PROCEEDINGS
OF THE
TWENTY-SECOND ANNUAL INSTITUTE ON COAL MINING HEALTH,
SAFETY AND RESEARCH

BLACKSBURG, VIRGINIA
AUGUST 26-28, 1991

SPONSORING ORGANIZATIONS:

DEPARTMENT OF MINING & MINERALS ENGINEERING
VIRGINIA POLYTECHNIC INSTITUTE & STATE UNIVERSITY

MINE SAFETY AND HEALTH ADMINISTRATION
U.S. DEPARTMENT OF LABOR

BUREAU OF MINES
U.S. DEPARTMENT OF THE INTERIOR

EDITED BY:

Edward Hugler
Mine Safety and Health Administration
U.S. Department of Labor

Alex Bacho
Bureau of Mines
U.S. Department of The Interior

Michael Karmis
Department of Mining and
Minerals Engineering
Virginia Polytechnic Institute
and State University

# TABLE OF CONTENTS

**ACKNOWLEDGEMENTS** ................................................................. iii

**INTRODUCTION** ........................................................................... v

**1991 CONFERENCE ORGANIZATION**

Advisory and Planning Committee ................................................. vi
Executive Committee .................................................................. vii

**KEYNOTE ADDRESS** ................................................................. 1

Richard Lawson, President, National Coal Association

**TECHNICAL SESSION I: HEALTH ISSUES** ................................. 11

"Air Quality in Coal Mines,"
Robert A. Thaxton .................................................................. 13

"MSHA Air Quality Proposal: An Industry Viewpoint,"
B. R. Roy .................................................................................. 19

"Research Needs for Controlling Hazardous Substances
and Toxic Materials in the Mining Industry,"
Robert A. Jankowski, Steven J. Page and J. Drew Potts .............. 25

"What is the Standard for Air Quality Standards?"
James L. Weeks ........................................................................ 29

**TECHNICAL SESSION II: JOB SAFETY ANALYSIS** .................. 35

A panel discussion ..................................................................... 35

"JSA in Virginia," Harry D. Childress ........................................... 37

"Job Safety Analysis in Kentucky," Carl Ankrom .......................... 43

"Opening Remarks, J.S.A. in Pennsylvania," T.J. Ward, Jr. ............ 47
TECHNICAL SESSION III: DIESELS ........................................ 49

"Just Do It--The Diesel Way," William Murray ......................... 51

"Risk Assessment: A Key Step in Cancer Prevention," James L. Weeks ......................... 57

"Diesel Particulates in the Underground Environment: Assessment of Risk and Control," Peter M. Turcic ......................... 65

"Measurement and Control of Diesel Exhaust Aerosol," Bruce K. Cantrell, Robert W. Waytulonis, and Jeffrey L. Ambs ......................... 73

AWARD ........................................ 87

LUNCHEON SESSION ........................................ 91

Peter B. Lilly, President, Kerr-McGee Coal Corporation
"State of the Coal Industry" ........................................ 93

TECHNICAL SESSION IV: RECENT DEVELOPMENTS ......................... 99

"Health and Safety Issues Related to Extended Longwalls," Edward D. Thimons, Robert A. Jankowski, and Gerald L. Finfinger ......................... 101

"Coping with Spontaneous Combustion Problems at the No. 5 Mine of Jim Walter Resources," J. W. Stevenson and T. E. McNider ......................... 113

"Ground Control in Multi-Seam Mining," C. Haycocks ......................... 123
