

Medical Management and Computing

Proceedings of the
Second Annual Conference

American Association for Medical Systems and Informatics

AAMSI

Volume 2
October 21-23, 1983
Baltimore, Maryland

UB/TIB Hannover 89
112 875 416

TOC

Conference Chairman: Frank M. Holden, M.D.
Proceedings Editor: Ben T. Williams, M.D.

Contents

Foreword	<i>William A. Bauman, M.D.</i>	iii
Acknowledgments	<i>Frank M. Holden, M.D.</i>	iv
Preface	<i>Ben T. Williams, M.D.</i>	v
Plenary Session		
KEYNOTE ADDRESS--The computer as an asset in facilitating medical care, quality control and cost containment	<i>Victor E. Pollak, M.D.</i>	1
Local area networks	<i>Thomas C. Rindfleisch, M.S.</i>	2
The future of health care under DRGs	<i>David A. Wagner, M.A.</i>	3
Computer Literacy Training: How is it being done?		
An institution-wide program for training faculty and students in the use of the computer within the health care system	<i>J.B. Mathews, Ph.D.</i>	4
Computer literacy integrated into a course on medical technology	<i>Michael Anbar, Ph.D.</i>	7
Computer-based education design strategies for the Plato Staywell lifestyle change program	<i>C.C. Lau, Ph.D., P.P. Hall, B.S., R.N.</i>	9
Models for developing computer assisted clinical management simulations	<i>Max D. Miller, Ed.D.</i>	12
Mental Health Applications: A sampling of the many avenues that beckon		
Data protection in mental health information systems	<i>Sharyn B. Greberman, M.H.S.</i>	17
PRAT: A real time multidimensional scaling assessment of object relations for psychotherapy	<i>Lydia Temoshok, Ph.D., Rex S. Green, Ph.D.</i>	22
Administration and Cost Control		
Facing the problems of power and control in planning a multi-user MIS: A technical solution	<i>M. Charles Bernstein, Henry D. Borawski, Joseph Mazel.</i>	26
Management data for clinical departments	<i>M.S. Hildebrand, C.P. Ostrowski, R.N.</i>	29
The use of nursing task database in implementation of diagnosis related grouping cost accounting	<i>Sheila Lenkman, R.N., M.H.A., C.N.A.A.</i>	32
The patient abstract database: A multipurpose interactive system for a hospital corporation	<i>Victor Van De Moortel, Pauline Reisner.</i>	36
The new environment for clinical management--the impact of DRG based reimbursement	<i>M. Loyd Cunningham, M.H.A.</i>	41
From the warm body syndrome to rational staffing and other benefits of a computerized nursing management information system	<i>Linda J. Mason, R.N.</i>	44
Clinical Consultant Systems		
Synonym thesaurus and pattern recognition capabilities in a microcomputer based system for filing and retrieving medical information	<i>Charles Beauchamp, M.D., Ph.D.</i>	47
The triage of discrete skin lesions by microcomputer	<i>Galen B. Cook, M.D., F.A.C.S.</i>	50
A definition and framework for computer literacy	<i>Steven Evans</i>	52
Medical decision support in a large state mental hygiene system	<i>George Conklin, James Robinson, Carole Siegel, Judith Rettig</i>	56
A microcomputer consultation system for self-adjustment of insulin dosage	<i>N. Pernick, M. Beveridge, M.L. Jaffe, R. Parker, D. Rodbard.</i>	62
Computer aids in neurological diagnosis	<i>Robert A. Lew, Ph.D., David A. Drachman, M.D.</i>	68
Medical plan-analysis and the management of essential hypertension	<i>Perry L. Miller, M.D., Ph.D., Henry R. Black, M.D.</i>	72
Vendor/User Dialogue		
The use of microcomputers in private practice	<i>Alicia O. Sorondo, B.S.</i>	75
DIMES: A pharmacotherapy decision-support system	<i>Richard A. LaBrie, Ed.D.</i>	78
A 'paperless' office management system	<i>Dennis J. Gleason, C.P.A., Bruce W. Armstrong, M.D.</i>	81
Cost benefit analysis of DUCHESS in a primary care practice	<i>Stephen C. Lloyd, M.D., Ph.D.</i>	84

Database Systems in Patient Care

- Computer-assisted patient care management
June E. Bedford, Elaine J. Alpert, M.D., Max Ribers, Donald C. Kern, M.D., M.P.H. 87
- Designing for flexibility in a vision clinic patient records data base *William L. Flack* 92
- A computerized EMG data management system
Michael H. Rivner, M.D., Kenneth C. Reese, William Hamilton, D.O., Thomas R. Swift, M.D. 95
- A database for the management of clinical and technical information from NMR imaging
Ronald Summers, B.A., Leon Axel, Ph.D., M.D. 99
- Patient functional assessment as management information: A rehabilitation client management information system *Ernest F. Steidle* 102
- A computerized consultation system on Alzheimer's disease.
Joel Saltz, M.A., Roger Smith, M.A., Constance Saltz, Ph.D., Mark Komrad, M.D., Donald Loveland, Ph.D., Jeffrey Leiser, B.A., Judith Roberts, B.A., Kristen Kindel, R.N. 105

Hospital Computer Network Applications

- Introduction: Some fundamental concepts and terms *Robert C. Morris, Ph.D.* 109
- Broadbanding a hospital
Laurens V. Ackerman, M.D., Ph.D., Steven R. Lund, Fred B. Thelander, Jay Zerwekh 114

Integrated Clinical and Administrative Systems

- Design and implementation of a decision support system for hospital clinical and administrative management *Timothy Weddle, Stanley Jaworski.* 120
- Building and using a hospital analytical data base *Ann Stunden.* 126
- Analysis of health care assisted by a microcomputer
Kathryn H. Clark, Anthony S. Clark, M.S., Wylie C. Hembree, M.D. 129
- Use of a service-oriented microcomputer system in an ambulatory pediatric practice
Rise Nigro, B.A., Robin Napier, B.A., Carron Maxwell, M.P.H., Herbert Philipsborn, M.D. 133
- Alternative hospital approaches to the application of clinical/financial episode data in clinical decision-making *Janet M. Corrigan* 136

Epidemiology Systems and Quality Assurance

- A proposed dental management information system for the U.S. Navy
LCDR Frederick M. Knox, MSC, USN, Steve Blais. 139
- Ambulatory pediatric assessment: A computerized system for nurses
Mary B. Walker, Ed.D., R.N. 143
- Computerized ambulatory data capture: In-office epidemiology -A Review-
Julian H. Fisher, M.D. 145
- Design of an automated dental epidemiology system *LCDR Mark Diehl, DC, USN.* 149

Computerization of Medical Records

- What problems need to be solved before there is a widespread automation of medical records in a physician's office *John M. Long, Ed.D.* 153
- Description of an automated medical record system for a medical unit serving a medium size industrial facility
W.B. Forsyth, M.D., Edward Mead, T. Berent, R.N., P.J. Clark 157
- An automated medical records correspondence logging system *Carl E. Helm, Ph.D.* 162
- "MERDOC" The medical record documentation center project quality control in the production of a medical record database
Stephen D. Kuslich, M.D., Cynthia Peck, A.R.T., Carol D. Valentine, R.R.A. 165
- Natural language text searches in autopsy pathology: Role of non-abelian symbolic logic
G. William Moore, M.D., Ph.D., Grover M. Hutchins, M.D., Robert E. Miller, M.D. 169

Laboratory Information Systems

- Cost analysis of clinical laboratory procedures *James R. O'Bryan, M.A.* 174
- Smart laboratory management with a dumb terminal interface
Robert C. Drye, Jr., Edward H. Turpin, J. Robert Beck, M.D. 178

Telematics and Health Care Systems Needs

The design and use of a rapid information transmission system for public health agencies *Andrew T. Sumner, Sc.D.* 181

Making information computer-accessible: Why and how? *Surachai Suthasinekul, Ph.D.* 184

The potential of telecomputing in adverse drug reaction surveillance:
The zomepirac (Zomax) experience and the AAMSI medical forum
James F. Marx, R.N., John L. Zimmer, M.D., Gordon C. Black, M.H.A. 187

AAMSI Professional Specialty Program

Introduction. 191

PSG-2 Nursing Professional Specialty Group *Carol Ostrowski, R.N.* 193

PSG-5 Self-Care Health Systems *Donald M. Vickery, M.D.* 194

PSG-8 Automated Health Risk Appraisal *Gordon C. Black, M.H.A.* 195

PSG-9 Health Assessment of the Elderly and Automated Systems for the Older American *Morris A. Mann, M.D.* 196

PSG-11 Mental Health Systems *Rex S. Green, Ph.D., James H. Johnson, Ph.D.* 197

PSG-14 Automated Encoding of Medical Information *E.R. Gabrieli, M.D.* 199

PSG-16 Clinical Information Systems for Small Hospitals and Extended Care Facilities *George S. Shields, M.D.* 200

PSG-18 Automated Systems for Emergency and Critical Care *Douglas A. Rund, M.D.* 201

PSG-22 Imaging in the 80s: Selected Topics *Melvyn Greberman, M.D., M.P.H.* 202

PSG-25 Advanced Systems Support for Internal Medicine *Robert E. Bolinger, M.D.* 203

PSG-29 Computers in Dentistry *John L. Zimmerman, D.D.S.* 204

PSG-32 Vendor/User Dialogue and Evaluation *Burton Kaplan, M.H.A.* 205

PSG-36 Preventive Medicine and Public Health Systems *Andrew T. Sumner, Sc.D.* 206

PSG-43 Topics in Health Marketing *Sharyn B. Greberman, M.H.S.* 207

PSG-45 Software Exchange *Richard F. Walters, Ph.D.* 208
