1. Introduction: Indigenous North American Societies and the Environment  
   **Bruce D. Smith**

2. Plant Use by Arctic and Subarctic Indigenous Peoples  
   **Alestine Andre, Amanda Karst, and Nancy J. Turner**

3. Archaeological and Ethnographic Evidence for Indigenous Hunting and Fishing Economies in the North American Arctic and Subarctic  
   **Christyann M. Darwent**

4. Plant Use by Northwest Coast and Plateau Indigenous Peoples  
   **Fiona Hamersley Chambers and Nancy J. Turner**

5. Prehistoric Native American Use of Animals on the Northwest Coast and Plateau  
   **Sarah K. Campbell and Virginia L. Butler**

6. Archaeological and Ethnographic Evidence for Indigenous Plant Use in California  
   **Robert L. Bettinger and Eric Wohlgemuth**

7. Native Hunting Adaptations in California: Changing Patterns of Resource Use from the Early Holocene to European Contact  
   **William R. Hildebrandt and Kimberly Carpenter**

8. Subsistence through Time in the Greater Southwest  
   **Karen R. Adams and Suzanne K. Fish**

9. Prehistoric Hunting and Fishing Patterns in the American Southwest  
   **Steven R. James**

    **Catherine S. Fowler and David E. Rhode**

    **Joel C. Janetski**

12. Patterns of Plant Use in the Prehistoric Central and Southern Plains  
    **Mary J. Adair and Richard R. Drass**

13. Native American Use of Animals on the North American Great Plains  
    **John R. Bozell, Carl R. Falk, and Eileen Johnson**

14. The Role of Plants in Southeastern Subsistence Economies  
    **Kristen J. Gremillion**

15. Animals in Southeastern Native American Subsistence Economies  
    **Heather A. Lapham**

16. People and Plant Interactions in the Northeast  
    **Gary W. Crawford**

17. Animal Use by Holocene Aboriginal Societies of the Northeast  
    **Bonnie W. Styles**

18. Native American Domestication and Husbandry of Plants in Eastern North America  
    **C. Margaret Scarry and Richard A. Yarnell**

19. The Role of “Tropical” Crops in Early North American Agriculture  
    **Gayle J. Fritz**
20 Tobacco and Smoking in Native North America  
Sandra L. Dunavan and Volney H. Jones  
517

21 The Diversity and Origin of American Dogs  
Lynn M. Snyder and Jennifer A. Leonard  
525

22 Domestication of the Turkey in the American Southwest  
Natalie D. Munro  
543

23 Fusion Gardens: Native North America and the Columbian Exchange  
Lee A. Newsom and D. Ann Trieu Gahr  
557

24 Eurasian Domesticated Livestock in Native American Economies  
Barnet Pavao-Zuckerman and Elizabeth J. Reitz  
577

25 Shaping the Natural World: Patterns of Human Niche Construction by Small-Scale Societies in North America  
Bruce D. Smith  
593
