July 19-23, 1993
New Orleans, Louisiana

Edited by Orville T. Magoon, W. Stanley Wilson, Hugh Converse, and L. Thomas Tobin
CONTENTS

NOAA ORCA—STRATEGIC ENVIRONMENTAL ASSESSMENTS

Bridging the Gap Between Science, Management, and Public Policy
  Daniel J. Basta .................................................................  *
Characterizing Coastal Pollution Sources: Lessons Learned by the National Coastal
Pollutant Discharge Inventory Program
  Daniel R.G. Farrow, Percy A. Pacheco, Anthony S. Pait, Jamison A. Lowe,
  Alice E. DeSouza, Manyu Swain and Sheila J. Arenstam ...................... 1
A New National Survey of Eutrophication in Estuarine and Coastal Areas: First Results
  C. John Klein, Donna D. Turgeon and Suzanne Bricker .............................  *
Nationwide Consequences of Development in Coastal Areas: Population, Construction,
and the Quality of Shellfish-Harvesting
  Maureen A. Warren, Thomas J. Culliton, Eric Slaughter, John McDonough, and
  Davida G. Remer ...........................................................................  *
Agricultural Pesticide Use in Coastal Areas: Where Are the Critical Problems?
  Anthony S. Pait, Alice E. DeSouza and Daniel R.G. Farrow .......................  *
Taking Information to Coastal Decisionmakers: The Evolution and Capabilities
of COMPAS
  Thomas F. LaPointe, John Paul Tolson, Elizabeth Archer and Charles E. Alexander ....  *
The National Estuarine Inventory: Databases, Products, and New Directions
  Charles E. Alexander, Mark E. Monaco, Steve Rohmann and S. Paul Orlando ....  *

ESTUARINE MANAGEMENT AND RESEARCH:
INTERNATIONAL STRATEGIES I

Tidal Inlet Closure Effects on Three Mexican Coastal Lagoons
  G. Torres-Moye, J. Ledesma-Vazquez, R. Castro-Valdez and D. Ortega-del Valle ........ **
Canada’s Atlantic Coastal Action Program: A Community-Based Approach to
Coastal Management
  W. Wayne Barchard and Lawrence P. Hildebrand ........................................ **
Estuary Management: The British Experience
  Jan Brooke and Catriona Paterson ....................................................... 56
Coastal Lagoon Management in Baja California, Mexico
  Lorenzo Gomez-Morin Fuentes and Jose Luis Ferman-Almada ........................ **
Estuaries in Conflict: Management Problems for Ports, Fisheries, and Other Users:
A Sydney (New South Wales) Perspective
  Kenneth R. Brown ...........................................................................  *
ESTUARINE MANAGEMENT AND RESEARCH: INTERNATIONAL STRATEGIES II

Implications of Environmental Dynamics for Sustainable Environment and Resources
Management Futures in the Niger Delta
   L.F. Awosika and A.C. Ibe ........................................................................... **
Coastal Wetlands of Ghana
   A.K. Armah .................................................................................................... 313
Benthic Foraminifera Diversity in the Bonny Estuary, Niger Delta, Nigeria
   Caroline Olusola Dublin-green ..................................................................... **
Argentine Deltas Morphology
   Jorge Osvaldo Codignotto and Silvia Christina Marcomini ......................... 323
Holocene Evolution of Deltas on the East Coast of India
   Kakani Nageswara Rao and Noburu Sadakata .............................................. **

PROCESSES OF WETLAND LOSS IN LOUISIANA II: IDENTIFYING LAND LOSS MECHANISMS AND MAPPING LAND LOSS

Are Landscape Patterns Related to Marsh Loss Processes?
   J.A. Nyman, M. Carloss, R.D. Delaune and W.H. Patrick, Jr. ......................... 337
A Comparative Analysis of Wetland Change Mapping for the Terrebonne Basin, Louisiana, 1932 to 1989
   Qiang Tao, Randolph A. McBride, Mark R. Byrnes and Shea Penland ... *
Production and Decomposition of Spartina Patens in a Degrading Coastal Marsh
   Lori A. Johnson, Kathleen A. Reynolds and A. Lee Foote ............................. 349
A Method for Classifying Land Loss by Geomorphology Process
   Lynda D. Wayne, Mark R. Byrnes, L.D. Britsch, Shea Penland, Patrick L. Wilkey, Ted A. Williams and S. Jeffress Williams ........................................... **
Crevasses on Lower Course of the Mississippi River
   Donald W. Davis .................................................................................................. 360
Changes in Louisiana Coastal Wetlands Since 1978
   Lawrence R. Handley ....................................................................................... *
Critical Small-Scale Physical Processes that Contribute to Marsh Loss on Louisiana’s Subsiding Coastal Plain: Synoptic Observations of Waves, Currents and Sediment Dynamics on the Marsh Surface and in Small Marsh Ponds
   Joseph N. Suhayda, Denise J. Reed, Roelof M.J. Boumans, John W. Day Jr., G.P. Kemp, Donald R. Cahoon, N. Latif and S. Jeffress Williams .................. *

COORDINATING THE 6217 NONPOINT SOURCE PROGRAM WITH ONGOING FEDERAL AND STATE EFFORTS

EPA’s Vision for the National Estuary Program’s Involvement with OCRM and State Coastal Management Program
   Marian Mlay ...................................................................................................... *
Coastal Zone Management Act Involvement with the National Estuary Program: A National Perspective
   Clement Lewsey ................................................................................................... *
Implementation of the Buzzards Bay National Estuary Program
   Jeff Benoit .......................................................................................................... *
Performance of Beach Nourishment at Holton Head Island, South Carolina
Kevin R. Bodge, Erik J. Olsen and Christopher G. Creed

Performance of Three Adjacent but Different Beach Nourishment Projects, Pinellas County, Florida
Richard A. Davis, Jr., James C. Gibeaut, David C. Inglis, Gary Creaser, Rebeca Haney and James B. Terry

Probabilistic Design of Beach Fills for Shore Protection
Magnus Larson, William G. Grosskopf, and Nicholas C. Kraus

Assessment of Shoreline Trends of Historic Beach Fills: Coney Island, New York
Laurel T. Gorman and Karen R. Pitchford

Project Performance: Ocean City, Maryland Beach Nourishment
Donald K. Stauble and Nicholas C. Kraus

Beach Fill Performance at the Lido Beach, Florida, Groin
Clifford L. Truitt, Nicholas C. Kraus and Don Hayward

Optimal Design of Dun/Seawall Systems
John R. Headland

IMPACTS OF SEA LEVEL RISE AND RELATED ENVIRONMENTAL CONDITIONS I

Comparative Analysis of Vulnerability to Accelerated Sea Level Rise: Atlantic Coast of South America
C.R. Volonte, Robert J. Nicholls and Karen C. Dennis

Impact of Rising Sea Level and Damming the Changjiang Gorges on the Shanghai Area
Wang Baocan and Chen Shenliang

Vulnerability Assessment to Sea Level Rise: A Case Study for the Bohai Bay Coast in China
Nobuo Mimura, Yasushi Hosokawa and Mukan Han

A Global Vulnerability Assessment: Vulnerability of Coastal Areas to Sea Level Rise
Frank M.J. Hoozemans, Marcel J.F. Stive and Luitzen Bijlsma

Holocene Sedimentation and Coastal Wetlands Response to Rising Sea Level at the Aucilla River Mouth: A Low Energy Coast in the Big Bend Area of Florida
Connie B. Garrett, Heidi Hertler, Ronald W. Hoenstine and A. Bradley Highley

Evaluating Responses to Sea-Level Change
Anand Patwardhan

Relative Sea Level Rise and Coastal Erosion of Yellow River Delta, China and Management Strategies
Mei-e Ren

HISTORY OF SHORELINE PROTECTION METHODS I

Steambank Inventory and Protection: Soldotna Reach, Konai River, Alaska
Frank F. Reckendorf and Leland Saele

Plant Establishment Enhancement Technique for Shoreline Stabilization and Protection
Keith Salvo

Washington State Coastal Erosion Management Strategy
Douglas J. Canning and High Shipman
OIL SPILLS

Results from Minerals Management Service Funded Oil Spill Research 1991–1993
Edward J. Tennyson .......................................................... 455
Evaluation of Compensation Formulae to Measure Natural Resource Damages
Marie White, Gordon A. Robilliard, William Desbousges and Richard Dunford .......... *
Natural Resource Damage Assessments: States of Regulations and Application to Recent Oil Spills
Gordon A. Robilliard, Ted P. Winfield and Ralph K. Markarian ................................. *
Two Years in the Mud or the Greening of NOAA’s Damage Assessment and Restoration Program in the Northeastern U.S.
Michael Ludwig, Stanley Gorski, Timothy Goodger and Chris Mantzaris .................. *
Recovery of Shoreline Ecosystems Following the Exxon Valdez Oil Spill and Subsequent Treatment
Alan J. Mearns ................................................................. 466
The Texas Coastal Ocean Observation Network: Real-Time Data for Oil Spill Prevention and Response
Gary A. Jeffress ................................................................. *
Smoke Plumes From In Situ Burning of Oil Spills
David D. Evans, William D. Walton, Howard R. Baum, Ronald G. Rehm and Edward J. Tennyson ............................................................... 3409

DEVELOPING A DATABASE FOR GIS MAPPING

Designing the Framework for Coastal Mapping and Database Building in Support of a Coastal Zone Management Program: Nova Scotia, Canada
C. Bradley Fay and Lee MacNeill ................................................ **
A Workstation for the Extraction of Coastline From Digital Imagery
Leslie H. Perry ................................................................. 480
Remote Sensed Information System in Marine Management
Chen Xiao-xiang Li Jin and Li Tiefang .............................................. 487
GIS and Laboratory Study Contaminants in Wetlands
Pete Bourgeois, Steven Castille and Al Alonzo ............................................. 490

CASE STUDIES IN COASTAL AND WAVE ACTIVITIES

The Sea Sentinels Project: Watching Waves in Brazil
Eloi Melo ................................................................. 505
Vertical Distribution of Sediment Under Waves
Shang-Yi Wang and Xi Chen ................................................... **
Long Term Wave Statistics
J.A. Ewing, R.A. Flather, P.J. Hawkes and J.S. Hopkins ................................. **
Long Term Water Level Observations and Variations
Winifred Siefert, Hans Kunz and J. Hofstede ..................................... **
Evaluation of Dissolved Oxygen and Nutrient Trends in the Houston Ship Channel from Historical Statewide Monitoring Data
George Guillen ................................................................. 518
The Incidence of Airborne Sea-Salt Particle in the Coastal Area
Kenji Hotta ................................................................. *

WATERSHED DEVELOPMENT, HABITATS, AND LIVING MARINE RESOURCES SCIENTIFIC FINDINGS

Nekton Use of Salt Marshes of the Southeast Region of the United States
Lawrence P. Rozas ......................................................... 528
Watershed Effects on the Value of Marshes to Fisheries
Roger J. Zimmerman and Thomas J. Minello ......................... 538
Effects of Estuarine Habitat Quality on Juvenile Salmon I: Chemical Contaminant Exposure and II: Altered Growth and Immune Function
Ed Casillas, John E. Stein, Mary R. Arkoosh, Donald W. Brown, David A. Misitano, Sin-Lam Chan and Usha Varanasi ................................................................. 548
Effects of Estuarine Habitat Quality on Juvenile Salmon II: Impairment of Growth and Immune Function
Ed Casillas, Mary R. Arkoosh, David A. Misitano, Bruce G. McCain and Usha Varanasi ................................................................. *
Predicting the Impact of Altered Water Transparency of Seagrass in the Southeast
W. Judson Kenworthy .......................................................... *

AN EVALUATION OF U.S. COASTAL ZONE MANAGEMENT PROGRAM

Revitalizing the Florida Coastal Management Program
Tina Bernd-Cohen, Ralph Cantral, Clement Lewsey, James Murley and James L. Quinn ................................................................. **
The Alaska Coastal Policy Council: Its Role in Maturing Coastal Management Program
Gretchen E. Keiser .......................................................... *
Assessing the Effectiveness of Coastal Island Management in Florida
Keith McCarron and Gary Hill ............................................. *
State Implementation and Enforcement of the Alaska Coastal Management Program
Glenn A. Seaman ............................................................ 563
California's Twenty Years of Coastal Zone Management: Who's Success, Who's Failure?
Phyllis Faber and Jack Liebster ........................................... *
Special Area Management Plans
David J. Brower ............................................................ *

WATER QUALITY MANAGEMENT I: MANAGEMENT PROGRAMS

Evaluation and Management of Irrigation Systems in Southwest Florida
Jerry R. Joiner and Peter Patterson ....................................... *
Environmental Legislation and Marine Pollution
Salah Guma Ahmed .......................................................... *
Controlling Land-Based Pollution for Coastal Management: A Critique of UNEP's Policies
Susan M. Heming and Peter J. Ricketts .................................. **
Industry and Agencies Join Forces to Improve Water Quality
Harvey I. Mack ............................................................... 577
