Contents

Part IV
A Picture without Meaning isn't Worth a Thousand Words: Visual Information in Vision Rehabilitation, G.L. Goodrich 111
Reynell-Zinkin Scales for Young Visually Handicapped Children: A Retrospective Study, H. Timmer-van de Vosse and J.H.M. Hamers 129
ITVIC, An Intelligence Test for Visually Impaired Children, R. Boter and S.A. Hoekstra-Vrolijk 135
The Intelligence Profile of Children with Unequal Vision, M. Groenveld and J.E. Jan 139

2 Rehabilitation of Visual Impairments

Part I
Educational Training in the Use of Aids and Residual Vision is Essential in Rehabilitation of Patients with Severe Age-Related Macular Degeneration I. Principles and Methods, S.E.G. Nilsson and U.L. Nilsson 147
Educational Training in the Use of Aids and Residual Vision is Essential in Rehabilitation of Patients with Severe Age-Related Macular Degeneration II. Results of a Prospective Study, U.L. Nilsson and S.E.G. Nilsson 151
Statistical Survey of the Follow-up Study of 200 Rehabilitation Patients, N. Pérez, C. Moreno and R. Magdaleno 155
New Ergonomic Stand Magnifiers, L.A. Spitzberg and G.L. Goodrich 159
Demonstrating Refraction and Low Vision Optics using the Overhead Projector, A.W. Johnston 163
Occupational Therapy and the Guidance in the Use of Low Vision Aids, E.H.J. van Dijck 171
The Benefits of a Trial Period at Home using Loan-Aids, F.F. Jorritsma and J.J. Neve 174

Part II
Low Vision Functioning in a Restricted and Restricting Environment, A.J. Yalo 182
Ergonomic Workplace Design for a Visually Impaired Person, P.M. van Bergem-Jansen 185
Video Enhancement of Text and Movies for the Visually Impaired, E. Peli, E.M. Fine and K. Pisano 191
Choosing Color Contrasts in Low Vision: Practical Recommendations, K. Knoblauch and A. Arditi 199
A Multidisciplinary Approach to Low Vision Computer Working, J. Gustafsson, G. Sandström, K. Carlsson and M. Strand 204
An Electroluminescent Aid for Low Vision Readers, S. Fazenbaker and G.R. Watson 217
Lighting and Quality of Life, A study among Older People, S. Sorensen and G. Brunnstrom

A Simulator for Studying the Lighting Needs of the Visually Impaired People, G.J. van der Wildt, A.C. Kooijman, F.W.J. van Roode and F.W. Cornelissen

Advice on Illumination during Home Visits, E.H.J. van Dijck

Part III

Reading Characteristics of Normal Observers using Low Vision Aids, A. Bowers and R. Ackerley

The Legibility of TV-Subtitles for the Elderly and Visually Impaired, J.J. Neve and A.J.W. Jenniskens

Reading Skills, Reading Training and Technology for the Visually Handicapped - Prospects for the 1990es, Ö. Bäckman

Reading Training - Four Cases, S. Ighe

Reading with Hand Magnifiers, V.P. Fotinakis and C.M. Dickinson

"Why do Low Vision Patients still read Slowly with a Low Vision Aid?", N.J. Rumney and S.J. Leat

Reading and Vertical Magnification with Retinitis Pigmentosa, L.A. Spitzberg, G.L. Goodrich and A.M. Perez-Franco

Rate and Comprehension Reading Skills in Individuals with Macular Degeneration, G.R. Watson and S.G. Whittaker

Rehabilitation of Visual Impairments in Patients with Brain Damage, J. Zihl

Revalidation on Homonymous Hemianopic Patients, A. Neetens

The Relationship between the Restricted Functional Near Visual Field of Partially Sighted Children and Reading Problems, R.K. Crisp

Part IV

The Practognostic Organization of Objects in the Immediate Environment. Applications with Young Visually and Multihandicapped Visually Impaired Children, L. Dewerchin

Stimulation of the Visual Possibilities in the Dark Room by Means of Black Light and Other Lightsources, L. Meeus

Visual Stimulation of Developing Humans, M.J. de Vries and M. Dik

LILLY & GOGO Multimodally Stimulating Materials, G. Jaritz, L. Hyvaerinen, H. Schaden

Developing Visual Training Programs on an IBM PC compatible microcomputer, M. Vallender

How should Computers be Used in the Visual Training of Young Visually Impaired Children?, N. Bozic

Computer Programs for Visually Impaired Pre-school Children, J. Hammarlund
3 Rehabilitation of Visual Impaired People

Part I
The Therapeutic Toddler Group for Visually Impaired Pre-schoolers,
  *J.J.W. van der Burg* 347
A Different Family, Having a Young Visually Impaired Child (= V.I.C.) and
  the Developments in a Family, *E. Bonamie, L. van Belle* 350
Insight into Visual Impairment, *P.L. Looijestijn* 354
Developing a “Pupil Monitoring System” for Visually Handicapped,
  *F. Grevink, E. Vervaart and A. Withagen* 358

Part II
The Integration of Visual Guidance in Education and Teaching, *L. Meeus* 362
Visual Support to Multiply Visually Impaired Children in Learning Little
  Tasks, *B. Andries* 366
Playtherapy for Partially Sighted Children, *C.J. van Gendt-van Evert* 369

Part III
Social, Political and Organisational Conditions for the Efficacy of Research
  Activities for the Partially Sighted, *T. Walraven* 372
Do Persons with Low Vision have Special Rights?: A Challenge for Service
  Providers and An Opportunity for Consumers, *A.L. Corn* 376
Grown Up and Visually Handicapped, *A. Bergsten Brucefors* 385
Psychological Adjustment to Sight Loss: A Structural Model, *A.G. Dodds,
  H. Flannigan, L. Ng and L. Yates* 388
Visual Impairment and Eating Disorders, *A.J. van de Wege* 392
Visually Impaired Studying at the University of Karlsruhe (Germany),
  *U. Lehnerer* 396
The Place of Low Vision Devices for Students in Schools for Blind in Kenya
  and Uganda, *J. Silver and C. Gilbert* 400
An Assessment of the Visual Status of Guide Dog Owners in Northern Ireland,
  *A.J. Jackson, P.J. Murphy, T. Dusoir, H. Dusoir, A. Murdock,
  E. Morrison and V. Reid* 404
Meet the Elderly, *P. Verstraten* 408
Social-emotional Aspects in a Sample of Young Persons with Usher’s
  Syndrome Type I,
  *L. Vermeulen and J. van Dijk* 411

Part IV
Benefits to Clients arising from the Provision of Audiology Services within
  the Low Vision Clinic, *R. Osborn and C. Myers* 415
Some Results of Cochlear Implants in 4 Persons with Usher’s Syndrome
  Type I, *L. Vermeulen, J. van Dijk, H. Hinderink and P. van den Broek* 419
Effects of Training Assertive Behaviour in Groups of Visually Handicapped
  Adults, *R. Hakkens* 423
Teaching Social Skills through a Social Use of Language Programme,
  *J. Stockley* 430
Finding Employment for Visually Impaired People in the Netherlands,
  *M. Dijkstra and P. Schotel* 437
Quantitative Motor Diagnostics with Blind and Visually Impaired Children by
  Means of the Physical Coordination Test for Children, *A.M. Reimer,
  M. Siemonsma-Boon and B. Smits-Engelsman* 441
The Attitude of Family or Friends towards Orientation and Mobility Training,  
*D. Seybold and M. Gleeson*  
444

Mobility Programs: Clients with Vision and Intellectual Impairments,  
*D. Gallimore and K. Fairbairn*  
449

452

Visually and Mentally - Multihandicapped Children and Adults: Training Programmes of Activities of Daily Living, *G.W. van Delden and N.J. Lopes Cardozo-Hoogwater*  
456

One Bowls Player's Vision Problems Solved, *H. Obstfeld*  
461

### 4 Integral Rehabilitation Model

**Part I**

Evaluation of Low Vision Rehabilitation Using Individual Program Plans,  
*C. Myers*  
467

Evaluation of the Effects of Service Assistance at the Visual Advice Centre Eindhoven (VAC), *C.A. Buijk*  
470

A Study on Vision Rehabilitation Effectiveness, *G. Walczak*  
477

A Survey of the Utilization of Rehabilitation Services by the Visually Impaired Elderly Population, *J. Gresset and M. Baumgarten*  
481

Low Vision Care: Is Ongoing Assessment Really Necessary?, *H.G. Robbins*  
485

Are Low Vision Aids still used Six Months after Prescription?, *J.J. Neve, F.F. Jorritsma, J. Damkot and V. Streefland*  
494

**Part II**

Domiciliary Follow Up in Low Vision Care, *P. Muirhead*  
498

Low Vision Services in the Context of Vision Rehabilitation, *S. Stuen*  
502

Rehabilitation of Visually Impaired Children in China, *B. Sun and S. Zhang*  
506

510

The Visual Advice Centre Eindhoven, An Experiment in Dutch Low Vision Care, *J.J. Neve, F.F. Jorritsma and G.F. Kinds*  
512

Meeting the Needs of a Geographically Isolated Paediatric Low Vision Population, *J. Bevan and B. Caskey*  
516

**Part III**

The ICIDH as a Basis for a Uniform Language in Rehabilitation,  
*D. van Ravensberg, H. Halbertsma, Y. Heerkens and W. Brandsma*  
521

An Interdisciplinary Model for the Rehabilitation of Visually Impaired and Blind People, *C. van Hof*  
527

Suggestions for the Classification of Impairments and Disabilities of Low Vision, *P.L. Looijestijn*  
535

Visual Acuity Measurements for Low Vision, *A. Colenbrander*  
542

552

A Method to Evaluate and Rehabilitate the Functional Vision of Visually Impaired People, *C. de la Porte des Vaux, C. Holzschuch, J.P. Menu and C. Corbe*  
562

Quantitative Evaluation of Visual Function: An Overview, *L. Hyvärinen*  
567
Functional Diagnosis and Rehabilitation in Proposals for an Information Support System for the Treatment of the Visually Disabled, *M. Campo and A. Testa* 575
Optometric Involvement in Low Vision Training, *J.G. Levitt and S. Ighe* 584
The Importance of Social Work with the Multidisciplinary Assistance of the VAC-E, *M.A.L.P. van Rooy* 588
The Graduate of Poland's First Program in Vision Rehabilitation — a Follow-Up Survey, *A. Adamowicz-Hummel* 592
