4 Oblivion: The Right to be Different ... from Oneself: Re-proposing the Right to be Forgotten  
Norberto Nuno Gomes de Andrade

Introduction  
The resurgence of the debate and the convergence towards the adoption of a ‘Right to be Forgotten’  
Data protection – privacy – identity  
Data protection vs. privacy/identity  
Privacy vs. identity  
The Right to be Forgotten: an identity perspective  
The wider scope of application: public facts  
De-contextualised information  
Household exemption and the infallible prevalence of the right to freedom of expression  
Identity as the normative root for the right to oblivion  
Conclusion

5 The Right to be Forgotten and Informational Autonomy in the Digital Environment  
Cécile de Terwangne

Introduction  
The definition and context of the ‘Right to be Forgotten’  
What is meant by the ‘Right to be Forgotten’?  
Specific context of the Internet: the eternity effect  
The de-contextualisation  
The necessity of a decision to erase  
The economic cost of erasing  
Informational autonomy or informational self-determination  
The notion of informational autonomy/self-determination  
The Right to be Forgotten linked to informational self-determination  
The Right to be Forgotten in case of data processing based on the data subject’s consent  
The Right to be Forgotten as a right to repentance and a right to change one’s mind  
The right to withdraw consent leading to the erasure of data  
The Right to be Forgotten in case of data processing based on other grounds
