ARE HERBICIDES ENVIRONMENTAL CONTAMINANTS? Allen F. Wiese......................... 1

WEED SCIENCE IN PEST MANAGEMENT PROGRAMS. W. B. Ennis, Jr......................... 8

SYMPOSIUM

HOW WEEDS AFFECT AQUATIC ENVIRONMENTS. Robert D. Blackburn.......................16

HOW WEEDS INFLUENCE THE CROP ENVIRONMENT. Dudley T. Smith..........................24

THE EFFECT OF WEEDS ON THE INDUSTRIAL ENVIRONMENT. John H. Kirch...................29

HOW WEEDS INFLUENCE THE PASTURE ENVIRONMENT. Albert E. Smith......................35

THE URBAN ENVIRONMENT. J. A. Long.........................................................42

SECTION I - WEED CONTROL IN AGRONOMIC CROPS, TURF AND PASTURES

EFFECT OF INCORPORATED LUPINE ON GROWTH OF SELECTED WEED AND CROP SPECIES. Fredric Lehle and Robert Frans.................................................................46

CONTROLLING WILD POINSETTIA IN SOYBEANS. P. R. Vidrine, J. L. Killmer and R. Larry Rogers.................................................................47

CONTROLLING JOHNSONGRASS IN SOYBEANS. R. M. Carter, S. H. Crawford and R. L. Rogers.................................................................48

PROGRAMS FOR CONTROLLING COCKLEBUR, PRICKLY SIDA AND HEMP SESBANIA IN SOYBEANS. E. R. Butts, R. L. Rogers, P. R. Vidrine, S. H. Crawford.............49

INFLUENCE OF WEED GROWTH STAGES ON THE ACTIVITY OF FLUORODIFEN. J. F. Mason, Ford Baldwin, and P. W. Santelmann..............................................50
RESPONSE OF PEANUTS AND BROADLEAF WEEDS TO POSTEMERGENCE HERBICIDE TREATMENTS. Reafield Vester, Gale A. Buchanan and E. G. Rodgers........51

SUSCEPTIBILITY OF SEVERAL CROPS AND WEEDS TO CYANAZINE. C. M. French, P. W. Santelmann, and H. A. Greer.................................52

POSTEMERGENCE WEED CONTROL IN DORMANT BERMUDAGRASS. B. C. Troutman, R. E. Frans, and J. W. King.................................57

EFFECT OF POSTEMERGENCE HERBICIDES ON CAROLINA HORSENETTLE. Mike Kirby and P. W. Santelmann.................................58

SEEDLING PINE RESPONSE TO FIRST-YEAR VEGETATION CONTROL. J. E. Voeller, J. F. Young and H. A. Holt.................................59

TOLERANCE OF CERTAIN SOYBEAN VARIETIES TO BENTAZON. E. D. Godbold and B. J. Gossett.................................64

RESPONSE OF SOUTH CAROLINA SOYBEAN VARIETIES TO METRIBUZIN. B. J. Gossett and J. H. Palmer.................................65

PREEMERGENCE CONTROL OF BROADLEAF WEEDS IN SOYBEANS. J. H. Palmer and H. D. Yonce.................................66

ORYZALIN FOR PREEMERGENCE WEED CONTROL IN SOYBEANS. J. H. Watson, J. L. Barrentine, J. A. Keaton, D. H. Lade, J. L. Pafford, and R. H. Walker.................................68

EFFECTIVENESS OF BASAGRAIN WITH AIR AND GROUND APPLICATORS. Jack T. Thompson and J. W. Daniel.................................74

SOYBEAN WEED CONTROL WITH METRIBUZIN AND PREPLANTING HERBICIDES. W. L. Barrentine.................................88

SICKLEPOD CONTROL IN SOYBEAN. L. R. Oliver, W. M. Lambert, and A. R. James..89

MULTIPLE HERBICIDE APPLICATORS PLUS CULTIVATION FOR SICKLEPOD CONTROL IN SOYBEANS. John W. Schrader and W. F. Haskins.................................90

COCKLEBUR COMPETITION IN SOYBEANS. W. L. Barrentine.................................91

COCKLEBUR CONTROL IN SOYBEANS WITH METRIBUZIN AND BENTAZON. John W. Schrader and Walter F. Haskins.................................92

NO-TILLAGE STUDIES IN SOYBEANS, CORN AND VEGETABLES. W. E. Chappell........100

SECTION III - THE CONTROL OF WEEDS AND WOODY PLANTS IN FORESTS AND RANGELANDS

THICKENED HERBICIDES ARE EFFECTIVE ON HARDWOODS. Homer A. Brady

SOIL MOISTURE AFFECTS ABSORPTION OF 2,4,5-T Sprays. Homer A Brady

CORRELATION OF OAK CONTROL WITH RAINFALL AND TREE GROWTH. J. F. Stritzke

NON-MECHANICAL SITE PREPARATION AND PINE DEVELOPMENT. H. A. Holt and H. A. Nation

ANALYSIS OF SPRAY DEPOSITION BY U. V. SPECTROPHOTOMETRY. J. P. Walter, C. H. Meadors and T. J. Allen

FOREST BRUSH CONTROL WITH MIST BLOWN HERBICIDES. John D. Walstad

RESIDUES OF 2,4,5-T RECOVERED FROM STREAMS FOLLOWING HELICOPTER APPLICATION TO OKLAHOMA FORESTS. J. L. Igleheart, D. W. Warrick

TEMPORARY DEFOLIATION OF TREES WITH ENDOTHALL/ETHEPHON. J. P. Sterrett, G. R. Leather, W. E. Tozer, W. D. Foster, and D. T. Webb

VEGETATIVE CHARACTERISTICS OF MESQUITE. J. P. Walter, C. H. Meadors, B. T. Cross and J. H. Brock

VEGETATION RESPONSE TO AERIAL SPRAYING OF HONEY MESQUITE IN THE ROLLING PLAINS OF TEXAS. D. B. Polk, Jr. and C. J. Scifres

TEXAS PERSIMMON AND WILLOW BACCHARIS: NATURE, DISTRIBUTION AND CONTROL. H. G. McCall, C. J. Scifres and D. B. Polk, Jr

CHEMICAL CONTROL OF GOLDENWEED. H. S. Mayeux, Jr. and D. L. Drawe

FALL APPLICATION OF HERBICIDES FOR MACARTNEY ROSE CONTROL. C. J. Scifres and H. G. McCall

VEGETATION CHANGES IN A POST OAK SAVANNAH FOLLOWING WOODY PLANT CONTROL. C. J. Scifres and R. H. Haas

SECTION IV - THE CONTROL OF WEEDS AND WOODY PLANTS ON UTILITY, RAILROAD, AND HIGHWAY RIGHTS-OF-WAY AND IN INDUSTRIAL SITES

PROGRESS REPORT OF MARDEN CHOPPER. J. Dwain Bird
THE PRESSURE CONTROL SYSTEM FOR PESTICIDE SPRAYERS. Robert E. Eplee......231
MODIFIED CANE-LOW OIL BRUSH APPLICATION WITH BANVEL. Richard W. Fields......233
CONTROL OF BRUSH BY GRASSING OF TRANSMISSION RIGHTS-OF-WAY. Robert H. Leith, Jr.................................................................234
GRASS INHIBITION STUDIES WITH MALEIC HYDRAZIDE. J. B. Will, W. E. Chappell, and J. S. Coartney.................................236
"INVERT EMULSIONS" "VERSITILITY AND PRECISION". Wm. Lamar Hussey..............................239
SOIL STERILIZATION WORK ALONG MISSISSIPPI HIGHWAYS. John L. Snuggs.................244
CONTROL OF BRUSH WITH A NEW GROWTH REGULATOR. A. W. Welch, M. B. Weed, C. W. Bingeman.................................245
GLYPHOSATE CONTROL OF RAILROAD RIGHTS-OF-WAY VEGETATION IN THE SOUTHEAST. O. N. Andrews, Jr., R. C. Billman, and F. D. Timmons........251
BRUSH CONTROL STUDIES IN RIGHTS-OF-WAY. W. E. Chappell and Joe B. Will........259
DEVELOPMENTS IN THE Visko-RHAP SYSTEM OF DRIFT CONTROL. V. David Perron...270
PROBLEMS ENCOUNTERED BY ADDING FOAMING AGENTS TO PESTICIDE SPRAYS. Frank Black.................................................................273

SECTION V - AQUATIC WEEDS AND SPECIAL WEED PROBLEMS

ASPECTS OF ALLIGATORWEED IN THE MISSISSIPPI VALLEY. P. C. Quimby, Jr. and G. B. Vogt.................................................................280
HERBICIDAL RESPONSE OF ALLIGATORWEED IN RICE. D. P. Viator and J. A. Foret.................................................................281
AN INTEGRATED PROGRAM FOR ALLIGATORWEED CONTROL IN RICE IRRIGATION CANALS. J. A. Foret.................................................................282
CONTROL OF TERRESTRIAL AND ROOTED EMERSED ALLIGATORWEED. Robert Blackburn and Wiley Durden.........................283
METHODS AND HERBICIDES USED FOR AQUATIC WEED CONTROL IN SMALL IMPOUNDMENTS IN GEORGIA. W. Wayne Thomaston............284
EVALUATION OF HERBICIDES FOR CONTROL OF AQUATIC WEEDS IN LAKE MARTIN. Stephen J. Langlinais ................................................................. 288

CHEMICAL CONTROL OF HYDRILLA VERTICILLATA. Robert D. Blackburn, Elroy Timmer, and Richard Elliston ............................................. 289

A STUDY OF COPPER COMPLEXES FOR CONTROL OF HYDRILLA VERTICILLATA. M. Douglas Meyers and Graham A. Stoner ........................................... 290

HERBICIDES FOR VEGETATION MANAGEMENT IN RESTORING DREDGE ISLANDS AS NESTING SITES FOR COASTAL NESTING BIRDS. A. D. Worsham, R. F. Soots, and J. F. Parnell ........................................................................ 298

THE VISKO RHAP SPRAY SYSTEM. Charles L. Hargrove ........................................ 299

IMPROVED APPLICATION TECHNIQUES FOR AQUATIC HERBICIDES. Gordon Baker, Leslie E. Bitting, Porter A. Lambert, Wm. D. Hogan and W. L. McClintock ................................. 304

THE USE OF FOAM FOR DRIFT CONTROL. Gordon Baker ........................................ 306

HYDOUT, AN IMPROVED FORMULATION FOR AQUATIC WEED CONTROL. William W. Mixon ................................................................. 307

SUBMERGED CONTROL OF AQUATICS BY USE OF THE BIFLUID-INVERT SYSTEM. Robert J. Gates ................................................................. 310

AQUATIC WEED CONTROL IN LARGE IRRIGATION AND DRAINAGE CANALS. Ray A. Sprinock ........................................................................ 314

AQUATIC WEED SUCCESSION IN LAKE EOLA, ORLANDO, FLORIDA. C. W. Sheffield, R. T. Kaleel, R. Alt ................................................................. 317

SECTION VI - ECOLOGICAL, PHYSIOLOGICAL AND EDAPHIC ASPECTS OF WEED CONTROL

PERSISTENCE OF DINITROANILINES ON THE SOIL SURFACE. J. M. Kennedy and R. E. Talbert ................................................................. 321

SOIL DISSIPATION OF PROFLURALIN. T. R. Harger, C. E. Rieck and T. H. Wright ........................................................................ 322

INFLUENCE OF SOIL MOISTURE AND RAINFALL INTENSITY ON FLUOMETURON MOVEMENT ACROSS THE SOIL. Ford Baldwin, P. W. Santelmann, and J. M. Davidson ........................................................................ 323

VERTICAL FLUOMETURON MOVEMENT IN RUNOFF STUDIES IN THE SOUTHERN REGION. T. F. Peeper and J. B. Weber ........................................................................ 324

INFLUENCE OF IRON HYDROUS OXIDES ON THE ADSORPTION-DESORPTION OF SELECTED HERBICIDES BY SOIL COLLOIDS. R. D. Carringer and J. B. Weber ................................. 332
TOLERANCE OF SOYBEANS AND GRAIN SORGHUM TO FLUOMETURON RESIDUES. A. W. Jackson, L. S. Jeffery, and Tom McCutchen. 333

SOIL PERSISTENCE OF MBR 8251. D. A. McCall and P. W. Santelmann. 334

ADSORPTION AND MOVEMENT OF LOW MOLECULAR WEIGHT HYDROCARBON GASES IN SOIL. W. W. Witt, J. B. Weber, and A. D. Worsham. 335

SITE OF UPTAKE AND MOBILITY OF NAPROPAMIDE. C. H. Wu, Normie Buehring, and P. W. Santelmann. 336

EFFECTS OF REPEATED HERBICIDE APPLICATIONS ON WEED-SEED IN SOIL. John W. Everest and Donald E. Davis. 337

PERSISTENCE OF CHLORO-S-TRIAZINE HERBICIDES AS INFLUENCED BY TILLAGE. C. H. Slack and C. E. Rieck. 338

INFLUENCE OF SOIL PROPERTIES ON SOIL PERSISTENCE OF DIPROPETRYN. D. S. Murray, P. W. Santelmann, and J. M. Davidson. 339

DISTANCE OF INFLUENCE OF COMMON COCKLEBUR ON SOYBEANS. A. R. James, L. R. Oliver and R. E. Talbert. 340

SPURRED ANODA COMPETITION IN SOYBEAN AND COTTON. W. M. Lambert and L. R. Oliver. 341

GERMINATION AND EMERGENCE OF SPURRED ANODA. Francisco Solano, J. W. Schrader, and H. D. Coble. 342

USE OF PLANT WATER POTENTIAL FOR PREDICTING PLANT RESPONSE TO 2,4,5-T. G. L. Cramer and J. F. Stritzke. 343

TEMPERATURE AND HERBICIDE INDUCED SOYBEAN INJURY. W. Maksymowicz, C. E. Rieck and D. B. Egli. 344

FACTORS AFFECTING THE PHYTOTOXICITY OF A MICROWAVE FIELD. Thomas L. Whatley, J. R. Wayland, and M. G. Merkle. 344

FLUOMETURON EFFECTS ON SALT MARSH ECOSYSTEM: PRELIMINARY RESULTS. John D. Allen and Donald E. Davis. 345

BEHAVIOR OF BAS-392-H IN PLANTS AND IN SOIL. John L. Killmer and R. Larry Rogers. 346

METABOLISM OF PROFLURALIN IN PEANUTS. T. H. Wright, C. E. Rieck and T. R. Harger. 347

THE USE OF PROBIT ANALYSIS IN PLANT RESPONSE CHARACTERIZATION. T. O. Blythe and R. E. Frans. 348

POLYSOME FORMATION IN RELATION TO SEED DORMANCY OF COMMON PURSLANE, PRICKLY SIDA, AND REDROOT PIGWEED. B. J. Reger, G. H. Egley, C. R. Swanson, and E. W. Smith. 356

SYSTEMS OF WEED CONTROL IN SOYBEANS WITH GLYPHOSATE. Claude W. Derting....407

CONTENT OF UNLAWFUL ACTS AND PENALTIES SECTIONS RELATING TO APPLICATORS IN THE FEDERAL ENVIRONMENTAL PESTICIDE CONTROL ACT OF 1972. James A. Sample...413

THE NORTH CAROLINA PESTICIDE LAW OF 1971. Thomas M. Evans................418

LOUISIANA'S RESPONSE TO THE FEDERAL ENVIRONMENTAL PESTICIDE CONTROL ACT OF 1972. John Lenard, Jr........................................421

SECTION VIII - DEVELOPMENTS FROM INDUSTRY

Papers from this section are not printed in the Proceedings.

SECTION IX - APPLICATION OF HERBICIDES

No papers were presented in this section.

PAPERS PRESENTED BUT NOT AVAILABLE FOR INCLUSION IN THE PROCEEDINGS

SECTION IV - HIGHWAY USES OF SOIL STERILANTS. W. G. McCulley, Texas A&M, College Station, Texas

SECTION V - THE TOTAL EFFORT CONCEPT IN NOXIOUS AQUATIC PLANT ERADICATION. L. V. Gerra, Texas Parks and Wildlife Department, Austin, Texas

SECTION VII- A REVIEW OF FEPCA APPLICATION GUIDELINES AND THEIR EFFECT UPON PESTICIDE USE. C. E. Rieck, University of Kentucky, Lexington, Kentucky

PAPERS LISTED IN PROGRAM BUT NOT PRESENTED AT CONFERENCE

SECTION II - GLYPHOSATE FOR WEED CONTROL ON PECANS IN TEXAS. G. R. McEchern, Texas A&M University, College Station, Texas
SECTION V - STILL WATER LAKE TREATMENTS. W. L. McClintock, Environmental Division, Winter Park, Florida

A NEW APPROACH TO HERBICIDE APPLICATION. J. R. Buttram, Citrusystems, Ocoee, Florida

SECTION VI - INTERFERENCE OF FALL PANICUM AND PENNSYLVANIA SMARTWEED ON THE GROWTH OF CORN. G. Ambrose, N. C. State University, Raleigh, N. C.

EFFECTS OF TEMPERATURE ON NUTRIENT UPTAKE BY WATER HYACINTH. D. L. Kirkland and D. E. Davis, Auburn University, Auburn, Alabama
