SIXTH ANNUAL WORKSHOP
WORLD MARICULTURE SOCIETY
# TABLE OF CONTENTS

Foreword-----------------------------James W. Avault, Jr. 5

Contributing Editors-------------------------------7

**PART I - OPENING OF THE WORKSHOP**

Keynote Address-----------------------------P. Korringa 17

**PART II - CULTURE OF Macrobrachium**

Selective Breeding of the Fresh and Brackish-Water Shrimp *Macrobrachium acanthurus*-----Sheldon Dobkin, Jack van Montfrans, and Denise H. Holland 33

A Preliminary Report on the Circadian Rhythmicity in the Spontaneous Locomotor Activity of *Macrobrachium rosenbergii* and its Possible Application to Prawn Culture-----Royden Nakamura 37

Increased Production of Tank-Reared *Macrobrachium rosenbergii* Through Use of Artificial Substrates-Theodore I. J. Smith and Paul A. Sandifer 55

Growth and Behavior of Post Juvenile *Macrobrachium rosenbergii* (de Man) in Close Confinement--------------Earl Segal and Arnold Roe 67

Development of Formula Foods Designed for *Macrobrachium rosenbergii* Larval and Juvenile Shrimp------Lowell V. Sick and Helen Beaty 89

**PART III - CULTURE OF PENAEID SHRIMP**

Light and Fine Structural Studies of Natural and Artificially Induced Egg Growth of Penaeid Shrimp-----M. J. Duronslet, A. I. Yudin, R. S. Wheeler, and W. H. Clark, Jr. 105
Maturation and Spawning in Captivity of Penaeid Shrimp: Penaeus merguiensis de Man, Penaeus japonicus Bate, Penaeus aztecus Ives, Metapenaeus ensis de Hann, and Penaeus semisulcatus de Haan--------------Aquacop 123

Catabolism of Glucose Dissolved in Sea Water by Mysis and Postlarvae of Two Species of Penaeid Shrimp----------Michael Hightower and Addison Lawrence 133

Shrimp Head Oil: A Potential Feed Additive for Mariculture----Jeanne D. Joseph and Josephine E. Williams 147

Studies on the Lethal Dissolved Oxygen Levels for Young Brown Shrimp, Penaeus aztecus Ives----------Gary L. Kramer 157

PART IV - CULTURE OF MOLLUSKS

Comparative Growth of Hard Shell Clams (Mercenaria mercenaria Linne and Mercenaria campechiensis Gmelin) and their F1 Cross in Temperate, Subtropical, and Tropical Natural Waters and in a Tropical Artificial Upwelling Mariculture System--------------J. B. Sunderlin, M. Brenner, M. Castagna, J. Hirota, R. W. Menzel, and O. A. Roels 171

Continuous Spat Production of Flat Oyster Ostrea edulis in Running Water--------J. P. Flassch, M. L'Herroux, L. Laubier, C. Aveline 193

Engineering Aspects of Bivalve Molluscan Mariculture: Culture System Configurations----------Gary D. Pruder 203

Past, Present, and Future Trends in Cultural Techniques and Oyster Production in the State Of Washington---Ronald E. Westley 213

Culture of the Mangrove Oyster, Crassostrea rhizophorae Guilding, in Puerto Rico--------Kenneth W. Watters and Thomas E. Prinslow 221

PART V - CULTURE OF LOBSTERS

Initial Development of Artificial Diets for the Lobster, Homarus americanus---Douglas E. Conklin, Kathryn Devers, and Robert A. Shleser 237

A Polyculture System for Commercially Important Marine Species With Special Reference to the Lobster (Homarus americanus)----------Joan R. Mitchell 249
Effects of Substrate Type and Other Factors on the Growth, Survival, and Cannibalism of Juvenile Homarus americanus in Mass Rearing Systems----------Jon C. Van Olst, James M. Carlberg, and Richard F. Ford

PART VI - CULTURE OF FIN FISH

First Experiments on the Rearing of Tropical Carangidae in Floating Cages-------------------Aquacop

Status of Commercial Net-Pen Farming of Pacific Salmon in Puget Sound---------------------Conrad V. W. Mahnken

Perspectives on Ocean Ranching of Pacific Salmon---William J. McNeil

Brackish Water Pond Culture Experiments with Atlantic Croaker, Striped Mullet, Channel Catfish, and Rainbow Trout----------------------W. Guthrie Perry

PART VII - DISEASES

Diagnostic Procedures for Diseases Found in Egg, Larval, and Juvenile Cultured American Lobsters (Homarus americanus)-------------------W. S. Fisher, E. H. Nilson, and R. A. Shleser

Prevention of Microsporidiosis in the Blue Crab, With Notes on Natural Infections-------------Robin M. Overstreet and Edward C. Whatley, Jr.

Some Forms of Gill Disease in Penaeid Shrimp----D. V. Lightner, C. T. Fontaine and Kenneth Hanks

Filamentous Infestations Observed on Eggs and Larvae of Cultured Crustaceans--------E. H. Nilson, W. S. Fisher, and R. A. Shleser

PART VIII - BUSINESS CONSIDERATIONS

The Selection of Sites for Aquaculture---------Michael B. New

Criteria for Candidate Species for Aquaculture------Harold H. Webber and Pauline F. Riordan

PART IX - FOOD ORGANISMS

Viability of a Phytoflagellate After Freezing--J. P. Flassch, G. Salaun, and Y. Normant

Fabrea salina, A Promising Live Food for Mariculture Purposes----F. DeWinter, G. Persoone and C. Benijts-Claus
Research on the Culturing of the Brine Shrimp *Artemia salina* L. at the State University of Ghent (Belgium) --- P. Sorgeloos

**PART X - FACILITIES - CULTURE SYSTEMS**

A New Experimental Saltwater Fish Rearing Facility on the West Coast of Canada------------------- W. A. Kennedy

Performance Characteristics of Air Lift Pumps of Short Length and Small Diameter-------- W. E. Castro, P. B. Zielinski and P. A. Sandifer

A Modular Nitrification Filter Design Based on A Study of the Kinetics of Nitrification of Marine Bacteria----Richard F. Srna

Semi-Closed System Culture of the Northern Puffer, *Sphoeroides maculatus*--------------------- Robert J. Valenti

The Relationship Between Biotic Variety and the Efficiency of Biological Filtration in Closed Aquaculture Systems----Neal R. Foster

**PART XI - NEW DEVELOPMENTS**

A Simple Volumetric Procedure to Measure Oxygen Uptake of Small Aquatic Animals------------------ Klaus Brendel and Miguel A. Alizade

**APPENDIX MATERIAL**

World Mariculture Society Membership 1975 -
- Honorary

Board of Directors
