FISHERIES EXTENSION AND ADMINISTRATION

O.P. SHARMA
CONTENTS

Preface

1. Fisheries Extension
  1.1 Extension education
  1.2 Concept of extension
  1.3 Need for fisheries extension
  1.4 Aquaculture Extension System (AES)
  1.5 Philosophy of extension education
  1.6 Objectives and principles of Fisheries Extension Education
    1.6.1 Objectives of Fisheries Extension Education
    1.6.2 Principles of Fisheries Extension Education
  1.7 Fisheries extension process
    1.7.1 Situation and Problem
    1.7.2 Objectives and solutions
    1.7.3 Dissemination/Teaching
    1.7.4 Evaluation
    1.7.5 Reconsideration
  1.8 Steps in fisheries extension
    1.8.1 Attract
    1.8.2 Inform
    1.8.3 Interest
    1.8.4 Desire
    1.8.5 Demonstrate
    1.8.6 Convince
    1.8.7 Activate
    1.8.8 Achievement
    1.8.9 Contentment/Satisfaction
  1.9 Methods, Tools and Techniques of Fisheries Extension
    1.9.1 According to nature
      1.9.1.1 Individual contact method
      1.9.1.2 Group contact method
      1.9.1.3 Mass contact method
    1.9.2 According to form
      1.9.2.1 Audio aids
2. Communication and Communication Channels

2.1 Communication

2.2 Communicator and types of communicator
   2.2.1 Vertical (Downward and Upward)
   2.2.2 Horizontal (Across or Sideways)

2.3 Functions of communication
   2.3.1 Information function
   2.3.2 Command or instructive function
   2.3.3 Influence or Persuasive function
   2.3.4 Integrative function

2.4 Importance of communication in extension

2.5 Communication process

2.6 Elements of communication

2.7 Models of communication
   2.7.1 Aristotle's model (384-322 BC)
   2.7.2 Shannon-Weaver model (1949)
   2.7.3 Westley and Maclean model (1957)
   2.7.4 Leagan's model (1961)
   2.7.5 Berlo's model (1960)
   2.7.6 Schramm's model (1964)

2.8 Communication channels

2.9 Classification of channels
   2.9.1 Interpersonal and Mass media channels
   2.9.2 Localite and Cosmopolite channels

2.10 Nature of channels

2.11 Characteristics of channels

2.12 Feedback in communication

2.13 Role of feedback in communication

2.14 Effect of feedback in communication

2.15 Problems/Barriers in communication
   2.15.1 According to phases of communication
      2.15.1.1 Relating to the communicator
      2.15.1.2 Relating to transmission of message
      2.15.1.3 Relating to the receiver
2.15.2 According to various types of problems 36
   2.15.2.1 Technical problems 36
   2.15.2.2 Semantic problems (Problems relating to meaning) 36
   2.15.2.3 Influential problems 36
2.15.3 According to the nature of problems: 37
   2.15.3.1 Physical problems 37
   2.15.3.2 Psychological problems 37
   2.15.3.3 Cultural problems 37

3. Adoption and Diffusion of Innovation 38
   3.1 Adoption, Diffusion, Innovation 38
   3.2 Characteristics of innovation (Perceived attributes of innovation) 38
      3.2.1 Relative advantage 38
      3.2.2 Compatibility 39
      3.2.3 Complexity 39
      3.2.4 Trialability 39
      3.2.5 Observability 39
      3.2.6 Predictability 39
   3.3 Stages in the adoption behaviour (Adoption Process) 39
      3.3.1 Awareness 40
      3.3.2 Interest 40
      3.3.3 Evaluation 40
      3.3.4 Trial 40
      3.3.5 Adoption 40
   3.4 Factors related to adoption of practices 40
      3.4.1 Social factors 40
      3.4.2 Personal factors 40
      3.4.3 Situational factors 41
   3.5 Innovations- Decision process 41
      3.5.1 Knowledge 41
      3.5.2 Persuasion 41
      3.5.3 Decision 41
      3.5.4 Implementation 41
      3.5.5 Confirmation 41
   3.6 Classification of adopters (Adoption categories) 42
3.6.1 Pioneers (Innovators) 42
3.6.2 Early adopters 42
3.6.3 Early majority 42
3.6.4 Late majority 42
3.6.5 Laggards (No changes) 42
3.7 Rate of adoption 43
3.8 Consequences of innovations 43
  3.8.1 Desirable v/s Undesirable 43
  3.8.2 Direct v/s Indirect 44
  3.8.3 Anticipated v/s Unanticipated 44
3.9 Motivation for adoption and innovation in fisheries extension 44
3.10 Classification of motives or basic needs 44
3.11 Importance of motivation in extension 45
3.12 Extension teaching based on motivation 45
  3.12.1 Attracting learners 45
  3.12.2 Stimulating the learner's interest 45
  3.12.3 Stimulating the learner's desire for information 45
  3.12.4 Convincing the learner to act 45
  3.12.5 Action by the learner 46
  3.12.6 Ascertaining the learner's satisfaction 46
4. Programme Planning in Fisheries Extension 47
  4.1 Importance of extension programme 47
  4.2 Components of programme planning in fisheries 48
  4.3 Principles of programme planning 48
  4.4 Nature of programme planning 48
  4.5 Participation of organization in programme planning 49
  4.6 Involvement of people in programme planning 50
  4.7 Characteristics of a good programme 50
  4.8 Steps involved in the extension programme planning 51
    4.8.1 Collection, analysis and evaluation of data 51
    4.8.2 Determination of objectives 51
    4.8.3 Identification of problems 51
    4.8.4 Finding solution to problems 52
    4.8.5 Selecting problems to be tackled 52
4.8.6 Actual plan of work
4.8.7 Carrying out the plan
4.8.8 Continuous checking and evaluation of results
4.8.9 Review of process and projections of plans

5. Fisheries Extension Administration
  5.1 Administration
  5.2 Organization
  5.3 Goals of extension organization
  5.4 Management of fisheries extension
  5.5 Functions of fisheries administration
    5.5.1 Planning
      5.5.1.1 Level of planning
      5.5.1.2 Elements of planning
    5.5.2 Organizing
    5.5.3 Staffing
    5.5.4 Training
      5.5.4.1 Planning phase
      5.5.4.2 Implementation phase
      5.5.4.3 Evaluation phase
    5.5.5 Training methods
      5.5.5.1 Lecture
      5.5.5.2 Group discussion
      5.5.5.3 Seminar
      5.5.5.4 Panel discussion
      5.5.5.5 Colloquium
      5.5.5.6 Symposium
      5.5.5.7 Workshop
      5.5.5.8 Syndicate method
      5.5.5.9 Case study
      5.5.5.10 Role playing
      5.5.5.11 Brain storming
      5.5.5.12 Buzz session
      5.5.5.13 Sensitivity training
      5.5.5.14 Interactive video
      5.5.5.15 Video conferencing
    5.5.6 Directing and Supervising
5.5.7 Coordination 64
5.5.8 Communication 64

5.6 Characteristics desirable in fisheries administrators 65
5.6.1 Fairness 65
5.6.2 Initiative 65
5.6.3 Tact 65
5.6.4 Enthusiasm 65
5.6.5 Emotional control 65
5.6.6 Intelligence 65
5.6.7 Integrity 65
5.6.8 Loyalty 65
5.6.9 Knowledge 65
5.6.10 Flexible and adaptable 66
5.6.11 Vision 66
5.6.13 Good judgment 66
5.6.14 Physical vitality 66
5.6.15 Broad knowledge and interest 66
5.6.16 Resourcefulness 66
5.6.17 Cooperative 66
5.6.18 Commonsense 66
5.6.19 Background 66
5.6.20 Ability to teach 66

5.7 Training Strategies for Extension Personnel 67
5.8 Extension training 67
5.8.1 Pre-service training 67
5.8.2 In-service training 67

5.9 Traits, Attributes and Obligations of Fishery Extension Personnel
5.9.1 Qualifications of extension personnel 68
5.9.1.1 Experience 68
5.9.1.2 Training 68
5.9.1.3 Characteristics 68
5.9.2 Duties of extension personnel 69

6. Fisheries Extension and Information Services in India (Role of Farmers: Extension and Research Linkages) 71
6.1 Fisheries Extension Services
6.2 Role of research
6.3 Role of extension
6.4 Role of users
6.5 Linkages
6.6 Operational Research Project
   6.6.1 Objectives of Operational Research Project
6.7 Lab to Land Programme
6.8 Krishi Vigyan Kendra
   6.8.1 Basic principles of KVK
   6.8.2 Objectives of KVK
6.9 Trainers' Training Centers (TTC)
6.10 Fish Farmers Development Agency (FFDA)
6.11 Fish Handling and Processing
6.12 Fishing Technology
6.13 Fishery information and forecasting
6.14 Technology Transfer
6.15 National Federation of Fishermen's Cooperative Limited (FISHCOPFED)
6.16 New initiatives in fisheries extension
   6.16.1 Public sector initiatives
      6.16.1.1 Single window delivery system
      6.16.1.2 Kisan call centre
      6.16.1.3 Help line
   6.16.2 Private sector initiatives
      6.16.2.1 Private commercial organizations
      6.16.2.2 Aqua service centre
      6.16.2.3 One-stop aqua shop
   6.16.3 ICT application in extension
      6.16.3.1 Aqua-choupal
      6.16.3.2 e-choupal
      6.16.3.3 Rural knowledge centre
      6.16.3.4 Cyber extension
7. Participatory Approaches in fisheries extension
7.1 Rapid Rural Appraisal (RRA)
7.2 Guideline for RRA
7.3 RRA guidelines for aquaculture
7.3.1 Aquaculture RRA in an integrated rural development programme
7.3.2 Aquaculture RRA in a poverty alleviation project

7.4 RRA Tools

7.5 Participatory Rural Appraisal (PRA)
7.5.1 Application of PRA
7.5.2 Central Theme of PRA
7.5.3 Key Features of PRA
    7.5.3.1 Iterative
    7.5.3.2 Innovative
    7.5.3.3 Interactive
    7.5.3.4 Informal
    7.5.3.5 In the community
7.5.4 Types of PRA
    7.5.4.1 Exploratory PRA
    7.5.4.2 Topical PRA
    7.5.4.3 Participatory PRA
    7.5.4.4 Monitoring PRA

7.5.5 Methodology used in PRA
    7.5.5.1 Secondary Data Review
    7.5.5.2 Direct Observations
    7.5.5.3 Diagrams or visual Sharing
    7.5.5.4 Semi-structured interviews
    7.5.5.5 Social Map
    7.5.5.6 Resource Map
    7.5.5.7 Do it yourself
    7.5.5.8 Transect walk
    7.5.5.9 Seasonality diagramming
    7.5.5.10 Ranking and scoring
    7.5.5.11 Livelihood analysis
    7.5.5.12 Daily routine diagrams
    7.5.5.13 Historical profile
    7.5.5.14 Farm map
    7.5.5.15 Wealth ranking
7.5.5.16 Venn or Chapati diagrams 99
7.5.5.17 Flow diagrams 99
7.6 Procedures for collecting spatial data 99
  7.6.1 Maps 99
  7.6.2 Transect walk 100
  7.6.3 Venn diagram (Institutional analysis) 100
  7.6.4 Time related data analysis 101
    7.6.4.1 Time Lines 101
    7.6.4.2 Trend Lines 102
  7.6.5 Seasonal calendar 103
  7.6.6 Ranking and scoring 104
    7.6.6.1 Preference ranking 105
    7.6.6.2 Pair wise ranking 105
    7.6.6.3 Direct matrix ranking 105
    7.6.6.4 Direct matrix scoring 105
  7.6.7 Semi structured interviews (SSI) 107
    7.6.7.1 Types of SSI 107
    7.6.7.2 Methods of interview 108
  7.7 Participatory problem analysis 110
  7.8 Guidelines for field PRA 113
  7.9 Field Exercise and Presentation of findings 114
  7.10 Guidelines for Analyzing PRA findings 114
  7.11 Guidelines for conduct of successful PRA 115
  7.12 Advantages of PRA 116
  7.13 Disadvantages of PRA 118
  7.14 RRA and PRA in aquaculture planning 119
    7.14.1 Tips for trainers PRA 119
    7.14.2 How people learn? 120
    7.14.3 Planning Procedure 121
8. Constraints in Fishery Extension Activities 122
   (Change Agents and Factors in Change Agents success)
  8.1 Constraints analysis 122
    8.1.1 Change agent system constraints 122
    8.1.2 Client system constraints 123
9. Bibliography 125
   Subject Index 126
