Contents

Preface vii
  C. Gordon and J.P. Christensen

Acknowledgements viii

Part 1. Overviews
Practice Guidelines and Healthcare Telematics: Towards an Alliance 3
  C. Gordon

Clinical Practice should reflect Clinical Science 17
  P.C. Gøtzsche

Informatics for Care Protocols and Guidelines: Towards a European Knowledge Model 27
  S.I. Herbert

Part 2. Primary Care
Computerized Guidelines for Preventative Care in General Practice 45
  W. Boon, R. Nardi and S. Bertelli

Computerised Guidelines in Primary Health Care: Reflections and Implications 57
  I. Purves

Knowledge Engineering for Drug Prescribing Guidelines 75
  R. Walton and Z. Ilic

Computerized Assessment with Primary Care Guidelines in the Netherlands 87
  P.E. Zanstra and W.P.A. Beckers

Primary Care Guidelines from an Organizational Point of View 97
  A.J. ten Hoopen, D.A. Boon, J. Nutma and P.F. de Vries Robbé

From Guidelines to Decision Support in the Management of Asthma 105
  M. Modell, S. Iliffe, A. Austin and M.S. Leaning

Part 3. Secondary and Shared Care
Act Management and Clinical Guidelines 117
  P. Nicklin and B. Frandji
Quality Assurance in Clinical Neurophysiology: The ESTEEM Project

Example

The Development of Protocols to cover Clinical Care in Cardiology

C.M.B. Duwel and H.A.C.M. Kruijssen

Protocol-Directed Shared Care in Cardiology

D. Pitty, P. Reeves and A. Rickards

Telematics and Protocols of Care in Critical Care Environments

A.J. Wilson, C.L. Bowes and J. Holland

Disseminating Quality Care for Upper Gastrointestinal Cancer

T. de Dombal and I. Martin

Part 4. Knowledge Engineering and Methodology

Guideline Based Care: The Challenge for Knowledge Based Decision Support

P. Barahona

A Model for the Structured Description of Healthcare Activities and Related Data

A. Rossi Mori, M. De Simone, C. Lalle and F.L. Ricci

Prescription Guidelines in OPADE: What are they, how are they used?

I. de Zegher, C. Milstein, B. Séné and A. Venot

Integrating Guidelines and the Clinical Record: The Role of Semantically Constrained Terminologies

A. Glowinski

Framework for Quality Assessment of Knowledge

J. Brender, J. Talmon and P. McNair
