mounds 147  
Discussion 148  
The Terminal Preceramic Period at the Hillside Site of Cerro  
Guitarra (PV-19–54) 150  
Discussion 159

Contents

Specific Site and Phase Distributions 238
General Patterns 242
Intact Buried Cultural Deposits 246
Population Dynamics and Estimates 248
Population Abandonment/Aggregation 251
Discussion 253

13 Foraging to Farming and Community Development 257
Tom D. Dillehay, Jack Rossen, and Kary Stackelbeck
Pathways to Farming 260
Early Water Control 262
The Nanchoc Tradition: Community Land Use, Exchange, and Interaction Systems 263
The Economic Foundations of Andean Civilizations 267
Summary 270

14 Northern Peruvian Early and Middle Preclassic Agriculture in Central and South American Contexts 275
Dolores Piperno
The Plants, Their Source Areas, and Time Lines of Appearance 276
The Communities that First Cultivated and Domesticated Plants 281
Future Prospects 283

15 Conclusions 285
Tom D. Dillehay
Ritual and Technology 291
Social Units and Levels 295
Supra-Household Level 297
Landscapes and Thresholds 298
Bridgehead Communities and Intergroup Fronts 302
Widening the Scope of Interaction 304
Small Thoughts, Big Changes 306

Appendix 1: Radiocarbon Dates for All Preclassic Phases and Subphases 311

Appendix 2: Dry Forest Biomes of the Coastal Valleys and Lower Western Slopes in Northwestern Peru 315
Patricia J. Netherly
Contents

Appendix 3: Stable Carbon Isotopes 329
  Patricia J. Netherly

Appendix 4: Faunal Species Present in Preclassic Assemblages
  by Phase in the Jequetepeque and Zaña Valleys 333
