1993 PAN PACIFIC CONFERENCE ON INFORMATION SYSTEMS
May 30-June 1, 1993, Kaohsiung
Taiwan Republic of China

PROCEEDINGS
Keynote Addresses

k-1  Enterprise Modeling and Decision Support
    Andrew B. Whinston, University of Texas at Austin, U.S.A

k-13 Achievements and Future Potentials of the Information Industry Development in the Republic of China
    Yun Kuo, Institute for Information Industry, R.O.C

Sessions

Areal Information Management Issues
1  Information Systems Management Issues in The Republic of China for the 1990s
    Pien Wang, National Univ. of Singapore, Singapore
    Efraim Turban, California State University, U.S.A

11  A Framework for Assessing IT Use in Firms: A Survey of IT Use in Singapore,
    Christina Soh, Nanyang Technological University, Singapore
    Gabriel Goren, Nanyang Technological University, Singapore
    Soke Yin Wong, Nanyang Technological University, Singapore
    Boon Siong Neo, Nanyang Technological University, Singapore

18  An Examination of Information Systems Outsourcing Practices in Large U.S. Firms: Implications for Global Service Providers
    Jaak Jurison, Fordham University, U.S.A
    Joseph R. Patane, Computane Corp, U.S.A
    Margaret Tan, National Univ. of Singapore, Singapore

22  Progress In Public Acess Information Service: A Global Perspective
    Huat Tatt Gan, National Univ. of Singapore, Singapore
    Margaret Tan, National Univ. of Singapore, Singapore

Multimedia

25  An Object-Oriented Development Process for Multimedia Videotex Applications
    Chien-Chih Yu, National Chengchi Univ., R.O.C.

34  A Multimedia, Project Status Report
    William L. Harrison, Oregon State University, U.S.A.
Nancy Knowlton, Oregon State University, U.S.A.
Allison Walker, Oregon State University, U.S.A.

Medical Multi-media Information Management: A Research Framework
Hong-Mei Chen Garcia, Univ. of Hawaii
Olivia R. Liu Sheng, Univ. of Arizona, U.S.A.

48 A Visualizer for Observing Parallel Program Behavior
Ay-Hwa Andy Liou, Tamkang Univ., R.O.C.
R. Loganantharaj, Center for Advanced Computer Studies, U.S.A.

Database Management

56 An Information Retrieval Model for Crime Investigation
Jau-Hwang Wang, Central Police University, R.O.C.
I-Long Lin, Central Police University, R.O.C.

59 An Overview of Model-assisted Global Query System
Waiman Cheung, The Chinese Univ. of Hongkong, Hongkong

65 Assertive Retrieval Systems for Textual Databases
Ernst J. Schuegraf, St. Francis Xavier University, Canada

68 Relational vs. Object-Oriented Database: A MIS Perspective
Jimming Lin, University of Ottawa, Canada
Seow Meng Tan, University of Ottawa, Canada

Information Systems Applications

76 An Overview of Product Information Management
Shou-Kou Scott Tsao, Electronic Data System Corporation, U.S.A.

85 The Application of Information Systems in Australian Local Government
Rod Learmonth, Griffith University, Australia

92 Document Management System: Office Process Control for the Municipal Government in Taiwan
N.T. Wang, Control Data Taiwan
Hsi Alex Chang, National Sun Yat-Sen Univ., R.O.C.
H. Wu, Chinese Culture Univ., R.O.C

96 CADastral Information System (CADIS): A Land Administration Information System
N.T. Wang, Control Data Taiwan
Hsi Alex Chang, National Sun Yat-Sen Univ., R.O.C.

99 Detainee Management System: Modernizing the Chinese Judiciary System
N.T. Wang, Control Data Taiwan
Hsi Alex Chang, National Sun Yat-Sen Univ., R.O.C.

Education and Training

101 Management Informatics Education
Junichi JJIMA, Tokyo Institute of Technology, Japan
Mitsuaki KIKUCHI, Sanno Univ., Japan
Kazuaki NANNBA, Tokyo Science Univ., Japan
Masanobu MATSUMARU, Yamanashi Gakuin Univ, Japan

104 Issues of End-Users Computing Training in Hongkong
Wing S. Chow, Hongkong Baptist College, Hongkong

107 Development of IT Human Resources: Trends and Practices in Singapore
Boon Siong Neo, Nanyang Technology University, Singapore

Strategic Information Systems

113 Information Technology Architectures for Global Competitive Advantage
Rick Gisbon, The American Univ., U.S.A.

118 Telecommunication Resource Management for Competitive Advantage
James Chong, Simson Bowles & Associates, Australia

127 The Strategic Planning for Open Systems Environments
Yuh-Jong Hu, National Chengchi Univ., R.O.C.

133 Open Systems Technology and The Transformed Business Architecture: The Accounting Systems Perspective
Kenny K.F. Lee, Nanyang Technological University, Singapore

Object Oriented Design

141 Design & Implementation of an Examination Information System by Object-Oriented Programming
Pao-Hsu Shih, Technology Research Division, R.O.C.
Yung-lin Chen, Technology Research Division, R.O.C.

146 Clustering Objects for OODBs in a Multiple
Relationship Environment

Steven Yi-Cheng Tu, Massachusetts Institute of Technology, U.S.A.

Daniel J. Buehrer, National Chung Cheng Univ., R.O.C.

152 Object-Oriented Design of Model Management Systems

Jian Ma, University of NSW, Australia

Vilas Wuwongse, Asian Institute of Technology, Thailand

Groupware (I)

157 Computer Mediated Conferencing Systems: A Necessary Computer Technology to Support Other Technologies

Enrico Y. P. Hsu, Ramapo College of New Jersey, U.S.A.

162 An Agenda for GDSS Research in Hong Kong

Robert Davison, City Polytechnic of Hong Kong, Hong Kong

166 Supporting Top Management Decision Making: GSS for Strategic Issues

Roy C. Schmidt, The Hongkong Univ. of Science and Technology, Hong Kong

Decision Support Systems (I)

175 A Decision Support System for the Analysis and Management of an Emergency Service System

Ahmed Zaki, The College of William and Mary, U.S.A.

Hsing K. Cheng, The College of William and Mary, U.S.A.

179 Distributed Executive Information Systems: A Conceptual Framework

Robert T.H. Chi, California State University, U.S.A.

Efraim Turban, California State University, U.S.A.

188 A Decision Support System for Nursing Care in Thailand

Srisakdi Charmonman, Assumption University, Thailand

Nalinee Bijaisoradat, Assumption University, Thailand
Organizational Information System

193 Reinventing the IS Organization: Information Resource Management in Leading-Edge US Firms
   Jeanne W. Ross, Worcester Polytechnic Institute, U.S.A.
   Cynthia M. Beath, Southern Methodist University, U.S.A.
   Dale L. Goodhue, Univ. of Minnesota, U.S.A.

200 Exploring Informational Aspects of Network Organizations
   Chee Ching, Arizona State Univ., U.S.A.
   Clyde W. Holsapple, Univ. of Kentucky, U.S.A.
   Andrew B. Whinston, Univ. of Texas, U.S.A.

208 Assessing The Benefits of IT Investments in Knowledge Work: A Human Resource Accounting Perspective
   Cheryl Tay, Nanyang Technological Univ. of Singapore, Singapore
   Soon Ang, Nanyang Technological Univ. of Singapore, Singapore

Information Systems Strategy

215 "Develop or Copy" Decision of New Information Technology
   Kyoichi Kijima, Tokyo Institute of Technology, Japan

219 Information Technology Implementation Strategies for Manufacturing Organizations: A Strategic Alignment Approach
   Chin-Fu Ho, National Sun-Yet-San Univ., R.O.C

227 The Effects of Switching Costs On The Adoption Of Electronic Markets
   Baichun Xiao, Seton Hall Univ., U.S.A.
   David Rosenthal, Seton Hall Univ., U.S.A.

232 The Strategic Implications of ISDN to The Economic Development in Taiwan
   Jimming Lin, Univ. of Ottawa, Canada
   Feng-Yang Kuo, National Chiao Tong Univ., R.O.C.

Groupware (II)

238 Negotiator : A Bilateral Multiple-Issue Single-Party Negotiation Support System
   Tung Bui, The US Naval Postgraduate School, U.S.A.
Using Work-Flow Software to Support Office Collaboration

Frank Cheng, Yuan-Ze Institute of Technology, Taiwan, R.O.C.
Sheng-Uei Guan, Yuan-Ze Institute of Technology, Taiwan, R.O.C.
Hsiu-Tsung Yang, Yuan-Ze Institute of Technology, Taiwan, R.O.C.

Workflow Modeling and Implementation

Ting-Peng Liang, National Sun-Yat-San Univ., R.O.C
Jiann-Min Wang, Institute for Information Industry, R.O.C
Chue-Earl Wang, Institute for Information Industry, R.O.C

Expert/Intelligent Systems (I)

Jae Kyu Lee, Korea Advanced Institute of Science and Technology, Korea

Fuzzy Indexing and Retrieval in Case-based Systems
Bingchiang Jeng, National Sun Yat-Sen Univ., R.O.C.
Ting-Peng Liang, National Sun Yat-Sen Univ., R.O.C.

Intelligent Credit Rating System
Ingoo Han, Korea Advanced Institute of Science and Technology, Korea
Won Chul Jhee, Hong IK Univ., Korea

Analytical Models

Efficient Lattice Operations Using N-grid Encoding
Wen-Gong Shieh, Chinese Culture Univ., R.O.C

Exploratory Study on Qualitative Problem Solving: Probabilistic Information Processing
Kwangsoo Ko, Univ. of Guam, U.S.A.
Sung-Yun Shin, South Dakota State University, U.S.A.

Optimal Capacity of a Firm's Computer Backup Center
Hsing K. Cheng, The College of William & Mary, U.S.A.

A Multitype Concentrator Location Problem With A Choice of Terminal Coverages
Choong Y. Lee, Pittsburg State Univ., U.S.A.
Data and System Modeling (I)

295 An Operational Approach to Model Integration Using A Structured Modeling Framework
Yao-Chuan Tsai, National Cheng Kung Univ., R.O.C.

307 Further Evolution of Semantic Data Models
Hock C. Chan, National Univ. of Singapore, Singapore

312 Criteria for Evaluating Data Modeling Concepts of Data Analysis
Winnie Yuk-Wan Cheung, IBM China/Hong Kong Corp., Hong Kong
Masatoshi Nishio, Nagoya University, Japan

322 A Basis of Information Systems Analysis and Its Application to Prototyping
Ryo Sato, Univ. of Tsukuba, Japan

Expert/Intelligent Systems (II)

331 A Fuzzy Object-Oriented Tool Selection System
Ming-Hung Sung, Da-Yeh Institute of Technology, R.O.C.
Kai-I Huang, Da-Yeh Institute of Technology, R.O.C.
Hsin-Ginn Hwang, Northeast Louisiana University, U.S.A.

336 Design Of An Intelligent Facility Management System For Health Care Industry
Jim Lee, Univ. of Southwestern Louisiana, U.S.A.
David A. Dunham, Univ. of Southwestern Louisiana, U.S.A.

340 An Expert System of Crime Investigation Based on Mark Theory to Reconstruct Crime Scene
Chenyuan Kou, Central Police Univ., R.O.C.
Frederick Springsteel, Univ. of Missouri-Columbia, U.S.A.
Chi-ho Lin, Central Police Univ., R.O.C.

Software Engineering

347 Strategies for Improving Software Productivity and Quality
Minder Chen, George Mason Univ, U.S. A.
Jeffery Yan-Ping Chi, National Cetral Univ., R.O. C.
Ko-En Chao, Ming-Chuan Univ., R.O.C

352 A Cardinal Typing Approach for An Integrated Object Modeling
William S. Chao, Sun-Yet-San Univ., R.O.C

359 Managing Software Quality Assurance
Kin Lee SEAH, National Univ. of Singapore, Singapore
Chee Sing YAP, National Univ. of Singapore, Singapore

363 PM-Net: A Software Project Management Representation Model
Kuen-Ching Lee, National SunYet-Sen Univ., R.O.C
Hsin-Hui Lin, National SunYet-Sen Univ., R.O.C
Iuan-Yuan Lu, National SunYet-Sen Univ., R.O.C

Data and System Modeling (II)

370 A Problem-Solving Framework for IS Resources Management
Murali Mohan Narasipuram, City Polytechnic of Hong kong, Hong kong

374 Parallel Modeling in a Multi-Windowing Environment
Gee Kin Yeo, National University of Singapore, Singapore

381 A Micronesian Information System: A Model for a Pacific Information Network
Chih Wang, Univ. of Guam, U.S.A.

388 Towards a Theory of Management Information
Lucas Daniel Introna, Univ. of Pretoria, South Africa
