American Fisheries Society Symposium 79

Proceedings of the Symposium
“Gulf of Maine Symposium: Advancing Ecosystem Research for the Future of the Gulf”
Held in St. Andrews, New Brunswick, Canada
October 4–9, 2009

American Fisheries Society
Bethesda, Maryland, USA
2012
Contents

Introduction ................................................................. vii
Symbols and Abbreviations ........................................... xix
Ecosystem Services in the Gulf of Maine ......................... 1
   Stephen S. Hale and Maxine Westhead
Linking Ecosystem Health and Services to Inform Marine Ecosystem-Based Management ....... 9
   Katie K. Arkema, and Jameal F. Sambouri
Peopling the Marine Ecosystem ...................................... 27
   Bonnie J. McCay
We Really Can Get There from Here: Important Steps toward Ecosystem-Based Fishery Management ...................................................... 35
   Sally McGee
Fishermen without Borders .......................................... 41
   Jean Guy d'Entrement
   Maxine Westhead
State-of-the-Environment Reporting for the Gulf of Maine .... 61
   Jay Walmsley
Collaborative Learning Strategies to Overcome Barriers to Ecosystem Management in Coastal Watersheds of the Gulf of Maine .............................................. 73
   Christine Baumann Feurt
Linking Science to Management and Policy through Strategic Communication ...................... 89
   Verna DeLauer, Susan Ryan, Ivar Babb, Peter Taylor, and Pam DiBona
Observations and Analysis of Change in the Gulf of Maine: Present Status and Future Directions .............................................................. 103
   Jeffrey A. Runge
Zooplankton of the Gulf of Maine—A Changing Perspective ............................................. 115
   Jonathan A. Hare and Joseph Kane
Status of the Northeast U.S. Continental Shelf Large Marine Ecosystem: An Indicator-Based Approach ....................................................... 139
   Michael J. Fogarty, Kevin D. Friedland, Laurel Col, Robert Gamble, Jonathan Hare, Kimberly Hyde, Jason S. Link, Sean Lucey, Hui Liu, Janet Nye, William J. Overholtz, David Richardson, B. Rountree, and Maureen Taylor
Spatial Patterns of Subtidal Benthic Invertebrates and Environmental Factors in the Nearshore Gulf of Maine ........................................ 167
   Stephen S. Hale
Regime Shift in the Gulf of Maine ................................................................. 185
   Peter C. Smith, Neal R. Pettigrew, Philip Yeats, David W. Townsend, and Guoqi Han
Zooplankton Monitoring in the Gulf of Maine: Past, Present, and Future ............ 205
   Catherine L. Johnson and Jonathan A. Hare
Quantifying Watershed-Based Influences on the Gulf of Maine Ecosystem: The Saint John River Basin ................................................................. 219
   Glenn Benoy, Eric Luiker, and Joseph Culp
Anthropogenic and External Influences on the Gulf of Maine: Workshop Summary .... 235
   Madeleine Hall-Arber, Judith Pederson, and Peter Wells
Useable Pasts of Harvested Waters: The Working Role of American Fisheries History 243
   Michael J. Chiarappa
Advances in Understanding Ecosystem Structure and Function in the Gulf of Maine . . . . 261
   Michael J. Fogarty, David W. Townsend, and Emily Klein
Seafloor Mapping for Ecosystem Management in the Gulf of Maine .................. 273
