CONTENTS

PRESIDENTIAL ADDRESS

SAH, S.C.D.
Palynostratigraphic Evaluation of Himalayan Sediments ... 3-22

Section I: Precambrian

NAUTIYAL, A.C.
Morphological Study of Algonkian Cyanophytes from Lesser Himalaya and Plains Region with Stratigraphic Significance ... 25-40

VENKATACHALAPATHY, V. and G. RAVINDRA
Microplanktonic Assemblage from the Core Specimens of the Iron Ore Formation from the Southern Parts of Tanigebail Area, Chikmagalur District, Karnataka ... 41-50

VISWANATHIAH, M.N., V. VENKATACHALAPATHY and T. RAGHUNATH
Microfossils from the Salagundi Conglomerate of Bagalkot Formation, Kaladgi Group, South India ... 51-60

VISWANATHIAH, M.N., V. VENKATACHALAPATHY and K.V. NARAYANA SETTY
Acritharchs and other Microfossils from the Cherts of Mudhol Formation, Kaladgi Group, South India ... 61-74

VISWANATHIAH, M.N., V. VENKATACHALAPATHY and M. SHANKARA
Microfossils from Konkankop Dolomite of Katageri Formation, Badami Group, Karnataka, South India ... 75-86

VISWANATHIAH, M.N., V. VENKATACHALAPATHY and R.G.C. SHEKHAR
Microfossils from the Gandikota Quartzites of the Chitravati Group, Cuddapah Supergroup, Andhra Pradesh ... 87-96

MUDHOLKAR, A.V. and V.S. KALE
Lithostratigraphy of the Rabanpalli Shale Formation, Bhima Group, Rabanpalli Area, Karnataka ... 97-110
Section II: Gondwana Sequence

BANJERJEE, MANJU and ASHALATA D'ROZARIO
Occurrence of Non-striate Disaccate
Dominated Lower Permian (Barakar Formation)
Mioflora from two bore hole samples of
Hura Coal Basin, Lalmatia Block, Rajmahal
Coalfields, Bihar

D'ROZARIO, ASHALATA, TAPATI DAS and
MANJU BANERJEE
Miofloral Study of a bore hole from
Mohanpur Area, Raniganj Coalfield, including Salanpur A Coalseam (Coalseam No. 3, Barakar Formation, Lower Permian)

GHOSH, S.C.
Estheriid Biozones and the Permo-Triassic Boundary in Peninsular Gondwana Basins

BORKAR, V.D.
Some Aspects of Stratigraphy of the South Rewa Gondwana Basin

Section III: Mesozoic

AGARWAL, P.N. and S. KUMAR
A Record of a Lower Ladinian Conodont Guide form from Kalapani Limestone (Formation), Malla Johar Area, Kumaun Himalaya

BADVE, R.M. and K.K. NAYAK
Some Additional Fossil Algae from the Nimar Sandstone, Bagh Beds, Madhya Pradesh, India

BHATT, D.K., V.K. JOSHI and R.K. ARORA
Morphological Observations on Conodonts from Otoceras Bed of Himalaya

MEHROTRA, D.K., SEVA DAS and ASHOK SEHGAL
A Record of Microscopic Molluscan Shells from the Early and Middle Triassic Limestone of Kuthi and Kalapani Areas of Kumaon Himalaya, U.P.

RAJSHEKHAR, C.
Planktonic Foraminifera from the Bagh Beds, Madhya Pradesh
AYYASAMI, K. and B.R. JAGANNATH RAO
Observation on the Biostratigraphic Zones of the Trichinopoly Group (Upper Cretaceous), Tamilnadu ... 223-230

Section IV: Tertiary

KOSHAL, V.N. and S.N. UNIYAL
Palaeocene — Early Eocene Palynofossils in the Subsurface of North Cambay Basin, Gujarat (Western India) ... 233-244

PATHAK, N.R. and MANJU BANERJEE
Fungal Spores from the Neogene Sediments of the Eastern Himalayan Foot Hills, Darjeeling District, West Bengal ... 245-260

RAHA, P.K. and C.P. RAJENDRAN
Some Additional Planktonic Foraminifera from the Quilon Formation of Kerala and their Significance ... 261-268

RAMANUJAM, C.G.K., P. SIVA SARMA and P.R. REDDY
Quantification of the Palynoassemblages of the First and Second Mine Areas of Neyvelli Lignite ... 269-276

VARADPANDE, D.G. and V. SAMPATH
Fossil Blue-green Algae from the Deccan Intertrappean Beds of Maharashtra ... 277-284

BHALLA, S.N. and P. DEV
Taxonomic Notes on some Genera of Foraminiferal Family Cibicididae ... 285-288

KUMAR, P.
Middle Eocene — Early Oligocene Biofacies and Palaeoecology of the Northern Part of Cambay Basin ... 289-298

MADAN MOHAN, P. KUMAR and K.S. SOODAN
Biostratigraphy of Ratnagiri Area, Western Offshore Region, India ... 299-310

MADAN MOHAN, K.S. SOODAN and K.V. BHAKTAVATSALA
Subsurface Biostratigraphy of Diamond Harbour Area, West Bengal ... 311-338

PANDEY, J. and M.S. CHOUBEY
Middle Late Eocene Palaeoecology and Sediments Distribution Pattern in the South Cambay Basin ... 229-350

RAHA, P.K. and S.K. GHOSH
Mineralogy and Microchemical Properties of Foraminiferal Tests of the Quilon Formation in Kerala ... 351-356
SAHNI, A., R.S. BATRA and S.B. Bhatia
Vertebrate Assemblage from the Upper Subathu (Middle Eocene) of the Bilaspur Area, Himachal Pradesh, India... 357-368

SARASWATI, P.K. and RANJIT K. BANERJEE
Lithostratigraphic Classification of the Tertiary Sequence of Northwestern Kutch... 369-376

SARASWATI, P.K. and RANJIT K. BANERJEE
Post-Trappean Sedimentation History of the Northwestern Kutch... 377-390

SALUJHA, S.K. and G.S. KINDRA
Palynostratigraphy of the Atharmura Anticline, Tripura... 391-410

SHARMA, N.L. and RANJIT K. BANERJEE
Statistical Discrimination of Sedimentary Environments of the Middle Siwalik Sediments in Dehra Dun Valley... 411-418

SHRINGARPURE, D.M. and A.N. SHAH
Patterns of Pyritization as Revealed by SEM Studies in the Ostracodes from Nilkanth Area, Pauri Garhwal, Himalaya... 419-432

SRINIVASAN, M.S. and ALOK DAVE
Neogene Sequences of Long Island: Their Bearing on the Late Miocene Paleoceanography of the Andaman Sea... 433-444

VENKATACHALA, B.S. and K.D. SHARMA
Palynological Zonation in Subsurface Sediments in Narasapur Well No. 1, Godavari-Krishna Basin, India... 445-466

Section V: Quaternary

GHARE, M.A., D.R. MATHUR and A.V. VARTAK
On Microborings on Foraminifer Tests from the Holocene Deposits of Raigad District, Maharashtra... 469-482

HONNAPPA and SYED ABRAR
Ostracoda from the Coastal Sediments of Karwar and Bhatkal Areas, Karnataka State, West Coast of India... 483-500

MATHUR (MRS.) KAWAL
Phytolitharians from the Bassein Structure, Bombay Off-shore, India... 501-504

MUKHERJEE, BANKIM and KALYAN CHAKRABORTY
Palynology of the Calcutta Peat with reference to its Origin and Environment of Deposition... 505-514

PHADTARE, N.R. and A.R. KULKARNI
Palynological Assemblage of Lignitic Exposure of Ratnagiri District... 515-532
RAWAT, M.S.
Pollen Analytical Study of Mothronwala Swamp in Dehra Dun Valley, District Dehra Dun, Uttar Pradesh ... 533-546

SHARMA, D.C. and D.C. MISHRA
Occurrence of Rotaliatinopsis Semiinvoluta from the Pleistocene Sediments of the Arabian Sea ... 547-552

BASKARAN, M., M.V.S. GUPTHA and B.L.K. SOMAYAJULU
Multidisciplinary Studies on Saurashtra Miliolites — Mineralogy and Palaeontology ... 553-554

GANDHI, H.P., D.J. MOHAN and A.B. VORA
Preliminary Observation on Baltal and Ara Sediments, Kashmir ... 555-570

GHOSH, SWAPAN, K.
Applicability of Geochemistry and Mineralogical Variations in Correlation and Characterisation of Lithounits ... 571-578

GUHA, D.K.
The Study of Ostracodes, how important they are in Oil Exploration ... 579-584

NIGAM, RAJIV, G. QVALE and J. THIEDE
Foraminiferal Distribution of Post-glacial Quaternary Sediments in a Core from the Skagerrak, E.N. Sea ... 585-596

REDDY, A.N. and K.R. REDDY
The Substrate Foraminiferid Relationship in the Areniar River Estuary, Tamilnadu ... 597-602

BADAM, G.L.
Litho- and Bio-stratigraphy of the Pleistocene Formations of the Manjra Valley ... 603-611
